Metternich's German Policy Volume I The Contest With Napoleon 1799 1814:

Metternich's German Policy, Volume I Enno E. Kraehe, 2015-12-08 This volume follows Metternich's career up to the restoration of the Bourbons in France Originally published in 1963 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 Metternich's German Policy, Volume II Enno E. Kraehe, 2014-07-14 Using new archival sources this book shows that Prussia sought not the unity of Germany but its partition into five masses loosely enough joined to assure her control of the North Hardenberg not Metternich supported the feudalistic claims of the estates suppressed by Napoleon and the resurrection of ancient estates assemblies based mainly on corporate orders Originally published in 1984 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

Metternich's German Policy: The contest with Napoleon, 1799-1814 Enno E. Kraehe, 1963 *Metternich, the German Question and the Pursuit of Peace* Barbora Pásztorová, 2022-03-07 Despite the large number of books and studies written about Metternich there is still a period of his political career that scholars neglect to this day the 1840s This book offers an analysis of Metternich's German policy in the years 1840 1848 and thus fills a gap in Metternich studies Analysing this period is important due to the fact that over the course of those less than nine years Metternich lost his influence within the German Confederation He represented a certain way of behaving moderate calm and reconciliatory but it was an attitude which was rejected during the period of rising mass nationalism Nevertheless he continued to endeavour to steer this escalating nationalism and by applying calming policies prevent it from causing armed conflicts in Europe Since Metternich conceived the German Confederation at the Congress of Vienna in 1815 as one of the pillars of the European peace settlement the issue is viewed from the perspective of European crises of the time from the Rhine Crisis to the Swiss civil war Similarly it presents his policy in a broader context of economic and social history The book follows revisionist research on Metternich and refutes some of the clichés still associated with his policy **Metternich's German Policy** Enno Edward Kraehe, 1963 Metternich's German Policy: The contest with Napoleon, 1799-1814 Enno E. Kraehe, 1963 The Kingdom of Württemberg and the Making of Germany, 1815-1871 Bodie A. Ashton, 2017-01-12 CHOICE Outstanding Academic Title 2017 This book examines the 1871 unification of Germany through the prism of one of its forgotten states the Kingdom of W

rttemberg It moves beyond the traditional argument for the importance of the great powers of Austria and Prussia in controlling German destiny at this time Bodie A Ashton champions the significance of W rttemberg and as a result all 38 German states in the unification process noting that each had their own institutions and traditions that proved vital to the eventual shape of German unity The Kingdom of W rttemberg and the Making of Germany 1815 1871 demonstrates that the state s government was dynamic and in full control of its own policy making throughout most of the 19th century with Ashton showing a keen appreciation for the state s domestic development during the period The book traces W rttemberg s strong involvement in the national question and how successive governments and monarchs in the state s capital of Stuttgart manoeuvred the country so as to gain the greatest advantage It successfully argues that the shape of German unification was not inevitable and was in fact driven largely by the desires of the Mittelstaaten rather than the great powers the eventual Reichsgr ndung of January 1871 was merely the final step in a long series of negotiations diplomatic manoeuvres and subterfuge with W rttemberg playing a vital regional role Making use of a wealth of primary sources including telegrams newspaper articles diary entries letters and government documents this is a vitally important study for all scholars and students of 19th century Germany

The Napoleonic Wars 1803-1815 David Gates, 2011-06-08 Known collectively as the Great War for over a decade the Napoleonic Wars engulfed not only a whole continent but also the overseas possessions of the leading European states A war of unprecedented scale and intensity it was in many ways a product of change that acted as a catalyst for upheaval and reform across much of Europe with aspects of its legacy lingering to this very day There is a mass of literature on Napoleon and his times yet there are only a handful of scholarly works that seek to cover the Napoleonic Wars in their entirety and fewer still that place the conflict in any broader framework This study redresses the balance Drawing on recent findings and applying a total history approach it explores the causes and effects of the conflict and places it in the context of the evolution of modern warfare It reappraises the most significant and controversial military ventures including the war at sea and Napoleon s campaigns of 1805 9 The study gives an insight into the factors that shaped the war setting the struggle in its wider economic cultural political and intellectual dimensions

Napoleon David Nicholls, 1999-12-01 This illustrated A Z encyclopedia provides easy access to information about the emperor Napoleon Over 300 entries cover significant events people and other topics such as the principal Napoleonic campaigns all the major battles including Waterloo and Austerlitz Napoleon s most important generals and marshals Josephine de Beauharnais and the Napoleonic Code Napoleon also includes primary source documents a handy chronology of key events a bibliography and an index

