Maamtrasna The Murders And The Mystery:

Maamtrasna Jarlath Waldron,1992 **The History of the Irish Famine** Christine Kinealy, Gerard Moran,2018-09-20

The Great Irish Famine remains one of the most lethal famines in modern world history and a watershed moment in the development of modern Ireland socially politically demographically and culturally In the space of only four years Ireland lost twenty five per cent of its population as a consequence of starvation disease and large scale emigration Certain aspects of the Famine remain contested and controversial for example the issue of the British government s culpability proselytism and the reception of emigrants However recent historiographical focus on this famine has overshadowed the impact of other periods of subsistence crisis both before 1845 and after 1852 This volume seeks to counterbalance the recent historiographical focus on the Great Irish Famine which has overshadowed the impact of other periods of subsistence crisis both before 1845 and after 1852 As occurred during the Great Famine they often resulted in increased levels of evictions emigration disease and death although the scale was lower While the Great Famine brought major economic social and demographic changes large areas of the country retained pre famine structures with many communities continuing to have a subsistence existence and consequently regular crop failures and famines These lesser known famines are examined in this volume along with the causes and why they did not achieve the scale of the Great Famine **Modernism, Romance and the Fin de Siècle** Nicholas Daly,2000-02-10

In *Modernism Romance and the Fin de Siècle* Nicholas Daly explores the popular fiction of the romance revival of the late Victorian and Edwardian years focusing on the work of such authors as Bram Stoker H Rider Haggard and Arthur Conan Doyle Rather than treating these stories as Victorian Gothic Daly locates them as part of a popular modernism Drawing on work in cultural studies this book argues that the vampires mummies and treasure hunts of these adventure narratives provided a form of narrative theory of cultural change at a time when Britain was trying to accommodate the new imperialism the rise of professionalism and the expansion of consumerist culture Daly s wide ranging study argues that the presence of a genre such as romance within modernism should force a questioning of the usual distinction between high and popular culture *The Body in Pain in Irish Literature and Culture* Fionnuala

Dillane,Naomi McAreevey,Emilie Pine,2016-12-06 This book elucidates the ways the pained and suffering body has been registered and mobilized in specifically Irish contexts across more than four hundred years of literature and culture There is no singular approach to what pain means the material addressed in this collection covers diverse cultural forms from reports of battles and executions to stage and screen representations of sexual violence produced in response to different historical circumstances in terms that confirm our understanding of how pain whether endured or inflicted witnessed or remediated is culturally coded Pain is as open to ongoing redefinition as the Ireland that features in all of the essays gathered here This collection offers new paradigms for understanding Ireland s literary and cultural history *Fair and Unfair Trials in the British Isles, 1800-1940* David Nash,Anne-Marie Kilday,2020-11-12 Adopting a microhistory approach *Fair and Unfair Trials*

in the British Isles 1800 1940 provides an in depth examination of the evolution of the modern justice system Drawing upon criminal cases and trials from England Scotland and Ireland the book examines the errors procedural systems and the ways in which adverse influences of social and cultural forces impacted upon individual instances of justice The book investigates several case studies of both justice and injustice which prompted the development of forensic toxicology the implementation of state propaganda and an increased interest in press sensationalism One such case study considers the trial of William Sheen who was prosecuted and later acquitted of the murder of his infant child at the Old Baily in 1827 an extraordinary miscarriage of justice that prompted outrage amongst the general public Other case studies include trials for treason theft obscenity and blasphemy Nash and Kilday root each of these cases within their relevant historical cultural and political contexts highlighting changing attitudes to popular culture public criticism protest and activism as significant factors in the transformation of the criminal trial and the British judicial system as a whole Drawing upon a wealth of primary sources including legal records newspaper articles and photographs this book provides a unique insight into the evolution of modern criminal justice in Britain

The Routledge Handbook of Translation and Activism Rebecca Gould,Kayvan Tahmasebian,2020-06-02 The Routledge Handbook of Translation and Activism provides an accessible diverse and ground breaking overview of literary cultural and political translation across a range of activist contexts As the first extended collection to offer perspectives on translation and activism from a global perspective this handbook includes case studies and histories of oppressed and marginalised people from over twenty different languages The contributions will make visible the role of translation in promoting and enabling social change in promoting equality in fighting discrimination in supporting human rights and in challenging autocracy and injustice across the Middle East Africa Latin America East Asia the US and Europe With a substantial introduction thirty one chapters and an extensive bibliography this Handbook is an indispensable resource for all activists translators students and researchers of translation and activism within translation and interpreting studies

