Recovering The Original Gospel Of Thomas A History Of The Gospel And Its Growth:

Recovering the Original Gospel of Thomas April D. DeConick, 2006-08-15 Explores tough questions that have occupied scholars since the discovery of the Gospel of Thomas in the sands of Nag Hammadi Egypt in the 1940 s Where did this gospel come from When was it written Who wrote it Why was it composed What is its meaning This book examines these issues The Original Gospel of Thomas in Translation April D. DeConick, 2007-11-01 Provides the first comprehensive analysis of the stages of development of the Gospel of Thomas **The Original Gospel of Thomas in Translation** April D. DeConick, 2007-09-01 An enigmatic collection of 114 sayings of Jesus the Gospel of Thomas was discovered in the sands of Nag Hammadi Egypt in the 1940 s Here April DeConick provides a new English translation of the entire Gospel of Thomas which includes the original kernel of the Gospel and all the sayings Whilst most other translations are of the Coptic text with only occasional reference to the Greek fragment variants this translation integrates the Greek and offers new solutions to complete the lacunae A unique feature of this book is that translations to the parallels of the Gospel are also included Since its discovery scholars and the public alike have been intrigued to know what the Gospel says and what light it sheds on the formation of early Christianity In *Recovering the Original Gospel of Thomas* April DeConick argued that the gospel was a rolling corpus a book of sayings that grew over time beginning as a simple written gospel containing oracles of the prophet Jesus As the community faced various crises and constituency changes including the delay of the Eschaton and the need to accommodate Gentiles within the group its traditions were reinterpreted and the sayings in their gospel updated accommodating the present experiences of the community This volume was originally published in hardback as volume 287 in the *Journal for the Study of the New Testament Supplement* series and is part of the *Early Christianity in Context* subseries The Gospel of Thomas Simon James Gathercole, 2014-05-22 In this new commentary on the controversial Gospel of Thomas Simon Gathercole provides the most extensive analysis yet published of both the work as a whole and of the individual sayings contained in it This commentary offers a fresh analysis of Thomas not from the perspective of form criticism and source criticism but seeks to elucidate the meaning of the work and its constituent elements in its second century context With its lucid discussion of the various controversial aspects of Thomas and treatment of the various different scholarly views this is a foundational work of reference for scholars not just of apocryphal Gospels but also for New Testament scholars Classicists and Patrologists The Origin of Heresy Robert M. Royalty, 2013-05-07 Heresy is a central concept in the formation of Orthodox Christianity Where does this notion come from This book traces the construction of the idea of heresy in the rhetoric of ideological disagreements in Second Temple Jewish and early Christian texts and in the development of the polemical rhetoric against heretics called heresiology Here author Robert Royalty argues one finds the origin of what comes to be labelled heresy in the second century In other words there was such a thing as heresy in ancient Jewish and Christian discourse before it was called heresy And by the end of the first century the notion of heresy was

integral to the political positioning of the early orthodox Christian party within the Roman Empire and the range of other Christian communities This book is an original contribution to the field of Early Christian studies Recent treatments of the origins of heresy and Christian identity have focused on the second century rather than on the earlier texts including the New Testament The book further makes a methodological contribution by blurring the line between New Testament Studies and Early Christian studies employing ideological and post colonial critical methods *What are They Saying about the Gospel of Thomas?* Christopher W. Skinner, 2012 Since its discovery the Gospel of Thomas has been the subject of intense study for those with interests in the developments of earliest Christianity Three questions remain unanswered in contemporary scholarship 1 When was Thomas composed 2 What is the relationship between Thomas and the canonical Gospels 3 What theological outlook is presented in the Gospel of Thomas This volume provides a comprehensive overview of recent scholarly opinions on these three questions Amazon com **Revisiting the Corruption of the New Testament**

Daniel B. Wallace, How much did the theological arguments of the church affect the copying of the New Testament text Focusing on issues of textual criticism this inaugural volume of the Text and Canon of the New Testament series offers some answers to that question and responds to some of Bart Ehrman's views about the transmission of the New Testament text *Revisiting the Corruption of the New Testament* will be a valuable resource for those working in textual criticism patristics and New Testament apocryphal literature **Gospels and Gospel Traditions in the Second Century** Jens

