Ma Vie A Belles Dents:

Jacques Prévert Claire Blakeway,1990 Focusing on the career of the surrealist poet Jacques Prevert this book explores the stylistic and thematic currents that prevailed in French films of the 1930s Prevert s involvement with the surrealists his contribution to the avant grade theatre company Groupe Octobre and his unique collaboration with Marcel Carne are examined Revolution in Paradise Yehuda Moraly,2019-11-01 The era of the German Occupation of France constituted surprisingly a golden age for the arts literature theater popular music and cinema These works of art seem to be devoid of political impact The widespread trend of unrealistic and fantastic art during this period is explained by some scholars as the artists escape from the omnipotent eye of German censorship The purpose of the book is to show that contrary to the accepted view some of these films were intimately linked to the political situation They convey the demonization of characters that while not specifically presented as Jews nevertheless manifested anti Semitic stereotypes of the Jew as ugly rootless low hypocritical immoral cruel and power hungry All five movies analysed Les Inconnus dans la maison dir Henri Decoin 1942 Les Visiteurs du Soir dir Marcel Carne 1942 L Eternel retour dir Jean Delannoy 1943 Les Enfants du Paradis dir Marcel Carne 1943 present characters not identified as Jews but who exhibit negative Jewish traits in contrast to the aristocratic characters whom they aspire to emulate They demonstrate implicitly central themes of explicit anti Semitic propaganda Yehuda Moraly addresses two current major misconceptions regarding the Cinema of Occupied France 1 that the accepted view that there were almost no explicitly Jewish characters in the cinema of that time and place is patently incorrect and 2 that the feature films of Occupied France were not as it is commonly thought free of the propaganda messages that permeated the press the radio and documentary films Analysis of these films brings out the contradictory nature of European anti Semitism On one hand the Jew is the anti Christ throttling the world with disgusting materialism while on the other hand he is representative of an ancestral stifling morality which it is time to abolish **La Vie à belles dents, ("But not for me")...** Edward Ronns,John Michael Hayes,Samson Raphaelson, **Encyclopedia of French Film Directors** Philippe Rège,2009-12-11 Cinema has been long associated with France dating back to 1895 when Louis and Auguste Lumi_re screened their works the first public viewing of films anywhere Early silent pioneers Georges MZli_s Alice Guy BlachZ and others followed in the footsteps of the Lumi_re brothers and the tradition of important filmmaking continued throughout the 20th century and beyond In Encyclopedia of French Film Directors Philippe R ge identifies every French director who has made at least one feature film since 1895 From undisputed masters to obscure one timers nearly 3 000 directors are cited here including at least 200 filmmakers not mentioned in similar books published in France Each director s entry contains a brief biographical summary including dates and places of birth and death information on the individual s education and professional training and other pertinent details such as real names when the filmmaker uses a pseudonym The entries also provide complete filmographies including credits for feature films shorts documentaries and television work

Victims of the Book Francois Proulx,2019-11-04 Victims of the Book uncovers a long neglected but once widespread subgenre the fin de si cle novel of formation in France In the final decades of the nineteenth century social commentators insistently characterized excessive reading as an emasculating illness that afflicted French youth Novels about and geared toward adolescent male readers were imbued with a deep worry over young Frenchmen s masculinity as evidenced by titles like Crise de jeunesse Youth in Crisis 1897 La Crise virile Crisis of Virility 1898 La Vie st rile A Sterile Life 1892 and La Mortelle Impuissance Deadly Impotence 1903 In this book Fran ois Proulx examines a wide panorama of these novels as well as polemical essays pedagogical articles and medical treatises on the perceived threats posed by young Frenchmen s reading habits Fin de si cle writers responded to this pathologization of reading with a profusion of novels addressed to young male readers paradoxically proposing their own novels as potential cures In the early twentieth century this corpus was critically revisited by a new generation of writers Victims of the Book shows how Andr Gide and Marcel Proust in particular reworked the fin de si cle paradox to subvert cultural norms about literature and masculinity proposing instead a queer pact between writer and reader
