## **Recollections Of Men Events:**

**Six Encounters with Lincoln** Elizabeth Brown Pryor, 2018-02-06 Winner of the Baroness Lincoln Award from The Civil War Round Table of New York Fascinating reading this book eerily reflects some of today's key issues The New York Times Book Review From an award winning historian an engrossing look at how Abraham Lincoln grappled with the challenges of leadership in an unruly democracy An awkward first meeting with U S Army officers on the eve of the Civil War A conversation on the White House portico with a young cavalry sergeant who was a fiercely dedicated abolitionist A tense exchange on a navy ship with a Confederate editor and businessman In this eye opening book Elizabeth Brown Pryor examines six intriguing mostly unknown encounters that Abraham Lincoln had with his constituents Taken together they reveal his character and opinions in unexpected ways illustrating his difficulties in managing a republic and creating a presidency Pryor probes both the political demons that Lincoln battled in his ambitious exercise of power and the demons that arose from the very nature of democracy itself the clamorous diversity of the populace with its outspoken demands She explores the trouble Lincoln sometimes had in communicating and in juggling the multiple concerns that make up being a political leader how conflicted he was over the problem of emancipation and the misperceptions Lincoln and the South held about each other Pryor also provides a fascinating discussion of Lincoln's fondness for storytelling and how he used his skills as a raconteur to enhance both his personal and political power Based on scrupulous research that draws on hundreds of eyewitness letters diaries and newspaper excerpts *Six Encounters with Lincoln* offers a fresh portrait of Lincoln as the beleaguered politician who was not especially popular with the people he needed to govern with and who had to deal with the many critics naysayers and dilemmas he faced without always knowing the right answer What it shows most clearly is that greatness was not simply laid on Lincoln's shoulders like a mantle but was won in fits and starts [Momentous Events, Vivid Memories](#) David B. Pillemer, 2009-07-01 Pillemer draws on a variety of evidence and methods cognitive and developmental psychology cross cultural study psychotherapy case studies autobiographies and diaries to extend the current study of narrative and specific memory [Extraordinary Memories for Exceptional Events](#) Stephen R. Schmidt, 2012-05-04 Not all memories are created equal Our memories for some very exceptional events seem to stand out in our minds and as such they may form the very core of who we are Perhaps you have a vivid recollection of a fateful day an unforgettable face or a hilarious joke This book summarizes theories and data that provide insight into these extraordinary memories for exceptional events The book begins with a classification scheme for exceptional events followed by a theoretical overview grounded in four metaphors of memory The classification scheme and theoretical perspectives are used to explore topics including flashbulb memories the influence of emotion on memory the bizarre imagery effect the humor effect the serial position effect and the isolation effect The conclusion provides a framework for understanding these outstanding memories for exceptional events **Recollections of Trauma** J. Mosak, Roger Di Pietro, 2007-12-11 Our present and our past are manifestly intertwined Memories are not identical simulations of the past but are stories shaped by our current perspectives of others the world and ourselves As a result the gathering of early recollections can be used as a projective technique that indicates our strengths goals lines of movement fears and a host of other relevant psychological data Early Recollections are a quick accurate and cost effective personality assessment demonstrated to have similar reliability and validity to other personality measures Both a comprehensive and accessible text Early Recollections Interpretative Method and Application presents a constructivist approach and systematic development of early recollection theory Mosak and Di Pietro invite students to think and actively engage in problem solving rather than merely read for content Supported by step by step examples this book also offers a perspective suitable for application by Adlerian practitioners non Adlerian clinicians and all other mental health professionals and students seeking a new framework for evaluating personality