Schröter, Tobias Nicklas, Joseph Verheyden, 2018-12-03 The second century CE has often been described as a kind of dark period with regard to our knowledge of how the earliest Christian writings the gospels and Paul's letters were transmitted and gradually came to be accepted as authoritative and then later on as canonical At the same time a number of other Christian texts of various genres saw the light Some of these seem to be familiar with the gospels or perhaps rather with gospel traditions identical or similar to those that found their way into the NT gospels The volume focuses on representative texts and authors of the time in order to see how they have struggled to find a way to work with the NT gospels and or the traditions behind these while at the same time giving a place also to other extra canonical traditions It studies in a comparative way the reception of identifiably canonical and of extra canonical traditions in the second century It aims at discovering patterns or strategies of reception within the at first sight often rather chaotic way some of these ancient authors have cited or used these traditions And it will look for explanations of why it took such a while before authors got used to cite gospel texts more or less accurately *The Apocryphal Jesus*, 2008-07-10 Jesus birth in a cave his childhood escapades his secret sayings and his descent to the underworld the torments in Hell Saint Paul baptizing a lion the death of Pontius Pilate and Saint Peter being crucified upside down These are among the fascinating stories found in this present selection They all come from early Christian legends which did not get into the Bible yet have had a profound influence on art literature and theology from the second century through the Middle Ages and even modern times Some of the stories included here

especially those involving the Virgin Mary have affected matters of doctrine others have influenced the church's teaching on the after life whilst from the apocryphal Acts there are some of the best examples of accounts of the lives of Christianity's earliest saints In this book Dr Elliott provides introductions to each of the most important and significant of these remarkable and often bizarre apocryphal texts Treasure Hidden in a Field David W. Jorgensen, 2016-09-26 This reception history of the Gospel of Matthew utilizes theoretical frameworks and literary sources from two typically distinct disciplines patristic studies and Valentinian aka Gnostic studies The author shows how in the second and third centuries the Valentinians were important contributors to a shared culture of early Christian exegesis By examining the use of the same Matthean pericopes by both Valentinian and patristic exegetes the author demonstrates that certain Valentinian exegetical innovations were influential upon and ultimately adopted by patristic authors Chief among Valentinian contributions include the allegorical interpretation of texts that would become part of the New Testament a sophisticated theory of the historical and theological relationship between Christians and Jews and indeed the very conceptualization of the Gospel of Matthew as sacred scripture This study demonstrates that what would eventually emerge from this period as the ecclesiological and theological center cannot be adequately understood without attending to some groups and individuals that have often been depicted both by subsequent ecclesiastical leaders and modern scholars as marginal and heretical **Seeking the Imperishable Treasure** Steven R Johnson, 2010-06-24 This book tracks the use of a single saying of Jesus over time and among theologically divergent authors and communities and identifies six different versions of the saying in the canonical gospels and epistles as well as the Gospel of Thomas and Q After tracing the tradition and redaction history of this wisdom admonition the author observes at least two distinctly different wisdom themes that are applied to the saying the proper disposition of wealth and the search for knowledge wisdom or God What he discovers is a saying of Jesus with roots in Jewish wisdom and pietistic traditions as well as popular Greek philosophy that proved amazingly adaptable in its application to differing social and rhetorical contexts of the first century *The Shape of the Soul* Paul Marshall, 2019-03-18 An essential read for any true seeker Eben Alexander MD Neurosurgeon author of Proof of Heaven and Living in a Mindful Universe When Paul Marshall began to pay attention to his dreams he could not have anticipated the transformative experience that would follow A tremendous expansion of consciousness exposed the insignificance of his everyday self but also revealed unsuspected depths of mind and hinted at a deeper self that holds the universe within In *The Shape of the Soul* Marshall now a mysticism scholar draws on personal experiences along with a wealth of religious philosophical and scientific ideas to explore this deeper self sometimes experienced in mystical and near death states as spherical in form Drawing inspiration from the philosophers Plotinus and Leibniz Marshall takes mind to be more fundamental than matter and views the basic units of nature as perceptual beings We ourselves are such beings striving for fulfilment in a long evolutionary journey of soul making Bringing together mysticism philosophy biology and even some physics *The Shape of the Soul* offers a deeply integrated vision of the

