*Latin American Writers on Gay and Lesbian Themes* David William Foster,1994-11-07 Gay and lesbian themes in Latin American literature have been largely ignored This reference fills this gap by providing more than a hundred alphabetically arranged entries for Latin American authors who have treated gay or lesbian material in their works Each entry explores the significance of gay and lesbian themes in a particular author s writings and closes with a bibliography of primary and secondary sources The figures included have a professed gay identity or have written on gay or lesbian themes in either a positive or negative way or have authored works in which a gay sensibility can be identified The volume pays particular attention to the difficulty of ascribing North American critical perspectives to Latin American authors and studies these authors within the larger context of Latin American culture The book includes entries for men and women and for authors from Latin American countries as well as Latino writers from the United States The entries are written by roughly 60 expert contributors from Latin America the U S and Europe

**Writing of the Formless** Jaime Rodríguez Matos, 2016-12-01 In this book Jaime Rodríguez Matos proposes the formless as a point of departure in thinking through the relationship between politics and time. Thinking through both literary and political writings around the Cuban Revolution Rodríguez Matos explores the link between abstract symbolic procedures and various political experiments that have sought to give form to a principle of sovereignty based on the category of representation. In doing so he proposes the formless as the limit of modern and contemporary reflections on the meaning of politics while exploring the philosophical consequences of a formless concept of temporality for the critique of metaphysics. Rodríguez Matos takes the writing and thought of José Lezama Lima as the guiding thread in exploring the possibility of a politicity in which time is imagined beyond the disciplining functions it has had throughout the metaphysical tradition a time of the absence of time in which the absence of time no longer means eternity
