Red Star Rising At Sea:

Red star rising at sea Sergej Georgievič Gorškov,1972 *Red Star Rising at Sea* Sergeĭ Georgievich Gorshkov,1974 *Red star rising at sea* Sergej G. Gorškov,1972 **Red Star Rising at Sea** Sergeĭ Georgievich Gorshkov,1974 **The Soviet Navy** Bruce W. Watson,Susan M Watson,Calland Carnes,Brian Larson,2020-01-09 Since Admiral Sergei G Gorshkov was appointed to the office of commander in chief of the Soviet Navy in 1956 the Soviet Union has made a massive investment in naval construction training and operations As a result the Soviet Navy has grown from a coastal defense force to one of the world s two strongest navies This book offers a detailed assessment of every major aspect of the Soviet Navy from fleet structure and training facilities to command and control procedures and warfare and intelligence collection capabilities In the Shadow of Giants: The Major Powers and the Security of Southeast Asia Anthony James Gregor,1989

Admiral Gorshkov Norman C Polmar,Thomas A Brooks,2019-03-15 Admiral of the Fleet of the Soviet Union Sergei G Gorshkov was the product of a tradition unlike those of his Western contemporaries He had a unique background of revolution civil war world wars and the forceful implementation of an all controlling communist dictatorship Out of this background of violence and overwhelming transformation came a man with a vivid appreciation of the role and value of navies but with his own unique ideas about the kind of navy that the Soviet Union required and the role that navy should play in Soviet military and national strategy Western naval observers have persisted in attempting to define Admiral Gorshkov in Western naval terms Many of these observers have been baffled when they found that the man and his actions simply did not fit conventional narratives This book lays out the tradition background experiences and thinking of the man as they relate to the development of the Soviet Navy that Gorshkov commanded for almost three decades and that was able to directly challenge the maritime dominance of the United States a traditional sea power His influence persists to this day as the Russian Navy that is at sea in the twenty first century is to a significant degree based on the fleet that Admiral Gorshkov built

Air University Review ,1982-07 **America, Sea Power, and the World** James C. Bradford,John F. Bradford,2022-11-29 The gold standard in college level American naval history texts edited by the foremost scholar in the field In the newly revised second edition of America Sea Power and the World a team of distinguished researchers delivers an extensive and authoritative survey of American naval history the place of the United States in world affairs and the role of that country s naval forces during peacetime and wartime Each chapter contains a comprehensive analysis of its subject as well as brief sidebars describing a key weapon or technological development of the era and a short biographical sketch of an influential leader or representative of the navy from that era The book offers extensive illustration and maps and a throughgoing emphasis on naval policy strategy roles and missions with careful attention paid to naval operations These factors given greater focus than the descriptions of battle tactics found in other texts Readers will also find A thorough introduction to sea power and the modern state system as well as the American War for Independence at sea Comprehensive

explorations of the genesis of the United States Navy from 1785 to 1806 Practical discussions of the Naval War of 1812 and the Confirmation of Independence from 1807 to 1815 and the Squadron Navy as an agent of the commercial empire until 1890 Fulsome treatments of the Second World War in the Atlantic Mediterranean and the Pacific including defensive actions in the Pacific from 1937 to 1943 and offensive actions from 1943 to 1944 New chapters exclusive to the 2nd edition focused on the history of African Americans and women in the US Navy the development of joint operations and unified command and the naval history of the last two decades Perfect for undergraduate students taking courses on the naval history of the United States America Sea Power and the World Second Edition will also earn a place in the libraries of members of the general public interested in naval and military history **21st Century Gorshkov** Kevin Rowlands,2017-07-15 Admiral of the Fleet of the Soviet Union Sergei Georgiyevich Gorshkov led the Soviet Navy for almost three decades during the height of the Cold War He was the architect of the Red Fleet turning it from little more than a coastal defense force into the most powerful navy that the Soviet Union ever possessed 21st Century Gorshkov is a collection of articles many of which have not previously been published in English and passages from Admiral Gorshkov s more famous books each with an introduction linking the work to the challenges facing navies everywhere today Strategists worldwide have much to learn from the Soviet legend behind the most rapid naval expansion program in peacetime history Gorshkov s ideas on naval power remain relevant today

Maritime Strategy and the Nuclear Age Geoffrey Till,1984-06-14 International Security in the Modern World Trevor C. Salmon,2016-07-27 Despite the dramatic changes in the international environment since 1989 it remains the case that force and the threat of force retain utility The volume deals with the nature of security international conflict and co operation deterrence crisis management and prevention arms control and disarmament insurgency and low intensity conflict Third World security alliances and the role of land air and naval power The book takes a predominantly traditional approach but also introduces students to other perspectives and approaches relating to security and to the security of the Third World

Towards a New International Marine Order Finn Laursen,2023-09-20 **Quarterly Review of Military Literature** ,1976 *Military Review* ,1976 **Professional Journal of the United States Army** ,1976 **The naval war film** Jonathan Rayner,2013-07-19 This book undertakes a unique coherent and comprehensive consideration of the depiction of naval warfare in the cinema The films under discussion encompass all areas of naval operations in war and highlight varying institutional and aesthetic responses to navies and the sea in popular culture The examination of these films centres on their similarities to and differences from the conventions of the war genre and seeks to determine whether the distinctive characteristics of naval film narratives justify their categorisation as a separate genre or sub genre in popular cinema The explicit factual bases and drama documentary style of many key naval films such as In Which We Serve They Were Expendable and Das Boot also requires the consideration of these films as texts for popular historical transmission Their frequent reinforcement of establishment views of the past which derives from their conservative ideological position towards

national and naval culture makes these films key texts for the consideration of national cinemas as purveyors of contemporary history as popularly conceived by filmmakers and received by audiences *World War II* Spencer C. Tucker,2016-09-06 With more than 1 700 cross referenced entries covering every aspect of World War II the events and developments of the era and myriad related subjects as well as a documents volume this is the most comprehensive reference work available on the war This encyclopedia represents a single source of authoritative information on World War II that provides accessible coverage of the causes course and consequences of the war Its introductory overview essays and cross referenced A Z entries explain how various sources of friction culminated in a second worldwide conflict document the events of the war and why individual battles were won and lost and identify numerous ways the war has permanently changed the world The coverage addresses the individuals campaigns battles key weapons systems strategic decisions and technological developments of the conflict as well as the diplomatic economic and cultural aspects of World War II The five volume set provides comprehensive information that gives readers insight into the reasons for the war s direction and outcome Readers will understand the motivations behind Japan s decision to attack the United States appreciate how the concentration of German military resources on the Eastern Front affected the war s outcome understand the major strategic decisions of the war and the factors behind them grasp how the Second Sino Japanese War contributed to the start of World War II and see the direct impact of new military technology on the outcomes of the battles during the conflict The lengthy documents volume represents a valuable repository of additional information for student research *The Future Of The Soviet Navy* Bruce W. Watson,Peter M Dunn,2020-01-28 The efforts of the Soviet Union since the mid 1950s to develop naval power have produced one of the strongest navies in the world but this achievement has not been without serious costs The construction of increasingly complex submarines ships and aircraft has required greater investment of resources and manpower This volume addresses whether the Soviet Union will continue naval expansion and what directions technological development will take in the future In particular the contributors consider trends in submarine aircraft carrier and surface combatant systems and examine what implications these developments have for U S defense planning over the next two decades
