

Red Army General

Yicheng Fang

Red Army General:

Red Army General Tony O'Neill, 2005-06-01 Manchester United's Red Army was the most notorious hooligan mob British football has ever seen. Thousands strong, this huge tribe of disaffected youths laid siege to town centres and soccer grounds across the country and became a byword for violent disorder. Tony O'Neill was there from the beginning and became its most prominent face. Barely in his teens when he set out from the largest council estate in Europe to follow the Red Devils, his ferocity in street combat and his force of personality soon made him a leader. Running trips in his infamous War Wagon, he became so renowned that he was invited to a sit down meeting with the Government to discuss the hooligan problem. After serving a jail term, O'Neill emerged to lead the casuals of the 1980s against an even tougher generation of opponents: West Ham's ICF, the Chelsea Headhunters, the Leeds Service Crew, and the scally armies of Merseyside. Police intelligence files labelled him a prime mover, and he became the target of a huge undercover investigation. *Red Army General* is the most authoritative account ever written of the wild years when terrace terror reached its peak. **BRITAIN'S No 1 FOOTBALL THUG** Daily Mirror **BRITAIN'S WORST SOCCER YOB** The Sun *Red Army General* Tony O'Neill, 2004 Tony O'Neill has for thirty years been one of the most famous faces in the biggest soccer crew in England. Tarred by the police as the ringleader of Manchester United's massive hooligan following, he is a true legend of the terraces. This is his story, the first inside account ever written about the notorious Red Army. **From Tsarist General to Red Army Commander** Bruyevich M Bonch, 1966

Captured Soviet Generals Aleksander A. Maslov, 2001 In this work Maslov relates the fate of those generals who fell into German captivity. After relating the grisly circumstances of their ordeal in German prisoner of war camps, Maslov then tells the sordid tale of how an ungrateful Soviet state condemned for treason against their homeland many of those who had served it loyally both in combat and in German prisoner of war camps. By exploiting unprecedented archival materials, Maslov demonstrates how Stalin and the Soviet security organs condemned and shot many of the returnee generals, most on trumped up charges in part as scapegoats for the real crimes committed by Stalin and the Soviet military leadership during the tragic initial period of the war. Publisher's description *Fallen Soviet Generals* Aleksander A. Maslov, 1998 Aleksander Maslov memorializes the Red Army generals of World War II at Germany's Eastern Front using formerly secret Soviet archival materials and interviews with families of the victims. Captured Soviet Generals A.A. Maslov, 2013-11-05 The true story of the fate of the captured Russian Generals after World War II, explaining how these officers endured horrific prison conditions and were then tried and executed when they returned home. **Sacrifice of the Generals** Michael Parrish, 2004-06-24 It also includes a preface that contributes important contextual information on personnel organization and losses of the Soviet Army, essays containing extensive bibliographies, and a foreword by John Erickson, the foremost Western historian of the Soviet armed forces. This unique research tool greatly increases our understanding of the Soviet Union's mighty World War II effort and related Stalinist politics during its greatest hour. Based on the latest declassified sources, Parrish combines into one

volume crucial information that has been widely scattered among many different locations and difficult to access Jacket

Hearings United States. Congress Senate, 1954 The Dragon's War Maochun Yu, 2013-07-31 Making full use of significant new sources in Chinese language materials U S Naval Academy professor Maochun Yu provides Western readers with the first detailed account of military and intelligence operations conducted inside China by foreign powers between 1937 and 1945 He also addresses the profound impact of these operations upon China's nationalism wartime politics and overall military campaigns Arguing that operations by the USSR the United States Britain and France in particular challenged the authority and legitimacy of the Chinese nationalist government he illustrates how the failure of the Nationalist Government under Chiang Kai shek to control these operations contributed to its demise following World War II This provocative work unveils like never before the extraordinary intrigue command and operational manipulations international espionage and politics surrounding military and intelligence operations in wartime China among the allies It covers such topics as foreign military aid programs to China the Chinese secret police's massive joint intelligence organization with the U S Navy special intelligence initiatives conducted by the British Free French and Americans secret British and American dealings with the Chinese Communists America's first covert overseas military operation the Flying Tigers and Soviet and American military personnel in the China theater The author points to the remarkable political and military ramifications that these operations had in China including the inadvertent creation of conditions that allowed the rise of Communist China With its implications on the world scene today such an important new perspective of China during its war against Japan will appeal to a general audience as well as to students of World War II and specialists in the military and intelligence communities

