Recollections of My Life (Classic Reprint) Hermann Krusi,2015-07-11 Excerpt from Recollections of My Life While Professor Krusi in writing his autobiography Recollections of My Life aimed to make a concise sketch of his educational career avoiding all but necessary details his Record books to which he did not have access while writing the autobiography contain many passages that serve to fill out and enliven the sketch in a way that does not interfere with its directness and will make it acceptable to a wider range of readers Moreover the incidents of his life following the close of the educational period will be of great interest not only to his friends but for ethical reasons to the general reader also These incidents are abundantly supplied by the Record Therefore it has been thought that Professor Krusi s aim will not be defeated by combining passages from the Record with the Recollections following a plan which needs no explanation and by supplementing the account of his educational experiences with further extracts completing the picture of his life Longer passages have also been selected as deserving of publication and have been assigned to a separate part of this volume under the head of Essays All these productions except certain lectures were originally written either in the Record books or in his Miscellany as intellectual studies or pastimes by Professor Krusi solely for his own personal profit or enjoyment But so many hours of his life were occupied with the above writings that his friends felt it would be neglecting a duty did they not take steps to make them available to others About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works *Recollections of My Life as a Woman* Diane Di Prima,2001

Recollections Carl Romney,2012-04-23 This memoir outlines the life of a scientist spanning much of the twentieth century It began at a time before radios were found in most American homes and before the advent of talking pictures His interest in science was born at an early age sparked by his mother as she introduced him to the stars in a dark Utah sky Early experiences and training were much the same as for any other boy at the time But with the beginning of war in Europe and the U S response by instituting universal conscription the draft he realized the importance of education in fulfilling his military obligation and enlisted in a Navy training program Navy service took him to Chicago and Southern

California and eventually to little known Peleliu Island in the Western Pacific a foretaste of a life of frequent travel to follow World War II was followed all too soon by the retreat of the Soviet Union behind an Iron Curtain of secrecy a massive buildup of conventional forces and armed occupation of neighboring countries It became essential to know when they succeeded in building the atomic bomb This book is a first hand account in non technical terms of some of the ways in which this was accomplished This was followed by attempts to ban the bomb or at least to ban nuclear testing The author was fortunate to be near the center of U S efforts in many of these attempts and the book describes important activities and events that ultimately led to achieving the lesser of these goals Recollections of my life Santiago Ramón y Cajal,1937
