Gender Myths and Feminist Fables Andrea Cornwall, Elizabeth Harrison, Ann Whitehead, 2009-02-23 This collection brings together leading feminist thinkers who examine the struggles for interpretive power which underlies international development Questions why the insights from years of feminist gender and development research are so often turned into gender myths and feminist fables women are more likely to care for the environment are better at working together are less corrupt have a seemingly infinite capacity to survive Explores how bowdlerized and impoverished representations of gender relations have simultaneously come to be embedded in development policy and practice Traces the ways in which language and images of development are related to practice and provides a nuanced account of the politics of knowledge production Argues that struggles for interpretive power are not only important for our own sake but also for the implications they have for women s lives worldwide An informed analysis of how gender has been transformed in its transfer into development policy and how many authors are now revisiting and reflecting on their earlier work

Power, Profits, and Patriarchy William G. Staples, Clifford L. Staples, 2001 This book tracks changes in the character of industrial organization and labor relations at a British metal trades firm It examines the capacity of both owners and workers to defend their interests in the production process and looks at the political ideological and rhetorical means by which those interests were articulated regulated and promoted By examining the materiality of production with its ideological cultural and political moments this book offers new insight on the nature of work and on social and class relations

c Book News Inc Dialogue and Difference M. Waller, S. Marcos, 2016-09-27 Calling for inclusion and dialogue these essays by an international group of feminist scholars and activists stress the need to put into relation seemingly discrepant approaches to reality and to scholarship in order to build coalitions across the usual North South and East West divides This diverse group of authors who spent fourteen weeks working collaboratively dispense with unity and seek instead to use
