Recollections of Robert Louis Stevenson in the Pacific Arthur Johnstone, 1905 The Realms of Verse 1830-1870 Matthew Reynolds, 2005 Robert and Elizabeth Browning Tennyson and Clough lived and wrote in a time of nation building The Realms of Verse brings that political and intellectual context to life and traces its influence on the narratives language and form of their poetry Theoretically astute and historically detailed this study is the most far reaching reassessment of Victorian poetry to have been published in recent years **Overland Monthly and Out West Magazine** Bret Harte, 1910

The Overland Monthly ,1910 Crafting Chinese Memories Katherine Swancutt, 2021-10-15 Through an interdisciplinary conversation with contributors from social anthropology religious studies film studies literary studies cultural studies and history Crafting Chinese Memories is a novel book which addresses how works of art shape memories and offers new ways of conceptualising storytelling memory making art and materiality It explores the memories of artists filmmakers novelists storytellers and persons who come to terms with their own histories even as they reveal the social memories of watershed events in modern China Works: "Virginibus Puerisque" and other papers. Memories and portraits. Familiar studies of men and books Robert Louis Stevenson, 1910 *"Virginibus puerisque," and othe other papers. Memories and portraits. Familiar studies of men and books* Robert Louis Stevenson, 1915 Forgetful Remembrance Guy Beiner, 2018-11-09 Forgetful Remembrance examines the paradoxes of what actually happens when communities persistently endeavour to forget inconvenient events The question of how a society attempts to obscure problematic historical episodes is addressed through a detailed case study grounded in the north eastern counties of the Irish province of Ulster where loyalist and unionist Protestants and in particular Presbyterians repeatedly tried to repress over two centuries discomfiting recollections of participation alongside Catholics in a republican rebellion in 1798 By exploring a rich variety of sources Beiner makes it possible to closely follow the dynamics of social forgetting His particular focus on vernacular historiography rarely noted in official histories reveals the tensions between professed oblivion in public and more subtle rituals of

remembrance that facilitated muted traditions of forgetful remembrance which were masked by a local culture of reticence and silencing Throughout Forgetful Remembrance comparative references demonstrate the wider relevance of the study of social forgetting in Northern Ireland to numerous other cases where troublesome memories have been concealed behind a veil of supposed oblivion **LORD BYRON Ultimate Collection: 300+ Poems, Verses, Dramas & Tales** Lord
