

Reconciliation Road

A FAMILY ODYSSEY

JOHN DOUGLAS MARSHALL

Reconciliation Road A Family Odyssey

S. L. A. Marshall

Reconciliation Road A Family Odyssey:

Reconciliation Road, 2000 *Reconciliation Road* John Douglas Marshall, 1993-10 Features two estranged members of a family the famous grandfather with a distinguished military record and the Vietnam conscientious objector grandson When the grandfather's reputation was under attack the grandson set out to investigate This memoir is the result

Reconciliation Road John Douglas Marshall, 2011-07-01 In his prize winning memoir *Reconciliation Road* John Marshall recounts a road trip around America in search of the truth about his famous grandfather General S L A Slam Marshall author of *Pork Chop Hill* In the process he comes to terms with his own past and that of others whose families were torn apart by the Vietnam War

Canadians Under Fire Robert Engen, 2009-09-23 Infantrymen have been the sledgehammer of land warfare throughout the twentieth century but precisely how they fought at the tactical level has been difficult to determine American historian S L A Marshall for instance famously claimed that most Allied soldiers would not fight at all even when their lives were at stake

, The Most Dangerous Animal David Livingstone Smith, 2009-02-17 War After D-Day James Jay Carafano, 2008-06-13 After storming the beaches on D Day June 6 1944 the Allied invasion of France bogged down in seven weeks of grueling attrition in Normandy On July 25 U S divisions under Gen Omar Bradley launched Operation Cobra an attempt to break out of the hedgerows and begin a war of movement across France Despite a disastrous start with misdropped bombs killing hundreds of GIs Cobra proved to be one of the most pivotal battles of World War II successfully breaking the stalemate in Normandy and clearing a path into occupied France

Parameters, 2003 **The Oxford Companion to American Military History**, *For Cause and Comrades* James M. McPherson, 1997-04-03 General John A Wickham commander of the famous 101st Airborne Division in the 1970s and subsequently Army Chief of Staff once visited Antietam battlefield Gazing at Bloody Lane where in 1862 several Union assaults were brutally repulsed before they finally broke through he marveled You couldn't get American soldiers today to make an attack like that Why did those men risk certain death over and over again through countless bloody battles and four long awful years Why did the conventional wisdom that soldiers become increasingly cynical and disillusioned as war progresses not hold true in the Civil War It is to this question why did they fight that James McPherson America's preeminent Civil War historian now turns his attention He shows that contrary to what many scholars believe the soldiers of the Civil War remained powerfully convinced of the ideals for which they fought throughout the conflict Motivated by duty and honor and often by religious faith these men wrote frequently of their firm belief in the cause for which they fought the principles of liberty freedom justice and patriotism Soldiers on both sides harkened back to the Founding Fathers and the ideals of the American Revolution They fought to defend their country either the Union the best Government ever made or the Confederate states where their very homes and families were under siege And they fought to defend their honor and manhood I should not like to go home with the name of a coward one Massachusetts private wrote and another private from Ohio said My wife would sooner hear of my death than

my disgrace Even after three years of bloody battles more than half of the Union soldiers reenlisted voluntarily While duty calls me here and my country demands my services I should be willing to make the sacrifice one man wrote to his protesting parents And another soldier said simply I still love my country McPherson draws on more than 25 000 letters and nearly 250 private diaries from men on both sides Civil War soldiers were among the most literate soldiers in history and most of them wrote home frequently as it was the only way for them to keep in touch with homes that many of them had left for the first time in their lives Significantly their letters were also uncensored by military authorities and are uniquely frank in their criticism and detailed in their reports of marches and battles relations between officers and men political debates and morale For Cause and Comrades lets these soldiers tell their own stories in their own words to create an account that is both deeply moving and far truer than most books on war Battle Cry of Freedom McPherson s Pulitzer Prize winning account of the Civil War was a national bestseller that Hugh Brogan in The New York Times called history writing of the highest order For Cause and Comrades deserves similar accolades as McPherson s masterful prose and the soldiers own words combine to create both an important book on an often overlooked aspect of our bloody Civil War and a powerfully moving account of the men who fought it *The Lived Experience of Forgiveness* Steen Halling,2023-09-18 *The Lived Experience of Forgiveness* Phenomenological and Psychological Perspectives remedies the absence of systematic research on the experience of forgiveness by bringing together the work of five psychologists one philosopher and one theologian The contributors have researched various aspects of forgiveness through interviews and field work allowing for a clarification of this topic and providing a basis for evaluating the often contradictory assertions of the existing literature Edited by Steen Halling this volume demonstrates the value of careful study of human experience by examining forgiveness in its various manifestations within a phenomenological framework that strives to set aside and question presuppositions whether they be religious philosophical or psychological and look at phenomena with fresh eyes This approach enables a more creative and productive dialogue among the disciplines of psychology theology and philosophy with experience as a common reference point and thereby leads to a deeper understanding of the phenomenon of forgiveness **Intimacy, Transcendence, and Psychology** S. Halling,2007-12-25 This book addresses the richness and depth of our intimate relationships and especially those moments when we come to see ourselves and the other person in a new way In such moments we realize that however much we are influenced by heredity and upbringing we are also agents with the capacity for openness and transcendence **Men Against Fire** S. L. A. Marshall,2012-11-15 S L A Slam Marshall was a veteran of World War I and a combat historian during World War II He startled the military and civilian world in 1947 by announcing that in an average infantry company no more than one in four soldiers actually fired their weapons while in contact with the enemy His contention was based on interviews he conducted immediately after combat in both the European and Pacific theaters of World War II To remedy the gunfire imbalance he proposed changes to infantry training designed to ensure that American soldiers in future wars brought more

fire upon the enemy His studies during the Korean War showed that the ratio of fire and more than doubled since World War II

Grunts Kyle Longley, 2015-01-28 This book provides a fresh approach to understanding the American combat soldier's experience in Vietnam It integrates such topics as the political culture the experiences of training the actual Vietnam experience and the homecoming and offers a remarkable overview of the 870 000 grunts who bore the brunt of the fighting in the jungles and highlands of South Vietnam and eventually Cambodia and Laos The book addresses many of the stereotypes of the Vietnam combat veteran that have been perpetrated in popular culture and also considers how Vietnam veterans have been commemorated through memorials and other means and how the veterans remember each other The coverage also includes women who served in or near the front lines as well as on the home front The author draws on memoirs and oral histories including his personal interviews with veterans but the book conveys a picture of the Vietnam combat soldier's experience far more powerful than what individual memoirs can provide **Army**, 1995 **Infantry**, 1994

Understanding the Impact of Social Research on the Military Eyal Ben-Ari, Helena Carreiras, Celso Castro, 2021-11-29 This book seeks to chart and evaluate the impact of social research on the military itself By impact the authors in this volume simply mean that which has a marked effect or influence on changing military policy practices knowledge skills behaviour or living conditions The book comprises a series of reflective contributions from scholars who have conducted research on the military as external scholars with no formal ties to the armed forces as native researchers formally linked to them as well as various kinds of contracted social scientists enabled by the military to carry out their investigations The authors were asked to make the question of the impact of social scientific research on the armed forces an object of study in itself and to situate their reflections in terms of wider analytical questions As a result the chapters can be divided broadly speaking into two types of orientation some are centered on theoretical and analytical issues while others focus on the researchers' lived experiences This book will be of interest to students of military studies sociology organisational studies psychology and political science The World, 1994 *Men Against Fire* S. L. A. Marshall, 2000 Originally published Washington Infantry
