Understanding the Journey Hilda R. Glazer, Myra Clark-Foster, 2019-07-03 The death of a loved one is a traumatic event for both adults and children Grieving has no rules no prescribed course or expiration date After a death the feelings and experiences that follow can be extremely overwhelming and confusing The authors of this book create a supportive environment that normalizes the phases of grief through clinical expertise including a lifespan approach that indicates grief is certainly a journey from which none of us ever escapes nor perhaps reaches closure This is an important work that addresses the spiritual emotional psychological and physical aspects

of a person's grief. Specific topics include the physical aspects of grief, anticipatory grief, grief through a child's eyes, understanding grief and spirituality, counseling the bereaved adult, adult grief support groups, death in a military family, counseling grieving children and traumatic loss, messages of mourning, using art to facilitate a child's expression of grief and the importance of self-care. In addition, numerous case examples describing real-life experiences are discussed, helping to enhance coping and encourage healing. The text is further enhanced by an appendix containing a wealth of information that includes sample group activities. This book will be a significant resource for mental health professionals, grief counselors, human service providers, social workers, clergy, nurses, and lay volunteers.

Understanding Your Suicide Grief Alan D. Wolfelt, 2024-09-01. This essential resource by one of the world's most beloved grief counselors has long offered compassion and hope to mourners torn apart by the suicide of someone loved. *Understanding Your Suicide Grief* will help you understand the traumatic complications of suicide grief and feel less alone as you find effective ways not only to survive but eventually integrate the loss into your ongoing life. *Understanding Your Suicide Grief* is built on Dr. Wolfelt's Ten Touchstones, which are basic principles to learn and actions to take to help yourself engage with your grief and create momentum toward healing. This second edition maintains the content of the first edition but builds on it by adding concise wisdom on new topics such as the myth of closure, grief overload, unmourned grief, loneliness, the power of ritual, and more. Excellent as an empathetic handbook for suicide loss survivors as well as an educational text for support groups, *Understanding Your Suicide Grief* pairs with a guided journal, *The Understanding Your Suicide Grief Journal*. Not only is jotting down ideas, feelings, and experiences clarifying and therapeutic in grief, but it can also be a way to capture meaningful thoughts and stories about the life of the person who died, not just their death. These two books are used in tandem by grief support groups everywhere. If grief is a wilderness, then suicide grief occupies the harshest, most dangerous terrain. This refreshed bestseller will help you safely navigate your suicide grief and find a path that leads toward authentic mourning and reengagement with life.

Living Through Loss Nancy R. Hooyman, Betty J. Kramer, Sara Sanders, 2021-08-31. *Living Through Loss* provides a foundational identification of the many ways in which people experience loss over the life course, from childhood to old age. It examines the interventions most effective at each phase of life, combining theory, sound clinical practice, and empirical research with insights emerging from powerful accounts of personal experience. The authors emphasize that loss and grief are universal yet highly individualized. Loss comes in many forms and can include not only a loved one's death but also divorce, adoption, living with chronic illness, caregiving, retirement, and relocation, or being abused, assaulted, or otherwise traumatized. They approach the topic from the perspective of the resilience model, which acknowledges people's capacity to find meaning in their losses and integrate grief into their lives. The book explores the varying roles of age, race, culture, sexual orientation, gender, and spirituality in responses to loss. Presenting a variety of models, approaches, and resources, *Living Through Loss* offers invaluable lessons that can be applied in any practice setting by a wide range of human service and health care professionals.

This second edition features new and expanded content on diversity and trauma including discussions of gun violence police brutality suicide and an added focus on systemic racism
