**The Trinitarian Dance** Sharon Tam, 2015-02-02 The Trinitarian Dance presents a model of leadership development based on the Holy Trinity Part one analyzes the present state of the cultural and ecclesiastical situation in Canada identifying specific trends and aspects relating to the need for development of effective leadership in the church This section sets the stage for Part two where a theology of trinitarian leadership is developed based on the dynamic of perichoresis with the motif of a dance used to present a paradigm of transformational leadership Part three offers church based strategies for leadership development concluding with a creative application of the doxological formula that captures the thrust of the entire book and leads it to a finale that includes a benediction of hope for the church through this leadership model **Evangelicals and the Continental Divide** Samuel Harold Reimer, 2003 In Evangelicals and the Continental Divide Sam Reimer finds surprising levels of uniformity among evangelicals on both sides of the border He shows that both American and Canadian evangelicals share highly similar religious identities central beliefs moral and subcultural boundaries and social attitudes Reimer found that American evangelicals did not distinguish themselves through greater conservatism or greater commitment but did connect politics and faith to a much greater extent than their Canadian counterparts while evangelicals in Canada evinced greater tolerance He argues that these differences point to an enduring importance of national historical and cultural differences whereas regional differences are not as significant Using data obtained from 118 in depth interviews with evangelicals in both countries as well as a representative poll of 3 000 Canadians and 3 000 Americans Reimer details the inner workings of the evangelical subculture and gives us an understanding of evangelical similarities and differences across the two nations For Canada's Sake Gary Miedema, 2005-12-19 Breaking away from the traditional analysis of church policy sermons and clerical scholarship For Canada s Sake presents an exemplary analysis of the meaning behind religiously informed public celebrations and rituals such as centennial hymns and prayers and Expo pavillions Miedema argues that the 1967 celebrations reveal the continued importance of religion to Canadian public life showing that a waning Christian Canada was being replaced by an officially interfaith country The author throws into bold relief the varied attempts of government officials and religious leaders to come to terms with new Canadian and global realities as well as the response of Canadians to their own increasing religious diversity The Church on the World's Turf Paul A. Bramadat, 2000-06-29 Is it possible for conservative Protestant groups to survive in secular institutional settings Here Bramadat offers an ethnographic study of the Inter Varsity Christian Fellowship IVCF at McMaster University a group that espouses fundamentalist interpretations of the Bible women s roles the age of the earth alcohol consumption and sexual ethics In examining this group Bramadat demonstrates how this tiny minority thrives within the overwhelmingly secular context of the University **Cultural Change & Your Church** Michael Pocock, Joseph Henriques, 2007-02-01 In our communities composed of people from various cultures countries and backgrounds where does the church stand How representative is it

And how can local churches best minister and evangelize within an increasingly multicultural society Cultural Change and Your Church is an invaluable resource for understanding the transformation of our cultural landscape and most importantly for learning how to embrace the resulting opportunities to minister to all people Michael Pocock and Joseph Henriques consider the Bible s examples and teaching related to diversity introduce several churches currently modeling cross cultural ministry and suggest hands on ways for church leaders to encourage change and proactive thinking **Family in Mission** Johannes Reimer,2020-06-30 Innumerable books have been written about successful outreach and evangelism yet almost none address the centrality of the family as God s intended vehicle for experiencing life community and growth In this timely and powerful book Johannes Reimer urges us to rediscover the family as a primary agent for mission in the world Offering both a theological and practical foundation for understanding the role and significance of families in the vocation of the church this book also provides creative ideas for implementing a family centered praxis that offers preparation and support to families living out their calling to make Christ known To ignore the family Reimer warns is to ignore the church s greatest resource for transmitting truth communicating love and embodying the gospel If we are to be effective in making disciples of all nations we must start in our own homes Tides of Opportunity Sadiri Joy Tira,Damples Dulcero-Baclagon,Lorajoy Tira-Dimangondayao,2024-05-21 Hope and Hospitality for Migrating People Never have so many people left their homes and migrated to other parts of the world as we ve seen in recent years This phenomenon creates as many opportunities as challenges We are witnessing a massive increase in urbanization pluralization multiculturalism and interfaith dialogue What are the implications for the church as it tries to reach the nations Tides of Opportunity brings together experts from diverse backgrounds to consider the practical significance of this mass migration The reasons for these population movements are as varied as the people Sadiri Joy Tira explores several causes like military conflict economic hardship and natural disasters The contributors not only explain such trends but suggest possible ways to engage with diaspora neighbors Through case studies this volume also examines lesser known dynamics such as sex trafficking and the movement of immigrants to rural areas This book challenges us to find more creative and integrated mission strategies for effectively reaching out to the various peoples on the move with the gospel How will you respond to the tides of opportunity **All God's People** David L. Smith,2004-02-06 All God s People A Theology of the Church sets out a corrective understanding of the nature of the church universal with a focus on implications for the church local The book is divided into three basic sections A Historical Theology of the Church surveys the history of theology of the church beginning with the early church the formative years for all Christian theology A Biblical Theology of the Church examines the Old Testament Gospels and apostolic sense of the people of God A Systematic Theology of the Church seeks to both systematize the biblical theology and synthesize it with contemporary thought Finally A Practical Theology of the Church concludes the work relating the book s lessons to the contemporary church climate Christianity and Ethnicity in Canada Paul Bramadat,David Seljak,2008-06-14 Over the past

decade scholars and policy makers interested in Canadian multiculturalism have begun to take religion much more seriously. Moreover, Christian communities have become increasingly aware of the impact of ethnic diversity on church life. However, until very recently, almost no systematic academic attention has been paid to the intersection between the ethnic and religious identities of individuals or communities. This gap in both our academic literature and our public discourse represents an obstacle to understanding and integrating the large numbers of ethnic Christians, most of whom either join existing Canadian churches or create ethnically specific congregations.

