

Reclamations Of Shakespeare

A. J. Hoenselaars

Reclamations Of Shakespeare:

Reclamations of Shakespeare A. J. Hoenselaars, 1994 Reclamations of Shakespeare ,2021-11-08 *The Author as Character* A. J. Hoenselaars, 1999 Many fictional works have real historical authors as characters Great national literary icons like Virgil and Shakespeare have been fictionalized in novels plays poems movies and operas This fashion might seem typically postmodern the reverse side of the contention that the Author is Dead but this collection of essays shows that the representation of historical authors as characters can boast of a considerable history and may well constitute a genre in its own right This volume brings together a collection of articles on appropriations of historical authors written by experts in a wide range of major Western literatures BOOK JACKET *Royal Power and Authority in Shakespeare's Late Tragedies* Alisa Manninen, 2015-10-05 William Shakespeare explores political survival as a question of interaction at court in King Lear Macbeth and Antony and Cleopatra Through a discussion of authority as an element that is distinct from power this book offers a new perspective on the importance of acts of persuasion and the contribution the late tragedies make to Shakespeare's portrayal of monarchy It argues that the most productive uses of the material power to judge or reward are those that reinforce royal authority and establish the monarch at the centre of the web of noble relationships In the late tragedies rulership is exercised at court It acquires a nature of its own as the interaction of powerful and potentially powerful individuals among the nobility The persuasive exercise of authority complements the tangible power that is founded on the monarch's material resources so that consent to the monarch's supremacy is obtained through various discourses of justification and the performance of the monarch's social role Shakespeare's combination of emotional intimacy with political concerns becomes central to the tragedies of these three plays when the failure to establish control over power and authority leads to the breakdown of established values and political traditions **Shakespeare's Letters** Alan Stewart, 2008-11-13 Shakespeare's plays are stuffed with letters 111 appear on stage in all but five of his dramas But for modern actors directors and critics they are frequently an awkward embarrassment Alan Stewart shows how and why Shakespeare put letters on stage in virtually all of his plays By reconstructing the very different uses to which letters were put in Shakespeare's time and recapturing what it meant to write send receive read and archive a letter it throws new light on some of his most familiar dramas Early modern letters were not private missives sent through an anonymous postal system but a vital sometimes the only means of maintaining contact and sending news between distant locations Penning a letter was a serious business in a period when writers made their own pen and ink letter writing protocols were strict letters were dispatched by personal messengers or carriers often received and read in public and Shakespeare exploited all these features to dramatic effect Surveying the vast range of letters in Shakespeare's oeuvre the book also features sustained new readings of Hamlet King Lear Antony and Cleopatra The Merchant of Venice and Henry IV Part One **Discourses of Service in Shakespeare's England** D. Evett, 2005-04-15 One way and another nearly all of Shakespeare's countrymen and women including the

playwright himself spent at least parts of their lives as servants of someone else But until now that fact has gone largely unregarded This book remedies the oversight by showing how the ideals and practices of early modern service affect dozens of characters in almost all the plays in ways that enrich our understanding of familiar figures like Iago and Falstaff and enhance the significance of lesser known people and events across the canon And it introduces an important concept volitional primacy into contemporary critical discourse Shakespeare's Literary Lives Paul Franssen,2016-01-21 In this book Franssen investigates the use of Shakespeare as a fictional character in different literary genres periods and cultures

The Shakespearean Death Arts William E. Engel,Grant Williams,2022-05-05 This is the first book to view Shakespeare's plays from the prospect of the premodern death arts not only the ars moriendi tradition but also the plurality of cultural expressions of memento mori funeral rituals commemorative activities and rhetorical techniques and strategies fundamental to the performance of the work of dying death and the dead The volume is divided into two sections first critically nuanced examinations of Shakespeare's corpus and then second of Hamlet exclusively as the ultimate proving ground of the death arts in practice This book revitalizes discussion around key and enduring themes of mortality by reframing Shakespeare's plays within a newly conceptualized historical category that posits a cultural divide at once epistemological and

phenomenological between premodernity and the Enlightenment **A Feminist Companion to Shakespeare** Dymphna Callaghan,2016-05-23 The question is not whether Shakespeare studies needs feminism but whether feminism needs Shakespeare This is the explicitly political approach taken in the dynamic and newly updated edition of A Feminist Companion to Shakespeare Provides the definitive feminist statement on Shakespeare for the 21st century Updates address some of the newest theatrical and creative engagements with Shakespeare offering fresh insights into Shakespeare's plays and poems and gender dynamics in early modern England Contributors come from across the feminist generations and from various stages in their careers to address what is new in the field in terms of historical and textual discovery Explores issues vital to feminist inquiry including race sexuality the body queer politics social economies religion and capitalism In addition to highlighting changes it draws attention to the strong continuities of scholarship in this field over the course of the history of feminist criticism of Shakespeare The previous edition was a recipient of a Choice Outstanding Academic Title award this second edition maintains its coverage and range and brings the scholarship right up to the present day **The Routledge**