self and the universe Addressing the mind body problem the origin of the world evolution reincarnation suffering and the nature of God Marshall delivers what will surely prove an intellectual classic The Non-Canonical Gospels Paul Foster,2008-09-11 This book brings together a collection of chapter length treatments on the most significant of the non canonical gospels A particular strength of the volume is that it draws upon the research of leading experts in the field and clearly and concisely communicates the most hotly contested issues surrounding each text While a key function of each chapter is to make the current academic debates accessible to a wider audience these treatments are not simply overviews or survey articles They also present fresh perspectives on a number of points and critically assess the most recent trends in scholarship As such they will provide an ideal entry point for advanced undergraduate courses and taught Masters programmes The structure of the book is divided up in an easily useable format There is an introduction which underscores the significance of the non canonical texts both for the original readers and for contemporary audiences This chapter by Keith Elliott also traces important moments in the reception of a number of these texts both in art and literature Next follows the main sequence of chapters dealing with individual texts Texts such as the Gospel of Thomas the Gospel of Peter and the Gospel of Mary are treated first due to the impact they have had to varying degrees on Historical Jesus research Other texts are grouped in various subgroups the two infancy gospels follow each other and the more fragmentary texts are also closely linked in the arrangement The book presents one of the most comprehensive and up to date discussions of a range of texts that continue to be of interest to scholars and wider readers The discussions should clarify a number of popular misconceptions and allow for a more informed debate The scholars who contribute to this collection represent an eclectic range of views and theological outlooks No attempt has been made to impose a prescribed perspective Rather the leading experts have been consulted to produce fresh and stimulating treatments The book will include contributions from Andrew Gregory Oxford Christopher Tuckett Cambridge April DeConick Rice and Simon Gathercole Aberdeen among others *Jesus and the Manuscripts* Craig A. Evans,2021-10-05 Jesus and the Manuscripts by popular author and Bible scholar Craig A Evans introduces readers to the diversity and complexity of the ancient literature that records the words and deeds of Jesus This diverse literature includes the familiar Gospels of the New Testament the much less familiar literature of the Rabbis and of the Qur an and the extracanonical narratives and brief snippets of material found in fragments and inscriptions This book critically analyzes important texts and quotations in their original languages and engages the current scholarly discussion Evans argues that the Gospel of Thomas is not early or independent of the New Testament Gospels but that it should be dated to the late second century He also argues that Secret Mark like the recently published Gospel of Jesus Wife is probably a modern forgery Of special interest is the question of how long the autographs of New Testament writings remained in circulation Evans argues that the evidence suggests that most of these autographs remained available for copying and study for more than one hundred years and thus stabilized the text Key points and features Written by popular author and Bible

