Stephen Grant Meyer

Pearl City Florida A Black Community Remembers:

Pearl City, Florida Arthur S. Evans, David R. Lee, 1990 *African American Sites in Florida* Kevin M. McCarthy, 2019-07-24 African Americans have risen from the slave plantations of nineteenth century Florida to become the heads of corporations and members of Congress in the twenty first century They have played an important role in making Florida the successful state it is today This book takes you on a tour through the 67 counties of the sites that commemorate the role of African Americans in Florida s history If we can learn more about our past both the good and the not so good we can make better decisions in the future Behind the hundreds of sites in this book are the courageous African Americans like Brevard County s Malissa Moore who hosted many Saturday night dinners to raise money to build a church and Miami Dade s Gedar Walker who built the first rate Lyric Theater for black performers And of course also featured are the more famous black Floridians like Zora Neale Hurston Jackie Robinson Mary McCleod Bethune and Ray Charles **Black Genesis** James M. Rose, Alice Eichholz, 2003 Designed with both the novice and the professional researcher in mind this text provides reference resources and introduces a methodology specific to investigating African American genealogy In the second edition information has been reorganized by state Within each state are listings for resources such as state archives census records military records newspapers and manuscript collections **The Harvard Guide to African-American History** Evelyn Brooks Higginbotham, 2001 This massive guide sponsored by the W E B Du Bois Institute for Afro American Research at Harvard University and compiled by renowned experts offers a compendium of information and interpretation on over 500 years of black experience in America *The Fruits of Their Labor* Cindy Hahamovitch, 2010-06-23 In 1933 Congress granted American laborers the right of collective bargaining but farmworkers got no New Deal Cindy Hahamovitch s pathbreaking account of migrant farmworkers along the Atlantic Coast shows how growers enlisted the aid of the state in an unprecedented effort to keep their fields well stocked with labor This is the story of the farmworkers Italian immigrants from northeastern tenements African American laborers from the South and imported workers from the Caribbean who came to work in the fields of New Jersey Georgia and Florida in the decades after 1870 These farmworkers were not powerless the author argues for growers became increasingly open to negotiation as their crops ripened in the fields But farmers fought back with padrone or labor contracting schemes and work or fight forced labor campaigns Hahamovitch describes how growers efforts became more effective as federal officials assumed the role of padroni supplying farmers with foreign workers on demand Today s migrants are as desperate as ever the author concludes not because poverty is an inevitable feature of modern agricultural work but because the federal government has intervened on behalf of growers preventing farmworkers from enjoying the fruits of their labor *Rastafari* Barry Chevannes, 2015-02-25 The first comprehensive work on the origins of the Jamaica based Rastafaris including interviews with some of the earliest members of the movement Rastafari is a valuable work with a rich historical and ethnographic approach that seeks to correct several misconceptions in

existing literature the true origin of dreadlocks for instance It will interest religion scholars historians scholars of Black studies and a general audience interested in the movement and how Rastafarians settled in other countries The Historical Geography of African American Frontier Settlement David Joseph Organ,1995 *As Long as They Don't Move Next Door* Stephen Grant Meyer,2000 Despite the commonly held perception that most northern citizens embraced racial equality *As Long As They Don t Move Next Door* graphically demonstrates the variety of methods used by whites to thwart the racial integration of their neighborhoods *The New Middle Classes* Arthur J. Vidich,2016-07-27 This volume is designed first to provide a theoretical orientation and historical perspective on the rise of the middle classes in modern civilization and second to portray the social and political roles these classes have played and continue to play in the United States over the past century with particular reference to the American class structure and political economy Our method is necessarily both historical and sociological and offers an orientation for understanding contemporary American society The essays included here were written between 1926 and 1982 they reveal both the genealogical development of sociological thought about the middle classes and the substantive content of these classes life styles status claims and political orientations The present work stresses empirical studies and puts forth neither a theoretical interpretation nor a conceptual taxonomy rather it delineates the emergence and the social and political significance of the new middle classes in relation to the classes above and below that preceded them The Book Lover's Guide to Florida Kevin M. McCarthy,1992 Here is the book lover s literary tour of Florida an exhaustive survey of writers books and literary sites in every part of the state The state is divided into ten areas and each one is described from a literary point of view You will learn what authors lived in or wrote about a place which books describe the place what important movies were made there even the literary trivia which the true Florida book lover will want to know You can use the book as a travel guide to a new way to see the state as an armchair guide to a better understanding of our literary heritage or as a guide to what to read next time you head to a bookstore or library Publisher *The Dispossessed* Jacqueline Jones,1992-04-14 On poverty in the United States **The Impossibility of Religious Freedom** Winnifred Fallers Sullivan,2018-04-24 The Constitution may guarantee it But religious freedom in America is in fact impossible So argues this timely and iconoclastic work by law and religion scholar Winnifred Sullivan Sullivan uses as the backdrop for the book the trial of Warner vs Boca Raton a recent case concerning the laws that protect the free exercise of religion in America The trial for which the author served as an expert witness concerned regulations banning certain memorials from a multiconfessional nondenominational cemetery in Boca Raton Florida The book portrays the unsuccessful struggle of Catholic Protestant and Jewish families in Boca Raton to preserve the practice of placing such religious artifacts as crosses and stars of David on the graves of the city owned burial ground Sullivan demonstrates how during the course of the proceeding citizens from all walks of life and religious backgrounds were harassed to define just what their religion is She argues that their plight points up a shocking truth religion cannot be coherently defined for the

purposes of American law because everyone has different definitions of what religion is. Indeed, while religious freedom as a political idea was arguably once a force for tolerance, it has now become a force for intolerance. She maintains a clear-eyed look at the laws created to protect religious freedom; this vigorously argued book offers a new take on a right deemed by many to be necessary for a free democratic society. It will have broad appeal not only for religion scholars but also for anyone interested in law and the Constitution. Featuring a new preface by the author, *The Impossibility of Religious Freedom* offers a new take on a right deemed by many to be necessary for a free democratic society. [Afro-Americana Acquisitions](#)

University of Illinois at Urbana-Champaign. Library. Afro-Americana Unit, 1993. **The News-letter of the Society for the Study of Southern Literature** Society for the Study of Southern Literature, 1987. [America, History and Life](#), 1993

Provides historical coverage of the United States and Canada from prehistory to the present. Includes information abstracted from over 2,000 journals published worldwide. [The Florida Handbook, 1993-1994](#) Allen Morris, Morris Allen, 1993. **The**

Florida Handbook, 2005. *Explorations in Sights and Sounds*, 1993. *The Florida Historical Quarterly*, 1991-07

Guide to Books on Black Americans G. P. Manat, 1995. This book presents 2322 full citations of books from 1990-1993 including subject headings of books dealing with Black Americans.
