Macarthur And Wainwright Sacrifice Of The Philippines:

MacArthur and Wainwright John Jacob Beck,1974 *Philippine-American Military History, 1902-1942* Richard B. Meixsel,2015-10-02 Military obligations rested lightly upon the Filipino people for much of the period that America occupied the Philippines but Filipinos could enlist in the United States Army and Navy attend the service academies at West Point and Annapolis or join military organizations restricted to duty in the islands such as the Philippine Scouts Philippine Constabulary Philippine National Guard and the navy's insular force In the 1930s the Philippine government established its own armed forces Throughout much of this time the U S army also kept a substantial portion of its troop strength in the Philippines This annotated bibliography of nearly 700 titles highlights the extent and variety of the Philippine American military experience from the conquest of the islands by the United States in 1902 to the defeat of Philippine and American forces by the Japanese in 1942 The bibliography includes memoirs and biographies of Filipino and American officers and enlisted men from MacArthur to Ferdinand Marcos unit histories army post and navy base histories medals and insignia books and the most extensive list of prisoner of war memoirs yet published Annotations address controversies such as the widely disparate estimates of American deaths on the Bataan Death March and include previously unpublished information such as casualty figures for American and Philippine forces in 1941 1942 *America's Heroes* James H. Willbanks,2011-03-11 This book features the stories of 200 heroic individuals awarded the Medal of Honor for their distinguished military service while fighting for their country from the Civil War to the conflicts in Iraq and Afghanistan America's Heroes Medal of Honor Recipients from the Civil War to Afghanistan pays tribute to Americans who have demonstrated uncommon valor in the face of great danger The Medal of Honor recipients featured in this book all acted heroically to earn this highly coveted award many of them by risking or sacrificing their lives to save the lives of others The stories of these individuals chosen to reflect the wide diversity of ethnic and cultural backgrounds branches of service and conflicts of the recipients will broaden readers understanding and appreciation of the Medal of Honor and the distinguished Americans who have received it In addition to the gripping stories of these heroic Americans this unique encyclopedia includes an introduction that chronicles the evolution in the award's significance The Medal of Honor has changed greatly over the last 150 years not only in the design of the physical decoration itself but also in terms of the qualifying criteria for the award's recipients *The Times When Men Must Die: The Story of the Destruction of the Philippine Army During the Early Months of World War II in the Pacific, December 1941-May 1942* , **Eagle Against the Sun** Ronald H. Spector,2020-11-03 The best book by far on the Pacific War The New York Times Book Review this classic one volume history of World War II in the Pacific draws on declassified intelligence files British American and Japanese archival material and military memoirs to provide a stunning and complete history of the conflict This superbly readable insightful gripping Washington Post Book World contribution to WWII history combines impeccable research with electrifying detail and offers provocative interpretations of this brutal forty four month struggle

Author and historian Ronald H Spector reassesses US and Japanese strategy and shows that the dual advance across the Pacific by MacArthur and Nimitz was more a pragmatic solution to bureaucratic doctrinal and public relations problems facing the Army and Navy than a strategic calculation He also argues that Japan made its fatal error not in the Midway campaign but in abandoning its offensive strategy after that defeat and allowing itself to be drawn into a war of attrition Spector skillfully takes us from top secret strategy meetings in Washington London and Tokyo to distant beaches and remote Asian jungles with battle weary GIs He reveals that the US had secret plans to wage unrestricted submarine warfare against Japan months before Pearl Harbor and shows that MacArthur and his commanders ignored important intercepts of Japanese messages that would have saved thousands of lives in Papua and Leyte Throughout Spector contends that American decisions in the Pacific War were shaped more often by the struggles between the British and the Americans and between the Army and the Navy than by strategic considerations Spector vividly recreates the major battles little known campaigns and unfamiliar events leading up to the deadliest air raid ever adding a new dimension to our understanding of the American war in the Pacific and the people and forces that determined its outcome *Philippine Islands* Jennifer L. Bailey, Center of Military History, 1992

Held To A Higher Standard: The Downfall Of Admiral Kimmel Lt-Comd Matthew R. Pettinger, 2014-08-15 In the aftermath of the Japanese attack on Pearl Harbor Admiral Husband Kimmel was relieved of command of the United States Pacific Fleet and forced into retirement Eight official investigations were conducted to determine his accountability for the attack These investigations produced mixed and often contradictory findings Though he was never brought to court martial accusations of dereliction of duty damaged his reputation considerably Ultimately he was one of only two World War Two flag officers not to be retired at the highest rank held during the war the other was Lieutenant General Walter Short the Army's Hawaiian commander at the time of the attack In contrast only nine hours after the Pearl Harbor attack General Douglas MacArthur suffered a similar crushing surprise defeat in the Philippines despite his knowledge that the Japanese had initiated hostilities Yet he became a national war hero The differing treatment accorded Admiral Kimmel compared to General MacArthur stands as a lesson on biased judgement Today military commanders in the Global War on Terrorism may find themselves in circumstances similar to either of these two commanders Knowledge of their situations may help today's commanders avoid similar pitfalls or may prevent comparable unbalanced treatment
