**The Words and Music of Taylor Swift** James E. Perone, 2017-07-14 This scholarly analysis of the music of Taylor Swift identifies how and why she is one of the early 21st century's most recognizable and most popular stars By the age of 13 singer songwriter Taylor Swift had already inked a development deal with a major record label This early milestone was an appropriate predictor of what accomplishments were to come Now a superstar artist with an international fanbase of millions and several critically acclaimed and commercially successful albums Swift has established herself as one of the most important musicians of the 21st century This accessible book serves Taylor Swift fans as well as students of contemporary popular music and popular culture critically examining all of this young artist's work to date The book's organization is primarily chronological covering Taylor Swift's album and single releases in order of release date while also documenting the elements of her music and personality that have made her popular with fans of country music and pop music across a surprisingly diverse age range of listeners The chapters address how Swift's songs have been viewed by some fans as

anthems of empowerment or messages of encouragement particularly by members of the LGBTQ community those who have been bullied or been seen as outsiders and emerging artists The final chapter places Swift's work and her public persona in the context of her times with respect to her use of and relationship with technology for example her use of social media and songwriting technology and her expressions of a new type of feminism that is unlike the feminism of the 1970s The Dynamics Of Worship James P. Gills,2012-08-17 James P Gills MD gives biblical wisdom about the worship of God in a context that touches and changes the reader's heart Study questions for groups or individuals are provided after each chapter

Love and Freedom Jorge N. Ferrer,2021-06-24 In *Love and Freedom* Jorge Ferrer proposes a paradigm shift in how romantic relationships are conceptualized a step forward in the evolution of modern relationships In the same way that the transgender movement surmounted the gender binary Ferrer defines how a parallel step can and should be taken with the relational style binary This book offers the first systematic discussion of relationship modes beyond monogamy and polyamory as well as introduces the notion of relational freedom as the capability to choose one's relational style free from biological psychological and sociocultural conditionings To achieve these goals Ferrer first discusses a number of critical categories specifically monoprider polyphobia and polyprider monophobia that mediate the contemporary mono poly wars that is the predicament of mutual competition among monogamists and polyamorists The ideological nature of these mono poly wars is demonstrated through a review of available empirical literature on the psychological health and relationship quality of monogamous and polyamorous individuals and couples Then after showing how monogamy and polyamory ultimately reinforce each other Ferrer articulates three relational pathways to living in between through and beyond the mono poly binary fluidity hybridity and transcendence Moving beyond that binary opens a fuzzy liminal and multivocal relational space that Ferrer calls novogamy In this groundbreaking book readers will learn practical tools to not only transform jealousy but also enhance their relational freedom while being aware of key issues of diversity and social justice They will also learn novel criteria to evaluate the success of their intimate relationships and be introduced to a transformed vision of romantic love beyond both monocentrism and emerging polynormativities The Men and the Boys Raewyn Connell,2013-05-02 In recent

years questions about men and boys have aroused remarkable media interest public concern and controversy Across the world health services are noticing the relevance of men's gender to problems as diverse as road accidents diet and sexually transmitted disease Teachers are increasingly preoccupied with the poor educational performance of boys and criminologists have begun to explore why men and boys continue to dominate the crime statistics In this timely new volume one of the world's leading authorities on masculinity helps us to understand these developments and make sense of the multiplying issues about men and boys Five years on from the publication of the seminal study *Masculinities* this book reflects on the growing social scientific research in this area Connell assesses its strengths and weaknesses and explores its implications for contemporary problems from boys education and men's health to international peacemaking Written in a lively and

accessible way this book will be essential reading for all students of sociology politics and gender studies as well as anyone interested in the future of gender relations      **The Everything Love Spells Book** Kaile Dutton, Jodi St. Onge, 2007-11-01 Bring love into your life and keep it there with The Everything Love Spells Book This pocket guide contains more than 75 spells to help you rev up your romance There s a spell for every lover s lament Can t get over that last love Do the Breaking the Chains Spell and he s gone for good Need to attract that special someone The Enhancement Spell will make anyone irresistible Bored in the bedroom All you need to stoke the flames is the Tantric Lovemaking Spell Whether you re an experienced spellcaster or dabbling in magick for the first time watch love flourish with these and many other spells Nudge that special someone along and add passion and erotic excitement to your existing relationships True love is just a spell away