In Stalin's Secret Service Walter Krivitsky, 2025-09-05 In Stalin's Secret Service presents the gripping and unprecedented memoir of Walter G Krivitsky a top Soviet intelligence officer turned defector As chief of Soviet military intelligence in Western Europe Krivitsky orchestrated espionage networks across Germany France the Netherlands and beyond coordinating sabotage efforts intercepting communications and recruiting influential agents The memoir recounts Krivitsky's moral journey from dedicated insider to outspoken critic of Stalin's regime Witnessing the brutal purge of the Red Army's officer corps and the assassination of his friend and fellow operative Ignace Reiss spurred Krivitsky's dramatic defection in 1937 In exile he settled first in Paris and then emigrated to the United States collaborating closely with literary agent Paul Wohl and journalist Isaac Don Levine to document his insider account of Stalinist espionage Originally serialized in the Saturday Evening Post in 1939 and released in full book form later that year the memoir offers chilling insight into Soviet covert operations including infiltration of Western governments and manipulation of political figures Although initially met with skepticism Krivitsky's forecasts particularly the imminent Nazi Soviet pact were eerily confirmed when the Molotov Ribbentrop Pact was signed in August 1939 lending credibility to his revelations The memoir culminates in a dramatic unresolved finale Krivitsky turned his knowledge into a liability believing it was his duty to expose Stalin's threats He

testified before the U S House Dies Committee predecessor of HUAC and traveled to the UK for exhaustive debriefings by MI5 yet the fate of several notorious Soviet agents like those in the Cambridge ring remained elusive His untimely death under mysterious circumstances in 1941 officially ruled a suicide has long been suspected as a Soviet assassination giving the memoir an open ended suspenseful finish The Battle of Kursk David M. Glantz,Jonathan M. House,1999-10-29 Immense in scope ferocious in nature and epic in consequence the Battle of Kursk witnessed at Prokhorovka one of the largest tank engagements in world history and led to staggering losses including nearly 200 000 Soviet and 50 000 German casualties within the first ten days of fighting Going well beyond all previous accounts David Glantz and Jonathan House now offer the definitive work on arguably the greatest battle of World War II Drawing on both German and Soviet sources Glantz and House separate myth from fact to show what really happened at Kursk and how it affected the outcome of the war Their access to newly released Soviet archival material adds unprecedented detail to what is known about this legendary conflict enabling them to reconstruct events from both perspectives and describe combat down to the tactical level The Battle of Kursk takes readers behind Soviet lines for the first time to discover what the Red Army knew about the plans for Hitler s offensive Operation Citadel relive tank warfare and hand to hand combat and learn how the tide of battle turned Its vivid portrayals of fighting in all critical sectors place the famous tank battle in its proper context Prokhorovka here is not a well organized set piece but a confused series of engagements and hasty attacks with each side committing its forces piecemeal Glantz and House s fresh interpretations demolish many of the myths that suggest Hitler might have triumphed if Operation Citadel had been conducted differently Their account is the first to provide accurate figures of combat strengths and losses and it includes 32 maps that clarify troop and tank movements Shrouded in obscurity and speculation for more than half a century the Battle of Kursk finally gets its due in this dramatic retelling of the confrontation that marked the turning point of the war on the Eastern Front and brought Hitler s blitzkrieg to a crashing halt *General Staffs and Diplomacy before the Second World War* Adrian Preston,2021-11-21 This book first published in 1978 examines the influence of the General Staffs upon the diplomacy of appeasement and rearmament between 1931 and 1941 The great question of European security and order and their breakdown and the outbreak of the second world war are examined here through the eyes of Cabinets and Foreign Offices as well as through the eyes of Chiefs of Staff Endgame at Stalingrad David M. Glantz,Jonathan M. House,2014-04-14 The campaign intended to secure the Wehrmacht s flanks had proven one front too many for the German Army And now the offensive at Stalingrad the epic clash that marked Germany s failure on the Eastern Front was entering its grim final phase In Book One of the third volume of his acclaimed Stalingrad Trilogy David Glantz offers the definitive account the ground truth to counter a half century s worth of myth and misinformation of the beginning of the end of one of the most infamous battles of the Second World War and one of the most costly in lives and treasure in the annals of history When Volume Two left off Germany s vaunted Sixth Army already deflected from its original goal the Caucasus oil fields had

been drawn into a desperate war of attrition within the ravaged city of Stalingrad In Volume Three Book One we see the ultimate consequences of the Germans overreach and the gathering force of the Red Army's massive manpower and increasingly sophisticated command After failing repeatedly to find and exploit the weaknesses in Axis defenses Stalin and the Stavka High Command finally seized their chance in mid November of 1942 by launching a bold and devastating counteroffensive Operation Uranus Glantz draws a detailed and vivid account of how in Operation Uranus the Red Army's three fronts defeated and largely destroyed two Romanian armies and encircled the German Sixth Army and half of the German Fourth Panzer Army in the Stalingrad pocket turning the Germans world on its head Like its predecessor volumes this one makes extensive use of sources previously out of reach or presumed lost such as reports from the Sixth Army's combat journal and newly released Soviet and Russian records These materials many cited at length or printed in their entirety in a companion volume lend themselves to a strikingly new interpretation of the campaign's planning and execution on both sides a version of events that once and for all gets at the ground truth of this historic confrontation