Land Is All That Matters Myles Dungan,2024-05-09 In eighteenth and nineteenth century Europe everyone lived off the land in one way or another In Ireland however almost everyone lived on the land as well Agriculture was the only economic resource for the vast majority of the population outside the north east of the country Land was vital But most of it was owned by a class of Protestant English and often aristocratic landlords The dream of having more control over their farms even of owning them drove many of the most explosive conflicts in Irish history Rebellions against British rule were rare but savage outbreaks of murder related to resentments over land ownership and draconian state repression were a regular feature of Irish rural life The struggle for the land was also crucial in driving support for Irish nationalist demands for Home Rule and independence In this epic narrative Myles Dungan examines two hundred years of agrarian conflict from the ruinous famine of 1741 to the eve of World War Two It explores the pivotal moments that shaped Irish history the rise of moonlighting the infamous Whiteboys and Rightboys the insurrection of Captain Rock the Tithe War of 1831 36 the Great

Famine of 1845 that devastated the country and drastically reduced the Irish population and the Land War of 1878-1909 which ended by transferring almost all the landlords' holdings to their tenants. These events take place against the backdrop of prevailing British rule and stark class and wealth inequality. *Land Is All that Matters* tells the sweeping story of the agrarian revolution that fundamentally shaped modern Ireland.

The Irish Establishment 1879-1914 Fergus

Campbell, 2009-08-06 *The Irish Establishment* examines who the most powerful men and women were in Ireland between the Land War and the beginning of the Great War and considers how the composition of elite society changed during this period. Although enormous shifts in economic and political power were taking place at the middle levels of Irish society, Fergus Campbell demonstrates that the Irish establishment remained remarkably static and unchanged. The Irish landlord class and the Irish Protestant middle class, especially businessmen and professionals, retained critical positions of power, and the rising Catholic middle class was largely, although not entirely, excluded from this establishment elite. In particular, Campbell focuses on landlords, businessmen, religious leaders, politicians, police officers, and senior civil servants and examines their collective biographies to explore the changing nature of each of these elite groups. The book provides an alternative analysis to that advanced in the existing literature on elite groups in Ireland. Many historians argue that the members of the rising Catholic middle class were becoming successfully integrated into the Irish establishment by the beginning of the twentieth century and that the Irish revolution of 1916 represented a perverse turn of events that undermined an otherwise happy and democratic polity. Campbell suggests, on the other hand, that the revolution was a direct result of structural inequality and ethnic discrimination that converted well-educated young Catholics from ambitious students into frustrated revolutionaries. Finally, Campbell suggests that it was the strange intermediate nature of Ireland's relationship with Britain under the Act of Union 1801-1922, neither straightforward colony nor fully integrated part of the United Kingdom, that created the tensions that caused the Union to unravel long before Patrick Pearse pulled on his boots and marched down Sackville Street on Easter Monday in 1916.

Melancholy Accidents Carolyn Conley, 1999-01-01 While most scholarly attention on violence in post-famine Ireland has focused on political crimes, this book examines non-political violence, which made up the vast majority of incidents in that period. Ireland's overall crime rate was below that of England and Wales, but the proportion of violent offenses to non-violent ones was significantly higher in Ireland. In *Melancholy Accidents*, Carolyn Conley decries the commonly held belief that recreational and domestic violence was generally the result of understandable emotions. Conley demonstrates that the meaning of violence in post-famine Ireland was complex, personal, and often deeply traditional and idiosyncratic. This unique book will be valuable to a wide variety of scholars, including those who study women's history, European history, and social problems.

Irish Love Andrew M. Greeley, 2002-03-15

The New York Times bestselling author takes fabulous Nuala Anne McGrail and her husband once again to Ireland for another thrill-packed adventure. Back on the Emerald Isle, Nuala and Dermot soon get the feeling that someone is out to get them. They find themselves dodging multiple

explosions and someone starts shooting at Nuala while she is water skiing in the cold Atlantic Meanwhile the handsome parish priest Father Jack has given Dermot the diary of a young Chicago newspaperman Written in the year 1882 the diary tells in horrendous detail an intriguing story of a mass murder and a trumped up trial in which one of Ireland's greatest heroes was accused of the murders without a shred of evidence These two stories ancient and modern soon get mixed up and they make for an utterly fascinating tale of murder betrayal and redemption with Nuala and her magical powers at the center of it all Andrew Greeley not only tells us a riveting tale of adventure and derring do he gives us a picture of modern day prosperous Ireland and the engaging and of course sometimes villainous people who live there Father Greeley's deep and obvious love for the history and culture of Ireland shines through in his latest contemporary mystery following Irish Eyes involving singer psychic Nuala Anne McGrail and her American writer husband Dermot Michael Coyne Publishers Weekly
