Perspectives On Imperialism And Decolonization Essays In Honour Of A F Madden:

Perspectives on Imperialism and Decolonization R. F. Holland, G. Rizvi, 2013-10-15 First published in 1984 These essays have been collected to mark the retirement of Freddie Madden The contributors have at various times been associated with him either as pupils or colleagues during his four decades at Oxford Their articles in the diversity of subject matter and time span which they encompass reflect the catholic historical sympathy which was always Freddie Madden's hallmark as a historian whilst their coherence around the central theme of the growth and demise of Western empire testify to the vitality of that imperial historiographic tradition which was the preeminent concern of his activities both as teacher and scholar

Perspectives on Imperialism and Decolonization R.F. Holland, G. Rizvi, 2023-05-03 Perspectives on Imperialism and Decolonization 1984 is a key collection of essays that analyse from many sides the growth and demise of Western imperialism They examine imperial history the experience of imperialism and offer new thoughts on British decolonization Theory and Practice in the History of European Expansion Overseas R. F. Holland, Andrew Porter, Ronald Robinson, 2005-08-12 First Published in 1988 Routledge is an imprint of Taylor Francis an informa company **Party Politics and Decolonization** Philip Murphy, 1995-02-23 Making a clear distinction between the Conservative party and the machinery of government over which Conservative ministers presided Dr Murphy examines how the party itself exercised a direct influence over the struggle for power between competing interest groups within the African colonies Liberal Ideals and the Politics of Decolonisation H. Kumarasingham, 2020-11-25 Liberal Ideals and the Politics of Decolonisation explores the subject of liberalism and its uses and contradictions across the late British Empire especially in the context of imperial dissolution and subsequent state building The book covers multiple regions and issues concerning the British Empire and the Commonwealth in particular the period ranging from the late nineteenth century to the late twentieth century Original intellectual contributions are offered along with new arguments on critical issues in imperial history that will appeal to a wide range of scholars including those outside of history Liberal Ideals and the Politics of Decolonisation exposes commonalities contradictions and contexts of different types of liberalism that animated the late British Empire and its rulers radicals subjects and citizens as they attempted to forge new states from its shadow and understand the impact of imperialism This book examines the complexities of the idea and quest for self government in the last stages of the British Empire It also argues the importance of the political intellectual and empirical aspects of liberalism to understand the process of decolonisation The chapters in this book were originally published in a special issue of The Journal of Imperial and Commonwealth History *Cyprus from Colonialism to the Present: Visions and Realities* Anastasia Yiangou, Antigone Heraclidou, 2017-12-01 This volume is published in honour of the acclaimed work of Robert Holland historian of the British Empire and the Mediterranean and it brings together essays based on the original research of his colleagues former students and friends The focal theme is modern Cyprus on which much of Robert Holland's own history writing was concentrated for

many years The essays analyse British rule in Cyprus between 1878 and 1960 and especially the transition to independence the coverage however also incorporates the post colonial era and the construction of present day dilemmas The Cypriot experience intertwines with Anglo Hellenic relations generally so that a section of the book is devoted to those aspects that have been central to Robert Holland s sustained contribution The essays explore inter alia historiography social history economics politics ideology education and the 2013 financial crisis Taken as a collection the essays serve as an appropriate tribute to Robert Holland as well as an innovative addition to the existing historiography of colonial and post colonial Cyprus They will be of great interest to anyone interested in Imperial and Commonwealth History Anglo Hellenic relations and the Eastern Mediterranean in the nineteenth and twentieth centuries *The British Left and India* Nicholas Owen,2007-11-15

From the formation of the Indian National Congress in 1885 to the winning of independence in 1947 this book traces the complex and often troubled relationship between anti imperialist campaigners in Britain and in India Nicholas Owen traces the efforts of British Radicals and socialists to identify forms of anti imperialism in India which fitted comfortably with their existing beliefs and their sense of how authentic progressive movements were supposed to work On the other side of the relationship he charts the trajectory of the Indian National Congress as it shifted from appeals couched in language familiar to British progressives to the less familiar vocabulary and techniques of Mahatma Gandhi The new Gandhian methods of self reliance had unwelcome implications for the work that the British supporters of Congress had traditionally undertaken leading to the collapse of their main organisation and the precipitation of anti imperialist work into the turbulent cross currents of left wing British politics Metropolitan anti imperialism became largely a function of other commitments whether communist theosophical pacifist socialist or anti fascist Revealing the strengths and weaknesses of these connections *The British Left and India* looks at the ultimate failure to create the durable alliance between anti imperialists which the British Empire s governors had always feared Drawing on a wide range of newly available archival material in Britain and India including the records of campaigning organizations political parties the British government and the imperial security services this book is a powerful account of the diverse and fragmented world of British metropolitan anti imperialism *British Imperial Policy and Decolonization, 1938-64* Andrew Porter,A. J. Stockwell,1989-06-12