Handbook of Shakespeare and Memory Andrew Hiscock,Lina Perkins Wilder,2017-08-09 The Routledge Handbook of Shakespeare and Memory introduces this vibrant field of study to students and scholars whilst defining and extending critical debates in the area The book begins with a series of Critical Introductions offering an overview of memory in particular areas of Shakespeare such as theatre print culture visual arts post colonial adaptation and new media These essays both introduce the topic but also explore specific areas such as the way in which Shakespeare's representation in the visual arts created a national and then a global poet The entries then develop into more specific studies of the genre of Shakespeare with sections

on Tragedy History Comedy and Poetry which include insightful readings of specific key plays The book ends with a state of the art review of the area charting major contributions to the debate and illuminating areas for further study The international range of contributors explore the nature of memory in religious political emotional and economic terms which are not only relevant to Shakespearean times but to the way we think and read now Fools and Jesters in Literature, Art, and History Vicki K. Janik,1998-05-21 Jesters and fools have existed as important and consistent figures in nearly all cultures Sometimes referred to as clowns they are typological characters who have conventional roles in the arts often using nonsense to subvert existing order But fools are also a part of social and religious history and they frequently play key roles in the rituals that support and shape a society's system of beliefs This reference book includes alphabetically arranged entries for approximately 60 fools and jesters from a wide range of cultures Included are entries for performers from American popular culture such as Woody Allen Mae West Charlie Chaplin and the Marx Brothers literary characters such as Shakespeare's Falstaff Rabelais Gargantua and Pantagruel and Singer's Gimpel and cultural and mythological figures such as India's Birbal the American circus clown the Native American Coyote Taishu Engeki of Japan Hephaestus Loki the Norse fool schlimiels and schlimazels and the drag queen The entries written by expert contributors are critical as well as informative Each begins with a biographical artistic religious or historical background section which places the subject within a larger cultural and historical context A description and analysis follow This section may include a discussion of the fool's appearance gender role ethical and moral roles social function and relationship to such themes as nature time and mortality The entry then discusses the critical reception of the subject and concludes with an extensive bibliography of general works

Antony and Cleopatra Marga Munkelt,2024-04-04 This new volume in the Shakespeare The Critical Tradition series increases our knowledge of how Antony and Cleopatra has been received and understood by critics editors and general readers The volume provides in separate sections both critical opinions about the play across the centuries and an evaluation of their positions within and their impact on the reception of the play The chronological arrangement of the text excerpts engages the readers in a direct and unbiased dialogue and the introduction offers a critical evaluation from a current stance including modern theories and methods This volume makes a major contribution to our understanding of the play and of the traditions of Shakespearean criticism surrounding it as they have developed from century to century **Shakespeare's**

Classical Mythology: A Dictionary Janice Valls-Russell,Katherine Heavey,2024-10-17 Why does Bassanio compare himself to Jason What is Hecuba to Hamlet Is the mechanicals staging of the Pyramus and Thisbe story funny or sad This dictionary elucidates Shakespeare's use of mythological references in an early modern context while bringing them to life for today's audiences and readers at a time of renewed critical interest in the reception of the classics and fascination with classical mythology in popular culture It is also a precious tool for practitioners who may not always know quite what to make of mythological references Mythological figures creatures places and stories crowd Shakespeare's plays and poems featuring as

allusions poetic analogies inset shows scene settings and characters or plots in their own right Most of these references were familiar to Shakespeare s spectators and readers who knew them from the writings of Ovid Virgil and other classical authors or indirectly through translations commentaries ballads and iconography This dictionary illustrates how far from being isolated a mythological reference may resonate with the poetics of the text and its structure cast light on characters and contexts and may therefore be worth exploring onstage in a variety of ways The 200 headings correspond to words and names actually used by Shakespeare individual figures Dido Venus Hercules categories Amazons Centaurs nymphs satyrs places Colchos Troy Medium and longer entries also cover early modern usage and critical analysis in a cross disciplinary approach that includes reception textual performance gender and political studies Shakespeare Studies Susan Zimmerman, Garrett Sullivan, Linda Neiberg, 2007-10 Contains essays and studies by critics and cultural historians from both hemispheres This title features essays on Shakespeare s tragedies in the context of early modern cultural history It also includes reviews that consider studies of such historical issues as gender and literacy sexual practices and England s cultural encounters with Italy **All's Well, That Ends Well** Gary Waller, 2006-12-01 Described as one of Shakespeare s most intriguing plays All s Well That Ends Well has only recently begun to receive the critical attention it deserves Noted as a crucial point of development in Shakespeare s career this collection of new essays reflects the growing interest in the play and presents a broad range of approaches to it including historical feminist performative and psychoanalytical criticisms In addition to fourteen essays written by leading scholars the editor s introduction provides a substantial overview of the play s critical history with a strong focus on performance analysis and the impact that this has had on its reception and reputation Demonstrating a variety of approaches to the play and furthering recent debates this book makes a valuable contribution to Shakespeare criticism *The Oxford Handbook of Shakespeare and Music* Christopher R. Wilson, Mervyn Cooke, 2022 Engages with musical practice in a wide range of countries Offers a cutting edge resource for Shakespeare scholars and musicians alike Sheds light on a crucial and fascinating aspect of Shakespeare studies Book jacket Shakespeare's Memory Theatre Lina Perkins Wilder, 2010-11-04 Wilder examines the excessive remembering of figures such as Romeo Falstaff and Hamlet as a way of defining Shakespeare s theatricality **Re-imagining Western European Geography in English Renaissance Drama** M. Matei-Chesnoiu, 2012-07-25 Matei Chesnoiu examines the changing understanding of world geography in sixteenth century England and the concomitant involvement of the London theatre in shaping a new perception of Western European space Fresh readings are offered of Shakespeare Jonson Marlowe Middleton Dekker Massinger Marston and others *World-Wide Shakespeares* Sonia Massai, 2007-05-07 World Wide Shakespeares brings together an international team of leading scholars in order to explore the appropriation of Shakespeare s plays in film and performance around the world **Presentist Shakespeares** Hugh Grady, Terence Hawkes, 2006-11-30 Featuring an outstanding list of contributors this collection of readings adopt a new approach to Shakespeare by focusing on the principles

of presentism a critical movement that takes account of the continual dialogue between past and present
