Governing Metropolitan Regions in the 21st Century Donald Phares, 2015-01-28 While government provides the structure of public leadership governance is the art of public leadership This timely book examines

current trends in metropolitan governance issues It analyzes specific cases from thirteen major metropolitan regions in the United States Canada and Mexico all woven together by an overall framework established in the first three chapters The distinguished contributors address such governance issues as city county consolidation local federal coordination annexation and special districting and private contracting with special attention to lessons learned from both successes and failures As urban governance innovations have clearly outpaced urban government structures in recent years the topics covered here are especially relevant

City Politics, Canada James Lightbody, 2006-01-01 City Politics Canada will both irritate and please but it should be read it raises all the important questions about urban governance in Canada Caroline Andrew Centre on Governance University of Ottawa

Canada on the Threshold of the 21st Century C.H.W. Remie, J.-M. Lacroix, 1991-08-22 This collection contains a selection of papers presented at the very first All European Canadian Studies Conference that took place in The Hague October 24-27 1990 This unique meeting took place for the first time in the history of Canadian Studies The focus of the papers is on the future rather than the past and it took place at a moment in time when Canada went through major crises that raised serious doubts about the country's future The papers of this volume explore the main issues and problems that Canada faces The volume contains sections on demography environmental problems economic transformations Canadian identity political power structure aboriginal issues and Canada's international relations As a whole the book takes stock where Canada stands and where it is going

Urban Affairs Caroline Andrew, Katherine A. Graham, Susan D. Phillips, 2002 Issues of urban policy are increasingly complex and important Whether considered from a social demographic or economic perspective Canada is overwhelmingly an urban nation and healthy prosperous cities are the key to its well being What then is our national policy toward urban affairs In *Urban Affairs* leading experts in a variety of disciplines explore this question

Your Worship Allan Levine, 1989-01-01 First published in 1989 *Your Worship* examines the highlights and lowlights of the careers of eight Canadian mayors who served between the 1930s and 1980s The subjects themselves Gerry McGeer of Vancouver Charlotte Whitton of Ottawa Stephen Juba of Winnipeg Jean Drapeau of Montreal Bill Hawrelak of Edmonton Grant MacEwan of Calgary Allan O'Brien of Halifax David Crombie of Toronto may have been saintly or otherwise in office None were boring A portrait gallery of the most unforgettable mayors in Canadian history *Your Worship* is an immensely entertaining romp through city halls across the country

Shaping the Metropolis Zack Taylor, 2019-05-23 Rising income inequality and concentrated poverty threaten the social sustainability of North American cities Suburban growth endangers sensitive ecosystems water supplies and food security Existing urban infrastructure is crumbling while governments struggle to pay for new and expanded services Can our inherited urban governance institutions and policies effectively respond to these problems In *Shaping the Metropolis* Zack Taylor compares the historical development of American and Canadian urban governance both at the national level and through specific metropolitan case studies Examining Minneapolis St Paul and Portland Oregon in the United States and Toronto and Vancouver in Canada

Taylor shows how differences in the structure of governing institutions in American states and Canadian provinces cumulatively produced different forms of urban governance. Arguing that since the nineteenth century American state governments have responded less effectively to rapid urban growth than Canadian provinces, he shows that the concentration of authority in Canadian provincial governments enabled the rapid adoption of coherent urban policies after the Second World War, while dispersed authority in American state governments fostered indecision and catered to parochial interests. Most contemporary policy problems and their solutions are to be found in cities. *Shaping the Metropolis* shows that urban governance encompasses far more than local government and that states and provinces have always played a central role in responding to urban policy challenges and will continue to do so in the future. **Governing Canada's City-regions**

Andrew Sancton, Institute for Research on Public Policy, 1994. Local Self-Government and the Right to the City Warren Magnusson, 2015-06-01. Despite decades of talk about globalization, democracy still depends on local self-government. In *Local Self-Government and the Right to the City*, Warren Magnusson argues that it is the principle behind claims to personal autonomy, community control, and national self-determination and holds the promise of more peaceful politics. Unfortunately, state-centred thinking has obscured understanding of what local self-government can mean and hindered efforts to make good on what activists have called the right to the city. In this collection of essays, Magnusson reflects on his own efforts to make sense of what local self-government can actually mean, using the old ideal of the town meeting as a touchstone. Why cannot communities govern themselves? Why fear direct democracy? As he suggests, putting more trust in the proliferating practices of government and self-government will actually make cities work better and enable us to see how to localize democracy appropriately. He shows that doing so will require citizens and governments to come to terms with the multiplicity, indeterminacy, and uncertainty implicit in politics and steer clear of sovereign solutions. The culmination of a life's work by Canada's leading political theorist in the field, *Local Self-Government and the Right to the City* ranges across topics such as local government, social movements, constitutional law, urban political economy, and democratic theory. **Urban and**

