Mexican Karismata The Baroque Vocation Of Francisca De Los Angeles 1674 1744:

Mexican Karismata Ellen Gunnarsdóttir, 2004-01-01 Mexican Karismata chronicles the life of Francisca de los Angeles 1674 1744 the daughter of a poor Creole mother and mestizo father who became a renowned holy woman in her native city of Quer taro Mexico during the high Baroque period As a precocious young visionary and later as the headmistress of an important religious institution for women Francisca actively partook in the project to revitalize the Catholic cult in New Spain s northern regions led by her mentors the Spanish missionaries of the Congregation for the Propagation of Faith Her copious correspondence containing hundreds of unedited letters documents the personal experience of popular Catholicism during the high Baroque period in New Spain Francisca s journey to God did not follow prescribed hagiographical guidelines drawing its inspiration instead from an eclectic mix of the doctrines of the Counter Reformation medieval spirituality and local traditions Her ecstatic apostolate to the dead and living often bordered on heresy but found acceptance and came to fruition under the protection of Quer taro s ecclesiastical and secular elite Her life shows how mystic rapture and sociability joined in this colonial variation of Early Modern Catholicism and demonstrates the remarkable vitality and openness of urban spirituality in the New World

Galindo, 2018-02-27 For 300 years Franciscans were at the forefront of the spread of Catholicism in the New World In the late seventeenth century Franciscans developed a far reaching systematic missionary program in Spain and the Americas After founding the first college of propaganda fide in the Mexican city of Quer taro the Franciscan Order established six additional colleges in New Spain ten in South America and twelve in Spain From these colleges Franciscans proselytized Indians in frontier territories as well as Catholics in rural and urban areas in eighteenth century Spain and Spanish America *To Sin No More* is the first book to study these colleges their missionaries and their multifaceted sweeping missionary programs By focusing on the recruitment of non Catholics to Catholicism as well as the deepening of religious fervor among Catholics David Rex Galindo shows how the Franciscan colleges expanded and shaped popular Catholicism in the eighteenth century Spanish Atlantic world This book explores the motivations driving Franciscan friars their lives inside the colleges their training and their ministry among Catholics an often overlooked duty that paralleled missionary deployments Rex Galindo argues that Franciscan missionaries aimed to reform or reawaken Catholic parishioners just as much as they sought to convert non Christian Indians *Devout Laywomen in the Early Modern World* Alison Weber, 2016-03-10 Devout

laywomen raise a number of provocative questions about gender and religion in the early modern world How did some groups or individuals evade the Tridentine legislation that required third order women to take solemn vows and observe active and passive enclosure How did their attempts to exercise a female apostolate albeit with varying degrees of success and assertiveness destabilize hierarchies of class and gender To the extent that their beliefs and practices diverged from approved doctrine and rituals what insights can they provide into the tensions between official religion and lay religiosity Addressing these and many other questions *Devout Laywomen in the Early Modern World* reflects new directions in gender history offering a more nuanced approach to the paradigm of woman as the prototypical disciplined subject of church state power *The History of the Future in Colonial Mexico* Matthew D. O'Hara, 2018-11-20 A prominent scholar of Mexican and

Latin American history challenges the field's focus on historical memory to instead examine colonial era conceptions of the future. Going against the grain of most existing scholarship, Matthew D. O'Hara explores the archives of colonial Mexico to uncover a history of futuremaking. While historians and historical anthropologists of Latin America have long focused on historical memory, O'Hara, a Rockefeller Foundation grantee and the award-winning author of *A Flock Divided: Race, Religion, and Politics in Mexico*, rejects this approach and its assumptions about time, experience, and the future. Ranging widely across economic, political, and cultural practices, O'Hara demonstrates how colonial subjects used the resources of tradition and Catholicism to craft new futures. An intriguing, innovative work, this volume will be widely read by scholars of Latin American history, religious studies, and historical methodology.

Searching for Madre Matiana, Edward Wright-Rios, 2014-12. Edward Wright-Rios examines the much maligned and sometimes celebrated character of Madre Matiana and her position in the development of Mexico.

A Flock Divided, Matthew D. O'Hara, 2010. A history examining the interactions between church authorities and Mexican parishioners from the late colonial era into the early national period shows how religious thought and practice shaped Mexico's popular politics.

Women in Colonial Latin America, 1526 to 1806, 2018-09-15. This outstanding collection makes available for the first time a remarkable range of primary sources that will enrich courses on women as well as Latin American history more broadly. Within these pages are captivating stories of enslaved African and indigenous women who protest abuse of women who defend themselves from charges of witchcraft, cross-dressing, and infanticide of women who travel throughout the empire or are left behind by the men in their lives and of women's strategies for making a living in a world of cross-cultural exchanges. Jaffary and Mangan's excellent Introduction and annotations provide context and guide readers to think critically about crucial issues related to the intersections of gender with conquest, religion, work, family, and the law.

Pious Imperialism, Cornelius Conover, 2019-05-01. This book analyzes Spanish rule and Catholic practice from the consolidation of Spanish control in the Americas in the sixteenth century to the loss of these colonies in the nineteenth century by following the life and afterlife of an accidental martyr, San Felipe de Jesús. Using Mexico City native San Felipe as the central figure, Conover tracks the global aspirations of imperial Spain in places such as Japan and Rome without losing

sight of the local forces affecting Catholicism He demonstrates the ways Spanish religious attitudes motivated territorial expansion and transformed Catholic worship Using Mexico City as an example Conover also shows that the cult of saints continually refreshed the spiritual authority of the Spanish monarch and the message of loyalty of colonial peoples to a devout king Such a political message in worship Conover concludes proved contentious in independent Mexico thus setting the stage for the momentous conflicts of the nineteenth century in Latin American religious history The Inner Life of Catholic Reform Ulrich L. Lehner,2022 The Inner Life of Catholic Reform offers a longue dur e overview of the sentiments and spiritual ideas of the 250 year long time span from the ending of the Council of Trent to the Catholic Enlightenment known as Catholic Reform *The Women of Colonial Latin America* Susan Migden Socolow,2015-02-16 A highly readable survey of women s experiences in Latin America from the late fifteenth to the early nineteenth centuries
