## **Recovery From Cancer A Personal Story Of Sickness And Health:**

Cancer and the Search for Selective Biochemical Inhibitors E.J. Hoffman, 2007-06-25 The world of medicine has become splintered into two factions that of orthodoxy and its counterpart alternative or complementary medicine A problem with alternative medicine is of course that of anecdote and hearsay The solution the disclosure in an unassailable fashion of the underlying biochemical principles for alternative cancer therap

Cancer Recovery Guide Jonathan Chamberlain, 2013-10-04 In Europe and the USA we have a 40 50% chance of getting cancer at some time in our lives So what do you do if you are diagnosed with the disease The harshness of orthodox treatments surgery radiation and chemotherapy are well known Their use is widespread but their results are not impressive Faced with these options informed patients are increasingly seeking out alternative or complementary strategies to take control of their own healing This book provides an overview of them Jonathan Chamberlain watched his wife suffer and eventually die both from her cancer and from the direct effects of the orthodox treatments she had undergone This experience led him on a journey in search of other methods of overcoming cancer What he discovered stunned him There are cures out there dozens of them many offering very good chances of recovery In Cancer Recovery Guide Chamberlain presents 15 simple practical strategies for becoming well again These strategies are grouped in three families those relating to the mind and the emotions did you know stress makes cancers more aggressive those relating to the health of the whole body cancer cannot survive in a tissue environment that is truly healthy and those that focus on directly attacking the cancer tumours The personal stories cited throughout the book testify to the curative possibilities of the strategies presented

**I Gave Myself Cancer, I Can Take It Away!** Linda Christina Beauregard, 2013-04 I am bold brave and daring I did the unthinkable I went against traditional medical wisdom and came out a huge winner I went against the grain of conventional surgery radiation chemo and other drug therapy to embark upon a journey that transformed my life This story is sometimes humorously conversational and details a journey that everyone who wants health without pills potions or sickening side effects needs to hear The cures are here for cancer and every other type of immune system related disease The answers are in alternative medicine and I m just one of thousands who defeated cancer using unconventional means It s easy to regain your health without compromising consequences The real question is are you ready for it Are you ready to take back responsibility for your own health and put it where it belongs in your hands This book is a must read for anyone who has cancer knows someone with cancer or who would like to avoid cancer or any disease Jean Sumner author of Journey to Raw 52 Weekly Changes to add more raw food to your diet and co founder of World Wellness Education A bible for healthy self wellness Heartfelt sincere intimate straightforward and educational Frederic Delarue music composer and author of Eyes of Your Heart Create a New Life Through the Eyes of Your Heart An alternative view of alternative medicine I Gave Myself Cancer provides much food for thought in the important field of holistic self healing Suzanne Giesemann author of Messages of Hope

**Oxford Textbook of Spirituality in Healthcare** Mark Cobb,Christina Puchalski,Bruce Rumbold,2012-08-09 The relationship between spirituality and healthcare is historical intellectual and practical and it has now emerged as a significant field in health research healthcare policy and clinical practice and training Understanding health and wellbeing requires addressing spiritual and existential issues and healthcare is therefore challenged to respond to the ways spirituality is experienced and expressed in illness suffering healing and loss If healthcare has compassionate regard for the humanity of those it serves it is faced with questions about how it understands and interprets spirituality what resources it should make available and how these are organised and the ways in which spirituality shapes and informs the purpose and practice of healthcare These questions are the basis for this resource which presents a coherent field of enquiry discussion and debate that is interdisciplinary international and vibrant There is a growing corpus of articles in medical and healthcare journals on spirituality in addition to a wide range of literature but there has been no attempt so far to publish a standard text on this subject *Spirituality in Healthcare* is an authoritative reference on the subject providing unequalled coverage critical depth and an integrated source of key topics Divided into six sections including practice research policy and training the project brings together international contributions from scholars in the field to provide a unique and stimulating resource

**Reconstructing Illness** Anne Hunsaker Hawkins,1999 Serious illness and mortality those most universal unavoidable and frightening of human

experiences are the focus of this pioneering study which has been hailed as a telling and provocative commentary on our times As modern medicine has become more scientific and dispassionate a new literary genre has emerged pathography the personal narrative concerning illness treatment and sometimes death Hawkins s sensitive reading of numerous pathographies highlights the assumptions attitudes and myths that people bring to the medical encounter One factor emerges again and again in these case studies the tendency in contemporary medical practice to focus primarily not on the needs of the individual who is sick but on the condition that we call disease Pathography allows the individual person a voice one that asserts the importance of the experiential side of illness and thus restores the feeling thinking experiencing human being to the center of the medical enterprise Recommended for medical practitioners the clergy caregivers students of popular culture and the general reader *Reconstructing Illness* demonstrates that only when we hear both the doctor s and the patient s voice will we have a medicine that is truly human

**Teratologies** Jackie Stacey,2013-07-23 Stories of cancer are full of monster and marvels the monstrosity of the disease and the treatments the marvels of the cures and the saved lives Still one of the most dreaded diseases to haunt our imaginations cancer is more than an illness it is a cultural phenomenon People who have cancer are bombarded with competing explanations of their conditions it is genetically inherited it is environmentally produced it is the result of their personality Teratologies A Cultural Study of Cancer investigates how this disease is perceived experienced and theorised in contemporary society It explores changing beliefs about the causes of and the cures for cancer in both biomedicine and its increasingly popular alternative counterparts Analysing conventional and alternative medical accounts self help manuals and patients personal stories Jackie Stacey takes a critical look at the place of heroes metaphors the self and the body in these competing bids to produce the authoritative

definition of the meaning of cancer today Interspersed with these detailed textual investigations are discussions of broader issues such as the feminist debates about the history of science the place of consumer culture in health practices and the status of patients and of health professionals in postmodern society Combining autobiographical narratives with contemporary theoretical debates the author carves out a specifically feminist analysis of the cultural dimensions of cancer She brings accounts of her own illness under the critical lens of academic scrutiny and situates these personal stories within a discussion of contemporary cultural change
