Red Dwarf Programme Guide:

Red Dwarf Chris Howarth, Steve Lyons, 1997 *Red Dwarf* is the biggest cult of recent years Since 1988 there have been seven series of mind boggling comedy adventures as Lister Rimmer Cat and Kryen attempt to make their way back to Earth after a five million year interstellar sleep

Red Dwarf: Discovering the TV Series Tom Salinsky, 2024-11-30 Explores the unique journey of the long running British sitcom detailing its creation cast changes and enduring legacy through critical analysis and behind the scenes insights *Red Dwarf* is virtually unique among British sitcoms It began in 1988 and was still releasing new episodes in 2020 making it one of the longest running sitcoms of all time but the core cast has remained largely unchanged And its science fiction flavor contrasts strongly with the drawing rooms and sofas which were the norm when it launched and the fast cut mockumentary style which is popular today And yet this is a show which nobody wanted to make and which only barely made it to our screens at all In this work Tom Salinsky will look at exactly how it came to be who was considered for the cast but didn't make it how it was radically reinvented for the third sixth seventh ninth and tenth seasons how it survived the breakup of its key creative partnership the loss of the original spaceship models BBC strikes the departure of a major cast member and the seemingly self defeating rules which the writers imposed on themselves But this isn't just a behind the scenes account It's also a detailed critical analysis examining why the best episodes succeed and why the less impressive episodes struggle while also finding time to ask just how a hologram made of light can smell burning camphor wood why a creature evolved from a cat is familiar with Wilma Flintstone or just how long Lister and Kochanski were dating for How can all this possibly be contained in one book It can't Volume I will cover the first six series and Volume II will conclude the story of *Red Dwarf* on television as well as looking at the novels comic strips computer games and more

Gender and the Quest in British Science Fiction Television Tom Powers, 2016-10-21 The subjects of this book constitute a significant cross section of BBC science fiction television With such characters as the Doctor an enigmatic time traveling alien Kerr Avon a problematic rebel leader Dave Lister a slovenly last surviving human and Captain Jack Harkness a complex omniseual immortal these shows have both challenged and reinforced viewer expectations about the small screen masculine hero This book explores the construction of gendered heroic identity in the series from both production and fan perspectives The paradoxical relationships between the producers writers and fans of the four series are discussed Fan fiction criticism and videos are examined that both celebrate and criticize BBC science fiction heroes and villains

A Fistful of Strontium Jasper Bark, Steve Lyons, 2005-09-15 Johnny Alpha mutant bounty hunter gunslinger In the worst end of the galaxy bounty hunter Johnny Alpha and his companions chase an escaped felon across Miltonia the only planet where mutants are the majority and normal humans are the mistrusted minority But when their quarry has the power to steal other mutants identities nothing is as it appears Hard action and dark satire collide at the end of the galaxy It s a hi tech showdown in the lawless frontier of space

Doctor Who: The Stealers of Dreams Steve Lyons, 2008-09-04 In the far future the Doctor Rose and Captain Jack find a world on which fiction has been outlawed A world where it s a crime to tell stories a crime to lie a crime to hope and a crime to dream But now somebody is challenging the status quo A pirate TV station urges people to fight back And the Doctor wants to help until he sees how easily dreams can turn into nightmares With one of his companions stalked by shadows and the other committed to an asylum the Doctor is forced to admit that fiction can be dangerous after all Though perhaps it is not as deadly as the truth Featuring the Ninth Doctor as played by Christopher Eccleston together with Rose and Captain Jack as played by Billie Piper and John Barrowman in the hit Doctor Who series from BBC Television

Reading between Designs Piers D. Britton, Simon J. Barker, 2010-01-01 From the alien worlds of Star Trek to the realistic operating room of ER the design of sets and costumes contributes not only to the look and mood of television shows but even more importantly to the creation of memorable characters Yet until now this crucial aspect of television creativity has received little critical attention despite the ongoing interest in production design within the closely allied discipline of film studies In this book Piers Britton and Simon Barker offer a first analytical study of scenic and costume design for television drama series They focus on three enduringly popular series of the 1960s The Avengers The Prisoner and Doctor Who and discuss such topics as the sartorial image of Steed in The Avengers the juxtaposition of picturesque and fascistic architecture in The Prisoner and the evolution of the high tech interior of Doctor Who s TARDIS Interviews with the series original designers and reproductions of their original drawings complement the authors analysis which sheds new light on a variety of issues from the discourse of fashion to that of the heritage industry notions of Pop and retro and the cultural preoccupation with realism and virtual reality