To the Gates of Stalingrad David M. Glantz, Jonathan M. House, 2009-04-21 The confrontation between German and Soviet forces at Stalingrad was a titanic clash of armies on an unprecedented scale a campaign that was both a turning point in World War II and a lasting symbol of that war's power and devastation Yet despite the attention lavished on this epic battle by historians much about it has been greatly misunderstood or hidden from view as David Glantz the world's foremost authority on the Red Army in World War II now shows This first volume in Glantz's masterly trilogy draws on previously unseen or neglected sources to provide the definitive account of the opening phase of this iconic Eastern Front campaign Glantz has combed daily official records from both sides including the Red Army General Staff the People's Commissariat of Internal Affairs the German Sixth Army and the Soviet 62nd Army to produce a work of unparalleled detail and fresh interpretations Jonathan House an authority on twentieth century warfare adds further insight and context Hitler's original objective was not Stalingrad but the Caucasus oilfields to the south of the city So he divided his Army Group South into two parts one to secure the city on his flank one to capture the oilfields Glantz reveals for the first time how Stalin in response demanded that the Red Army stand and fight rather than withdraw leading to the numerous little known combat engagements that seriously eroded the Wehrmacht's strength before it even reached Stalingrad He shows that although advancing German forces essentially destroyed the armies of the Soviet Southwestern and Southern Fronts the Soviets resisted the German advance much more vigorously than has been thought through constant counterattacks ultimately halting the German offensive at the gates of Stalingrad This fresh eye opening account and the subsequent companion volumes on the actual battle for the city itself and the successful Soviet counteroffensive that followed will dramatically revise and expand our understanding of what remains a military campaign for the ages

Deng Benjamin Yang, 2016-04-08 A comprehensive exposition of the life of Deng Xiaoping the pre eminent leader of late 20th century China from his birth in 1904 to the present Written by an insider this

study is notable for the detail it provides on elite level Chinese Communist Party politics and Deng's changing relations with his party colleagues in the jockeying for power that constitutes a significant aspect of CCP politics. This biography combines intimate details and the sweep of history that encompasses the struggles of 20th century China. This text provides both political and personal information that may be of interest to students of Chinese history as well as providing an insight into the man who has influenced the social, political, and economic development of China. *Information Bulletin*, 1946

Information Bulletin ... Soviet Union. Posol'stvo (U.S.), 1944 **Van Norden**, 1909 *Stalin and the Soviet-Finnish War, 1939-1940* E.N. Kulikov, Oleg Aleksandrovich Rzheshevskii, Harold Shukman, 2014-05-22. This is the verbatim record of a secret and hitherto unpublished meeting held in the Kremlin in April 1940 devoted to a post mortem of the Finnish campaign.

Russia at War Timothy C. Dowling, 2014-12-02. This easy to use reference explores the people and events that shaped Russian military history and impacted Europe, Asia, and the world over the past eight centuries. Russian military history is an often overlooked field. Yet Russia is and has long been an important player in global politics and its military exploits have been central to its role on the world stage. This study of Russia's military past provides insights into European and U.S. history including the conduct of the two World Wars and the Cold War and will help readers better appreciate the current geopolitical situation. This work covers major events and figures in Russian military history from the end of Mongol domination in the 14th century to the present day. More than 650 entries by scores of expert contributors detail events, individuals, organizations, and ideas that have influenced Russian warfare over 800 years. Two alphabetically arranged volumes explore such conflicts as the Russo-Polish Wars, the Great Northern War, the Russo-Turkish Wars, the Napoleonic Wars, the Crimean War, the Russo-Japanese War, World War I, World War II, and the Cold War, including the Soviet invasion of Afghanistan. Cross references and further readings in each entry serve as jumping off points for further exploration.

The book delves into Red Army General. Red Army General is an essential topic that must be grasped by everyone, from students and scholars to the general public. This book will furnish comprehensive and in-depth insights into Red Army General, encompassing both the fundamentals and more intricate discussions.

1. The book is structured into several chapters, namely:

- Chapter 1: Introduction to Red Army General
- Chapter 2: Essential Elements of Red Army General
- Chapter 3: Red Army General in Everyday Life
- Chapter 4: Red Army General in Specific Contexts
- Chapter 5: Conclusion

2. In chapter 1, the author will provide an overview of Red Army General. This chapter will explore what Red Army General is, why Red Army General is vital, and how to effectively learn about Red Army General.
3. In chapter 2, the author will delve into the foundational concepts of Red Army General. This chapter will elucidate the essential principles that must be understood to grasp Red Army General in its entirety.
4. In chapter 3, the author will examine the practical applications of Red Army General in daily life. This chapter will showcase real-world examples of how Red Army General can be effectively utilized in everyday scenarios.
5. In chapter 4, this book will scrutinize the relevance of Red Army General in specific contexts. This chapter will explore how Red Army General is applied in specialized fields, such as education, business, and technology.
6. In chapter 5, this book will draw a conclusion about Red Army General. This chapter will summarize the key points that have been discussed throughout the book.

This book is crafted in an easy-to-understand language and is complemented by engaging illustrations. It is highly recommended for anyone seeking to gain a comprehensive understanding of Red Army General.
