When London Calls Stephen Alomes, 1999-10-11 For thousands of young Australians the tearful dockside farewell was a rite of passage as they boarded ships bound for London For some the journey was an extended holiday but for many actors painters musicians writers and journalists leaving Australia seemed to be the only path to personal and professional fulfilment This

book first published in 2000 is a collective biography of those people who found themselves categorised as expatriates people such as Leo McKern Dame Joan Sutherland Barry Tuckwell Don Banks Phillip Knightley John Pilger Peter Porter Richard Neville Jill Neville and megastars Barry Humphries Germaine Greer and Clive James The book tells of choices they made about career and country yet it is also a cultural history that traces shifts in the complex relationship between Australia and Britain as the supposed colonial backwater began to develop its own cultural identity *Poet Lore*, 1903 **In Theory** Aijaz Ahmad, 2020-05-05 After the Second World War nationalism emerged as the principle expression of resistance to Western imperialism in a variety of regions from the Indian subcontinent to Africa to parts of Latin America and the Pacific Rim With the Bandung Conference and the formation of the Non Aligned Movement many of Europe's former colonies banded together to form a common bloc aligned with neither the advanced capitalist First World nor with the socialist Second World In this historical context the category of Third World literature emerged a category that has itself spawned a whole industry of scholarly and critical studies particularly in the metropolitan West but increasingly in the homelands of the Third World itself Setting himself against the growing tendency to homogenize Third World literature and cultures Aijaz Ahmad has produced a spirited critique of the major theoretical statements on colonial discourse and post colonialism dismantling many of the commonplaces and conceits that dominate contemporary cultural criticism With lengthy considerations of among others Fredric Jameson Edward Said and the Subaltern Studies group In Theory also contains brilliant analyses of the concept of Indian literature of the genealogy of the term Third World and of the conditions under which so called colonial discourse theory emerged in metropolitan intellectual circles Erudite and lucid Ahmad's remapping of the terrain of cultural theory is certain to provoke passionate response [The First Naipaul World Epics](#), 2021-07-31 The plethora of commentary from highly respected voices in a broad cross section of academic disciplines which V S Naipaul's death on 11 August 2018 elicited ranged so widely both cognitively and emotionally that if a student of literature unfamiliar with the Naipaulian era read it all they would have failed to make sense of the divergences Allegations included that he was a cruel man a scarred man the darkest dungeons of colonialism incarnate self punishing self loathing world loathing full of nastiness and fury a ventriloquist for the nastiest clichés European colonialism had devised to rule the world with arrogance and confidence and so on On the other hand writers referred to Naipaul as a brilliant writer's writer one who holds a mirror of imagination unto society to capture a certain view of reality and one who has turned the genre of the travelogue into an art form Debates aside many of us appreciate the value of Naipaul's writing to the deepest possible comprehension of the imperial impulse and the myriad reasons it manifested as colonialism [The First Naipaul World Epics](#) is the first in a series of critical collections that aim to demonstrate this value At the same time the series seeks to help the new student through the quagmire of divergent opinions his personality and writing have generated [Secular Vocations](#) Bruce Robbins, 1993-07-17 During the 1980s university based intellectuals came under heavy fire from both radicals and conservatives They were

accused by the former of betraying their public duty as general critics of society and by the latter of promulgating radical ideologies and corrupting the young In this work the author counters both left and right arguing that the professionalization of literary study was inevitable and fortuitous Robbins undertakes close studies of such figures as Edward Said Fredric Jameson and Raymond Williams while considering the major trends in contemporary cultural studies and giving significant attention to relevant developments in such disciplines as ethnology and sociology *Secular Vocations* ranges over materials from Britain France and the US knitting them together in a synthesis that places in bold relief many of the major controversies in contemporary intellectual life It concludes with a plea for what Robbins calls comparative cosmopolitanism to displace the more militantly particularist projects that have come to dominate the human sciences **The Roscoe magazine and Lancashire and Cheshire literary reporter** ,1849 **Willa Cather** James Woodress,1989-01-01 Drawing on letters interviews speeches and reminiscences looks at the life and career of the American novelist *Making Waves Anniversary Volume* Ann Davies,Parvathi Kumaraswami,Claire Williams,2021-02-10 Gender and women s studies have formed part of the academic landscape for many years but while the field is now established enough to have developed in depth and perspectives there remain many areas of significance yet to be explored most significantly much of the work carried out has remained rooted in the Anglo American context Those working outside this context are increasingly aware of the need to understand women in different cultural contexts in order to determine whether to what extent and how representations of women and cultural contexts are interactive and dynamic concepts The current volume contributes to the growing interest in the field of women and culture in the Hispanic and Lusophone worlds and shows how women writers researchers teachers and students have always made waves to counteract the complacency prejudice and tradition that threatens to ignore or subsume them The volume draws on literary study the starting point for much of the early work on gender in Spain the Lusophone world and Latin America but also goes beyond it to discuss women s interaction not only with literature but also with art and language itself in the Hispanic and Lusophone contexts It acts as a showcase for contemporary scholarship undertaken in Hispanic and Lusophone gender studies developing earlier insights and forging new ones to refine the debate continuing in the subject The contributors include both established scholars with a proven track record and promising newcomers to the field The volume arises from the individual research projects and sustained discussions of Women in Spanish Portuguese and Latin American Studies WiSPs an organisation that exists to promote scholarship by and about women in the field of Iberian Lusophone and Latin American Studies This volume celebrates the first seven years of WiSPs s life and presents some of the research presented under its auspices at annual conferences and study days
