## Red And Yellow:

**Red Yellow Green** Michael Perullo, 2011-10-31 There must be a new way a simple way a comprehensible and comprehensive way to have a purposeful discussion with regard to federal priorities and spending This book is about setting federal spending priorities with a rational basis in the rule of law We need a reasonable way to develop an agreed upon codified consensus of our increasingly expensive and continuously expansive unsustainable federal spending With regard to the federal budget and our national debt the detailed conversation that we must have as a nation is not taking place Neither Democrats nor Republicans seem to be capable of showing the requisite leadership on federalist constitutionally derived budget priorities There needs to be a comprehensible unifying idea in order to jump start focus and keep the discussion moving forward to eventually bring a constitutional focus back to federal spending The purpose of this book is to suggest a metaphor which could easily be employed to catalyze the most serious discussion of our time our ruinous national finances both in terms of budget outlays and our national debt A comprehensible unifying idea in order to start focus and keep the discussion going to bring a constitutional focus back to federal spending is required The idea is represented by the common traffic signal Red means stop Yellow means caution and Green means go The goal is to get Americans thinking about federal spending in terms of Red Yellow and Green

*Red, Yellow, Green* Alejandro Saravia, 2017-09-18 Traumatized by his past as a Bolivian soldier who in a sudden coup d'etat was forced to participate in atrocities Alfredo flees to Montreal haunted by the dead He rides the Montreal metro and pours his guilt and shame into his writing until he falls for a woman without a nation a Kurdish freedom fighter trying to blast an independent Kurdistan into existence As the net of intrigue closes in on his lover Alfredo is forced to face more fully his own violent past In a world where the intimate collides with the official and the past is made and remade again in a new country Alejandro Saravia's novel in turn refuses to be bound by a single genre style or even language Reminiscent of Michael Ondaatje's *In the Skin of a Lion* in its exploration of the complicated relationship between nation memory and identity *Red Yellow Green* considers what a place can mean to people who are out of place At once
