May,2012-11-27 James A Michener was one of the most beloved storytellers of our time captivating readers with sweeping historical plots that educated and entertained In this first full length biography of the private as well as the public Michener Stephen J May reveals how an aspiring writer became a best selling novelist It is the only book to draw on Michener s complete papers as well as interviews with his friends and associates The result conveys much about Michener never before revealed in print May follows the young Michener from an impoverished Pennsylvania childhood to the wartime Pacific where he found inspiration for Tales of the South Pacific a book that led to a string of best sellers including The Source Centennial Chesapeake and The Covenant May provides insights into Michener s personal life his three marriages his unique working methods and his social and political views He also reveals the author s hypersensitivity to criticism his egotism and his failure on some occasions to acknowledge the contributions of his assistants Examining Michener s body of writing in its biographical and cultural contexts May describes the creation of each novel and assesses the book s strengths and shortcomings His close readings underscore Michener s innovativeness in presenting mountains of historical and cultural research in an engaging literary form This probing biography establishes Michener s place in twentieth century letters as it offers an unprecedented view of

the man behind the typewriter **Right to Work?** Puja Dutta, Rinku Murgai, Martin Ravallion, Dominique van de Walle, 2014-02-27 This study assesses India's National Rural Employment Guarantee Scheme which is falling well short of its potential impact on poverty in one of India's poorest states Bihar. Information campaigns are needed to assure that poor people are aware of their rights and the administration of the scheme needs to be more responsive to their needs **Work Culture In The Banking Industry A Sociological Study Of Three Nationalised Banks In Kolkata** Dr Arunava Narayan Mukherjee, **Radiation Dose Management in the Nuclear Industry** British Nuclear Energy Society, 1995 The revised recommendations of the ICRP in its Publication 60 have led to significant changes in attitudes and to a new culture of radiological protection. Lower dose limits and the requirement to ensure that exposure is as low as reasonably achievable means that detailed attention must be given to radiological aspects from design through commissioning, operation and maintenance to eventual decommissioning. In this book the authors discuss the complex solutions to the problems of dose reduction involving a scientific approach to the understanding of the sources of exposure, good engineering in the design and operation of facilities and efficient management of radiation protection. The context is a nuclear industry under pressure to reduce costs and increase efficiency. It is ever more important therefore to ensure that radiological factors do not unduly constrain the operation of plant **Patching Development** Rajesh Veeraraghavan, 2021-12-02 In *Patching Development* Rajesh Veeraraghavan reports on a relatively positive case study of developing in India, shedding new light on the challenges and benefits of using information and technology to effectively reach marginalized citizens. The book argues that holding the state accountable for achieving the goals of a program requires a continuous series of responses that react to local implementation and information, a process of patching development. This involves altering power equations through attention to small incremental changes in institutions and technology, documents and other processes. While each patch may have only limited local significance, the cumulative impact can potentially transform state-society relations **Government, Industry and Rearmament in Russia, 1900-1914** Peter Gatrell, 1994-03-10 This book provides an economic historian's perspective on major questions that confront all students of Russian history: how stable were the economic and administrative structures of late imperial Russia and how well prepared was Russia for war in 1914? The decade following the Russo-Japanese War witnessed profound changes in the political system and in the industrial economy. The regime faced challenges to its authority from industrialists caught in the throes of recession and from parliamentary critics of tsarist administration. Peter Gatrell provides a comprehensive account of the attempts made by government and business to confront these challenges, examining the organisation and performance of a key industry and showing how decisions were reached about the allocation of resources and the far-reaching consequences these decisions entailed Books in Print Supplement, 1973 **How to Pass Registered Representative Examination: NYSE/NASD/SEC.** Jack Rudman, 1970 **Health and Safety Pocket Book** Jeremy Stranks, 2007-03-14 The Health and Safety Pocket Book is a handy reference tool for practising health and