Metternich's German Policy ... Enno Edward Kraehe, 1963 *The Grand Strategy of the Habsburg Empire* A. Wess Mitchell, 2019-10 The Habsburg Empire s grand strategy for outmaneuvering and outlasting stronger rivals in a complicated geopolitical world The Empire of Habsburg Austria faced more enemies than any other European great power Flanked on four sides by rivals it possessed few of the advantages that explain successful empires Yet somehow Austria

endured outlasting Ottoman sieges Frederick the Great and Napoleon A Wess Mitchell tells the story of how this cash strapped polyglot empire survived for centuries in Europe s most dangerous neighborhood without succumbing to the pressures of multisided warfare He shows how the Habsburgs played the long game in geopolitics corralling friend and foe alike into voluntarily managing the empire s lengthy frontiers and extending a benign hegemony across the turbulent lands of middle Europe The Grand Strategy of the Habsburg Empire offers lessons on how to navigate a messy geopolitical map stand firm without the advantage of military predominance and prevail against multiple rivals *Austria, Prussia and The Making of Germany* John Breuilly,2014-06-11 It is often argued that the unification of Germany in 1871 was the inevitable result of the convergence of Prussian power and German nationalism John Breuilly here shows that the true story was much more complex For most of the nineteenth century Austria was the dominant power in the region Prussian led unification was highly unlikely up until the 1860s and even then was only possible because of the many other changes happening in Germany Europe and the wider world **Quarterly Review of Military Literature** ,1964 Baron Thugut and Austria's Response to the French Revolution Karl A. Roeder Jr.,2014-07-14 Here is the first political biography of Baron Franz Maria Thugut the principal Austrian opponent of the French Revolution This work explains Thugut s role as the first Austrian statesman seriously to confront the Revolution In the process it makes significant revisions in the conventional picture of the international system of the period Originally published in 1987 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 **Napoleonic Europe** Clive Emsley,2014-09-19 The impact of Napoleon on France and on Europe was immediate and enduring He dominated his age as his armies dominated the continent and no European country was untouched or unchanged by the events of these turbulent years Keeping one s bearings geographically militarily politically and chronologically in the prevailing turmoil is no easy matter even for the specialist and Clive Emsley s concise but authoritative guide to the Napoleonic age will be a boon to students scholars and general readers alike **A History of the Habsburg Empire, 1526-1918** Robert A. Kann,1974 A political cultural and socioeconomic history of the Habsburg empire discussing the rise of Habsburg power its subsequent status and action as a great power and its dissolution **German History 1789-1871** Eric Dorn Brose,2013-08 During recent years there has been a noticeable increase in interest in the nineteenth century resulting in many fine monographs However these studies often gravitate toward Prussia or treat Germany s southern and northern regions as separate entities or else are thematically compartmentalized This book overcomes these divisions offering a wide ranging account of this revolutionary century and skillfully combining narrative with analysis Its lively style makes it very accessible and ideal for all

students of nineteenth century Germany **Alexander I** Alan Palmer, 2014-06-12 As Alan Palmer himself writes in his preface Alexander 1 ruler of Russia for the first quarter of the nineteenth century is remembered today mainly on three counts as the Tsar who refused to make peace with the French when Moscow fell in 1812 as the idealist who sought to bind Europe's sovereigns in a Holy Alliance in 1815 and as the Emperor who died or gave the impression of having died at the remote southern seaport of Taganrog in the winter of 1825 Recent interest has concentrated perhaps excessively on the third of these dramatic episodes although it is natural that the epic years of the struggle with Napoleon should continue to excite the historical imagination He has been dubbed The Enigmatic Tsar There are many contrasting opinions of him Thomas Jefferson declared A more virtuous man I believe does not exist nor one who is more enthusiastically devoted to better the condition of mankind Castlereagh thought well of him too but both Metternich and Napoleon considered him inconsistent and untrustworthy And Pushkin famously described him as a Sphinx who carried his riddle with him to the tomb an assessment even more piquant if it is true as some maintain his tomb is empty With his customary blend of meticulous scholarship and agreeable writing Alan Palmer provides the most balanced and engaging portrait imaginable A pleasure to read and unlikely to be replaced for many years Philip Ziegler The Times Excellent a major biographical achievement a notable contribution to our understanding of this still enigmatic monarch Robert Blake Spectator **The Impact of Napoleon** Brendan Simms, 2002-06-27 This book examines Prussia's response to Napoleon and Napoleonic expansionism in the years before the crushing defeats of Auerstadt and Jena a period of German history as untypical as it was dramatic Between the years 1797 and 1806 the main fear of Prussian statesmen was French power rather than revolution from below This threat spawned a foreign policy debate characterised by geopolitical thinking the belief that Prussian policy was conditioned by her unique geographic situation at the heart of Europe The book breaks new ground both methodologically and empirically By combining high political and geopolitical analysis it is able to present a more comprehensive and nuanced picture than earlier interpretations The book also draws on a very wide range of sources official and unofficial many previously unused

The Harmon Memorial Lectures in Military History, 1959-1987 United States. Air Force. Office of Air Force History, 1988

Yeah, reviewing a book **Metternichs German Policy Volume I The Contest With Napoleon 1799 1814** could mount up your close associates listings. This is just one of the solutions for you to be successful. As understood, talent does not recommend that you have wonderful points.

Comprehending as capably as conformity even more than extra will come up with the money for each success. adjacent to, the pronouncement as with ease as sharpness of this Metternichs German Policy Volume I The Contest With Napoleon 1799 1814 can be taken as capably as picked to act.