In *Christianity and Ethnicity in Canada*, eleven scholars explore the complex relationships between religious and ethnic identity within the nine major Christian traditions in Canada. The contributors discuss the ways in which changes in the ethnic composition of these traditions influence religious practice and identity, as well as how the nine religious traditions influence communal and individual ethnic identities. An introductory chapter by Paul Bramadat and David Seljak provides a thorough discussion of the theoretical, historical, and empirical issues involved in the study of Christianity and ethnicity in Canada. This volume complements *Religion and Ethnicity in Canada*, in which the authors address similar issues within the six major non-Christian communities in Canada and within Canadian health care, education, and politics.

**Paradise** Stanley Barrett, 1994-12-15. What was life like in the 1950s in small communities in Ontario? Lower class and upper class residents might have different memories of those days, but on one thing they would agree: it is a much different world in rural Ontario today. The old guard has lost most of its power, displaced partly by big brother in the form of bureaucracy and newcomers from the city in search of affordable housing, even if it means commuting daily to work. Unlike their British origin predecessors, the newcomers who have begun to appear in the countryside represent a wide range of ethnic and economic backgrounds. *Paradise* concentrates on the transformed class system of one community in rural Ontario. In a comparison of the decade following the First World War and the 1980s, Stanley R. Barrett analyses the changing face and structure of a town as it has had to adapt to modern social and economic realities. Particular attention is paid to the phenomenon of the commuter in search of affordable housing and the influx of immigrants of varied ethnic backgrounds and the interaction between these newcomers and long-term residents. What is striking is just how massive the changes in small-town Ontario have been since the Second World War, to the extent of almost obliterating long-assumed distinctions between rural and urban society.

Reclaiming a Nation Arnell Motz, 1990 Journal of Mennonite Studies, 2004 Review of Religious Research, 1996 *Canadiana*, 1991 **Discipleship Therapy** Albert H. Epp, 1993. A Kansan visited the church of his ancestors in Sweden. On Sunday, only ten of 800 members came to worship. The churches that gave Christianity to America are now writing their obituary unless we avoid their pitfalls. Dr. Epp sees one hope to disciple people within the church: Mt 28:18f, that is, to train followers like Jesus did his Twelve. Chapter 1 details the crippled church. The next chapters clarify foundational aspects of salvation following Christ, calculating cost. Chapters 5 to 11 accent the functional aspects of the church: sharing the faith, shining our lights via deeds of kindness, tapping into prayer.

power are themes that are underscored The exercise of forgiveness is taught as well as the need to relate to others in Christ like compassion Exciting examples punctuate each lesson Epp a Mennonite pastor discipler draws on 35 years of church experience how he discipled 128 men at his own house Chapter 11 The Healthy Church asserts that churches dare not drift aimlessly It cites Search Institute regarding the value of family religiousness church educational skills It insists that worship Bible study are best augmented with a network of small groups where caring accountability are experienced where peers minister to each other This calls for a biblical strategy The final chapter invites all church members to consider adopting 10 year goals in areas like giving sharing faith praying serving forgiving relating to others A Guide for Discussion Leaders is included in the book To order DISCIPLESHIP THERAPY contact Stairway Discipleship Box D Henderson NE 68371 402 723 4851 Price 12 95

**Des loups dans la bergerie** Jean-Louis Lalonde, 2002 *Beyond Hospitality* Charles A. Cook (PhD), Lorajoy Tira-Dimangondayao (BTh), Lauren Goldbeck (MA), 2020-06-17 The Canadian landscape continues to change as we welcome people from every corner of the world The church in Canada has historically been on the forefront of assisting new Canadians to settle in this country But is that enough The contributors to this book believe that it is time for the local church to move beyond acts of hospitality in order to engage with immigrants and welcome them into vibrant congregational communities This will mean working to understand the issues and challenges that new Canadians face in the process of re establishing their lives and building new relationships The contributors use a missional approach that draws on interdisciplinary research and analysis Beyond Hospitality seeks to help local congregations to become models of service and unity for our multicultural nation *Canadian Books in Print* , 1993 **The Christian Century** , 1915 *A Church with the Soul of a Nation* Phyllis D. Airhart, 2014-01-01 As Canadian as the maple leaf is how one observer summed up the United Church of Canada after its founding in 1925 But was this Canadian made church flawed in its design as critics have charged A Church with the Soul of a Nation explores this question by weaving together the history of the United Church with a provocative analysis of religion and cultural change