scholar Craig A Evans Includes 20 pages of high quality color photos Walks readers through the various works of ancient literature both biblical and non biblical that mention Jesus Critically analyzes important texts and quotations in their original languages and engages the current scholarly discussion **Saved Through Fire** Daniel Frayer-Griggs,2016-04-06 An unusually polyvalent symbol fire assumes numerous functions in the Bible It is a defining feature of theophanies it serves as an instrument of judgment and in some instances it cleanses and purifies Examining a complex of traditions ranging from John the Baptist to Jesus of Nazareth and from the Pauline to the Petrine Epistles Daniel Frayer Griggs identifies a recurring motif in the New Testament arguing that these disparate traditions which appear in both very early and very late New Testament texts testify to a shared belief that everyone both the righteous and the wicked would be subjected to eschatological judgment by fire and that the righteous would experience this judgment as a fiery ordeal through which they would be tested and in some cases ultimately purified The Gospels of the Marginalized Marvin W. Meyer,2012-10-16 The Gospels of the Marginalized provides an exciting new study of three of the most maligned figures in the New Testament story of Jesus Thomas usually considered the quintessential doubter among the disciples Mary Magdalene characterized as a repentant prostitute during much of the history of the church and Judas Iscariot presented as the despicable disciple of Jesus who betrayed his master for money In this book Marvin Meyer one of the most prominent of the scholars of gnostic texts and other early Christian literature offers fresh and accurate translations of the Gospels of Thomas Mary and Judas with their proclamation of the good news of the wisdom of Jesus and he uses these gospels as the occasion to reexamine the place of Thomas Mary Magdalene and Judas Iscariot in the Jesus movement His striking analysis suggests that Thomas was no doubter that Mary Magdalene was a beloved disciple in the inner circles of disciples around Jesus and that the tale of Judas Iscariot as betrayer of Jesus is a piece of fiction Meyer adds a Gospel of the Redeemed as a vivid illustration of how the gospel story of Jesus might read with Jesus as a Jewish teacher of wisdom and Thomas Mary and Judas restored as loyal followers of the teacher from Nazareth Jesus Tradition in the Apostolic Fathers Stephen E. Young,2011 This dissertation reevaluates the tradition of Jesus sayings in the Apostolic Fathers in light of the growing recognition of the impact of orality upon early Christianity and its writings At the beginning of the last century it was common to hold that the Apostolic Fathers made wide use of the canonical Gospels While a number of studies have since called this view into question many of them simply replace the theory of dependence upon canonical Gospels with one of dependence upon other written sources No full scale study of Jesus tradition in the Apostolic Fathers has been published which takes into account the last four decades of new research into oral tradition in the wake of the pioneering work of Milman Parry and Albert Lord Based on this new research the present dissertation advances the thesis that an oral traditional source best explains the form and content of the explicit appeals to Jesus tradition in the Apostolic Fathers that predate 2 Clement In the course of the discussion attention is drawn to the ways in which the Jesus tradition in the Apostolic Fathers informs our understanding of the use of oral tradition

in Christian antiquity *Jewish Roots of Eastern Christian Mysticism* Andrei A. Orlov, 2020-06-02 The essays collected in *Jewish Roots of Eastern Christian Mysticism* intend to honor Alexander Golitzin a scholar known for his keen attention to the Jewish matrix of Eastern Orthodox spirituality Following Golitzin's insights this Festschrift explores influences of Jewish apocalypticism and mysticism on certain early and late Christian authors including Irenaeus Origen Evagrius of Pontus Pseudo Dionysius and Symeon the New Theologian Special attention is given to Jewish theophanic traditions regarding the beatific vision of the divine Glory Kavod which profoundly shaped Eastern Christian theology and liturgy This volume demonstrates that recent developments in the study of apocalyptic literature the Qumran Scrolls Gnosticism and later Jewish mysticism throw new and welcome light on the sources and continuities of Orthodox theology liturgy and spirituality **The Historical Reliability of the Gospels** Craig L. Blomberg, 2014-05-06 For over twenty years Craig Blomberg's *The Historical Reliability of the Gospels* has provided a useful antidote to many of the toxic effects of skeptical criticism of the Gospels He offers an overview of the history of Gospel criticism Thoroughly updated edition with added footnotes and two new appendixes **Christobiography** Craig S. Keener, 2019-08-27 Are the canonical Gospels historically reliable The four canonical Gospels are ancient biographies narratives of Jesus's life The authors of these Gospels were intentional in how they handled historical information and sources Building on recent work in the study of ancient biographies Craig Keener argues that the writers of the canonical Gospels followed the literary practices of other biographers in their day In *Christobiography* he explores the character of ancient biography and urges students and scholars to appreciate the Gospel writers' method and degree of accuracy in recounting the life and ministry of Jesus Keener's *Christobiography* has far reaching implications for the study of the canonical Gospels and historical Jesus research He concludes that the four canonical Gospels are historically reliable ancient biographies