Regional Planning in Canada J. Barry Cullingworth, 2017-09-08. Originally published in 1987, this book presents a wide-ranging review of urban, regional, economic, and environmental planning in Canada. A comprehensive source of information on Canadian planning policies, it addresses the wide variations between Canadian provinces. While acknowledging similarities with programs and policies in the United States and Britain, the author documents the distinctively Canadian character of planning in Canada. Among the topics addressed in the book are the agencies of planning, the nature of urban plans, the instruments of planning, land policies, natural resources, regional planning at the federal level, regional planning and development in Ontario, regional planning in other provinces, environmental protection, planning and people, and reflections on the nature of planning in Canada. The author documents how governmental agencies handle problems of population growth, urban development, exploitation of natural resources, regional disparities, and many other issues that fall within the

scope of urban and regional planning But he goes beyond this to address matters of politics law economics social organization The book is pragmatic eclectic interpretive and critical It is a valuable contribution to international literature on planning in its political context *The Political Culture of Planning* J Barry Cullingworth, J. Barry Cullingworth, 2002-09-26

The Political Culture of Planning is written for two quite distinct readerships The main body of the book synthesizes a mass of information to provide an overview of a complex and amorphous field This material is designed to meet the needs of students who require a succinct account of the American system of land use planning These readers can ignore the notes For those who are embarking upon a much wider and deeper study of land use planning in the US the notes are crucial they provide the guideposts to an immensely rich literature The first four parts of the text present the main issues of land use planning in the US Part 1 assesses the US zoning system The introductory chapter discusses the meaning of zoning and its difference from planning the primacy of local governments the constitutional framework and the role of the courts Chapter two provides the historical background to zoning and an outline of the classic Euclid case Chapter three discusses the objectives and nature of zoning and the use which local governments have made of its inherently inflexible character Chapter four acts as a corrective to this view describing how lawyers and planners have shown remarkable ingenuity in adapting zoning to the demands of a changing society Part 2 deals with the perennial issues of discrimination financing infrastructure for new development and the process for negotiating zoning matters Part 3 presents a discussion of two overlapping issues of increasing significance aesthetics and historic preservation Part 4 focusses on the main issue facing land use planners attempting to channel the forces of development into spatial forms held to be socially desirable Part 5 consists of a series of broad ranging essays which discuss land use planning in the US its institutional and cultural framework and the reasons for its particular character Part 6 discusses the limited possibilities for land use reform in the US drawing on the author's considerable experience in both Britain and Canada in order to interpret the limitations and potentialities of land use planning in the US **Merger Mania** Andrew Sancton, Westmount (Québec), 2000 The purpose of the report is to analyse the advantages and disadvantages of municipal amalgamations provide a historical perspective of such amalgamations and examine how these experiences apply to the city region of Montreal Leningrad Blair A. Ruble, 2023-11-10 Throughout much of this century cities around the world have sought to gain control over their urban destinies through concerted government action Nowhere has this process of state intervention gone further than in the Soviet Union This volume explores the ways in which local and regional political economic and cultural leaders in Leningrad determine the physical and socioeconomic contours of their city and region within such a centralized economic and political environment The author examines four major policy initiatives that have emerged in Leningrad since the 1950s physical planning innovations integrated scientific production associations vocational education reform and socioeconomic planning and that have been anchored in attempts to plan and manage metropolitan Leningrad Each initiative illuminates the bureaucratic and political

strategies employed to obtain economic objectives as well as the bureaucratic patterns which distinguish market and non market experiences The boundaries for autonomous action by local Soviet politicians planners and managers emerge through this inquiry This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1990 **Local Government Reform in Winnipeg, 1945-1977** George Rich, University of Winnipeg. Institute of Urban Studies, 1987 This report reviews the history of local government reform in Winnipeg in the post war period with chapters covering the following the beginnings of metropolitan planning in the 1940s the formation of the Provincial Municipal Committee in 1951 the Metropolitan Planning Commission of Greater Winnipeg the Greater Winnipeg Planning Commission of 1955 the initiation of metropolitan government in 1960 the work of the Metropolitan Winnipeg Review Commission 1962 the 1970 report of the Local Government Boundaries Commission the 1963 Manitoba Royal Commission on Local Government the prelude to Unicity the establishment of Unicity Winnipeg in 1971 the Committee of Review under the City of Winnipeg Act 1976 The report also includes evaluations of the effectiveness of reform in Metro Winnipeg and Unicity Winnipeg based on the criteria of efficiency responsiveness openness representation leadership flexibility and commitment
