Mabel Dodge Luhan New Woman New Worlds:

Mabel Dodge Luhan Lois Palken Rudnick,1984 This fascinating biography reveals a complex and talented woman who tried to influence the course of American history and in so doing captured the imaginations of writers and artists seeking to come to terms with their visions of the twentieth century Luhan s life is the story of America s emergence from the Victorian age and in particular the story of the conflicts that American women experienced in their struggle to become movers and shakers Both as a woman and as a legend Mabel Dodge Luhan embodies the cultural forces that have shaped modern America Back cover *Mabel Dodge Luhan & Company* Carmella Padilla,2016 Addresses issues common to contemporary Native Americans such as the definition of Indian art and the stereotypical Indian portrayed in film **Indian Country** Martin Padget,2006 Indian Country analyzes the works of Anglo writers and artists who encountered American Indians in the course of their travels in the Southwest during the one hundred year period beginning in 1840 Martin Padget looks first at the accounts produced by government sponsored explorers most notably John Wesley Powell s writings about the Colorado Plateau He goes on to survey the writers who popularized the region in fiction and travelogue including Helen Hunt Jackson and Charles F Lummis He also introduces us to Eldridge Ayer Burbank an often overlooked artist who between 1897 and 1917 made thousands of paintings and drawings of Indians from over 140 western tribes Padget addresses two topics how the Southwest emerged as a distinctive region in the minds of late nineteenth and early twentieth century Americans and what impact these conceptions and the growing presence of Anglos had on Indians in the region Popular writers like Jackson and Lummis presented the American Indians as a primitive culture waiting to be discovered and experienced firsthand Later as Padget shows Anglo activists for Indian rights such as Mabel Dodge Luhan and Mary Austin worked for the acceptance of other views of Native Americans and their cultures Where the Tall Grass Grows Bobby Bridger,2016-07-20 In this entertaining and thought provoking book noted historian and musician Bobby Bridger explores the impact of Native American culture on the American psyche The book also examines the impact of indigenous American mythology on contemporary identity and the development of modern popular entertainment particularly the Hollywood film industry *Gender I-deology* ,2023-03-13 **Cather Among the Moderns** Janis P. Stout,2019-03-19 A masterful study by a preeminent scholar that situates Cather as a visionary practitioner of literary modernism Willa Cather is often pegged as a regionalist a feminine and domestic writer or a social realist In *Cather Among the Moderns* Janis P Stout firmly situates Cather as a visionary practitioner of literary modernism something other scholars have hinted at but rarely affirmed Stout presents Cather on a large dramatic stage among a sizable cast of characters and against a brightly lit social and historical backdrop invoking numerous figures and instances from the broad movement in the arts and culture that we call modernism Early on Stout addresses the matter of gender The term cross dresser has often been applied to Cather but Stout sees Cather s identity as fractured or ambiguous a reading that links her firmly to early twentieth century modernity Later chapters take

up topics of significance both to Cather and to twentieth century American modernists including shifting gender roles World War I s devastation of social and artistic norms and strains in racial relations She explores Cather s links to a small group of modernists who after the war embraced life in New Mexico a destination of choice for many artists and which led to two of Cather s most fully realized modernist novels *The Professor s House* and *Death Comes for the Archbishop* The last chapter addresses Cather s place within modernism Stout first places her in relation to Ezra Pound and T S Eliot with their shared ties to tradition even while making sometimes startling innovations in literary form then showing parallels with William Faulkner with respect to economic disparity and social injustice

Christian Anarchist William Marling, 2022-02-15 A biography of a remarkable figure whose politics prefigured today s social justice ecology and gender equality movements Ammon Hennacy was arrested over thirty times for opposing US entry in World War 1 Later when he refused to pay taxes that support war he lost his wife and daughters and then his job For protesting the bombing of Hiroshima and Nagasaki he was hounded by the IRS and driven to migrant labor in the fields of the West He had a romance with Dorothy Day founder of the Catholic Worker who called him a prophet and a peasant He helped the homeless on the Bowery founded the Joe Hill House of Hospitality in Salt Lake City and protested the

US development of nuclear missiles becoming in the process one of the most celebrated anarchists of the twentieth century To our era when so much protest happens on social media his actual sacrifices seem unworldly Ammon Hennacy was a forerunner of contemporary progressive thought and he remains a beacon for challenges that confront the world and especially the US today In this exceptional biography William Marling tells the story of this fascinating figure who remains particularly important for the Catholic Left In addition to establishing Hennacy as an exemplar of vegetarianism ecology and pacificism Marling illuminates a broader history of political ideas now largely lost the late nineteenth century utopian movements the grassroots socialist movements before World War I and the antinuclear protests of the 1960s A nuanced study of when religion and anarchist theory overlap Christian Anarchist shows how Hennacy's life at the heart of radical libertarian and anarchist interventions in American politics not only galvanized the public then but offers us new insight for today

Inside Looking Out Sharyn Rohlfson Udall, 1994 American painter Gina Knee 1898 1982 is an important virtually unacclaimed artist whose career stretched over five decades and many locations she worked in the Southwest the South California and New York Starting in the 1940s she was given solo shows on both coasts and her work found its way into major public and private collections She knew and exhibited with some of the major artists of her day Jackson Pollock Willem de Kooning Mark Tobey and her third husband Alexander Brook Yet like many artists especially women working on the fringes of mainstream art movements her achievements have been nearly forgotten in the rush to create art superstars This book is an in depth examination of the artist's life and work from hesitant artistic beginnings to a culmination in highly original paintings reflecting her modernist and abstract vision Inside Looking Out reflects too the recent recognition in art history that art is as much a product of culture as it is the elusive privileged activity of the isolated genius Knee's efforts to find the delicate balance between marriage and her life's work is a central theme of the book traced in her letters and conversations with friends Her story gives new insight into American art and life at mid century Gina modified her schedule to suit the demand of her husband's They rose early she prepared his breakfast and packed his lunch then drove him to work in the pre dawn rushing traffic Returning home she faced the new tasks of managing the household without help Dishwashing making beds dusting laundry all the things middle class women took for granted in the 1940s these were frustrating and time consuming It just takes hours for me to do what an organized housewife does in one she complained Gina's affluent upbringing and the ease of finding servants in Santa Fe had accustomed her to hours of time spent as she chose In wartime Los Angeles when servants were impossible to find she suddenly had to do everything and it soon began to feel burdensome Forced to sacrifice precious studio time to the demands of a repetitious household routine she came face to face with a new reality that she must now give up a certain amount of control over her own life Money her own independent income had formerly given her the luxury of time time to be used as a man does in professional activity freed from enervating household chores Now the leveling effect of the war reminded her firmly that she was a woman in a situation where affluence

could not buy the uninterrupted freedom to create Her life was turned upside down her priorities questioned her relationship with Ernie Knee strained
