Enrique C. Ochoa

Mexican Political Biographies 1935 1981:

Mexican Political Biographies Roderic Ai Camp, 1982 **Mexican Political Biographies, 1935-1981** Roderic A. Camp, 1982 *Mexican Political Biographies, 1935-2009* Roderic Ai Camp, 2011-10-01 This fourth edition of Roderic Camp's highly respected Mexican Political Biographies is an updated comprehensive biographical directory of leading state and national politicians in Mexico covering the years 1935-2009. The original edition published in 1976 was the first and only comprehensive biographical work on contemporary political figures in any language and served as the prototype for the Mexican government's brief foray into its own official biographical directory. The Mexican Supreme Court has cited every biography of justices in the third edition as the basis of its biographies in the late 1980s. With updates of the existing biographies and appendices plus almost 1,000 additional biographies, this fourth edition now features close to 3,000 entries and serves as a unique resource list of the chronological occupants of all leading national political posts. The need for such information has become even more pronounced since Mexico's political transformation from a semi-authoritarian to a democratic model. This latest edition allows readers access to information about Mexican politicians into the new century and like its earlier versions will be a valuable tool for government officials, journalists, historians, social scientists, the business community, and students. Finally, it includes a detailed bibliographic essay that identifies and explains the significance of biographical sources and has been enhanced by numerous up-to-date Internet sources. An added convenience is an accompanying CD that allows readers to search the biographies and appendices, enhancing the longevity, usefulness, and uniqueness of this edition.

Oil and Mexican Foreign Policy George Grayson, 1988-05-15 The discovery of enormous oil reserves in the early 1970s revolutionized Mexico's economy and political behavior, bringing soaring revenues and industrial development. The oil glut of 1981 and wild fluctuations in world prices pushed the country to the brink of bankruptcy. George W. Grayson describes how the roller coaster economic ride, shrill nationalism, political assertiveness, and arrogant posturing of the 1970s have given way to greater professionalism, fiscal responsibility, and a cooperative attitude towards the United States in recent times.

Mexican Politics in Transition Judith Gentleman, 2019-03-13 Initiated in the mid 1970s, Mexico's program of political reform was designed to provide a new opportunity for political competition. In this book, contributors examine the significance political mobilization has had and the extent to which the reform has served as a vehicle for defusing discontent in the wake of Mexico's failed oil-based development.

Dictionary of Mexican Literature Eladio Cortés, 1992-11-24 This volume features approximately 600 entries that represent the major writers, literary schools, and cultural movements in the history of Mexican literature. A collaborative effort by American, Mexican, and Hispanic scholars, the text contains bibliographical, biographical, and critical material, placing each work cited within its cultural and historical framework. Intended to enrich the English-speaking public's appreciation of the rich diversity of Mexican literature, works are selected on the basis of their contribution toward an understanding of this unique artistry. The dictionary contains entries

keyed by author and works the length of each entry determined by the relative significance of the writer or movement being discussed Each biographical entry identifies the author's literary contribution by including facts about his or her life and works a chronological list of works a supplementary bibliography and when appropriate critical notes Authors are listed alphabetically and cross referenced both within the text and the index to facilitate easy access to information Selected bibliographical entries are also listed alphabetically by author and include both the original title and English translation publisher date and place of publication and number of pages

Democracy Within Reason Miguel Angel Centeno, 2010-11-01

The Paradox of Revolution Kevin J. Middlebrook, 1995 Review First major comprehensive analysis in English of the post revolutionary evolution of organized labor from 1920 to present Argues that before labor plays a major role in Mexico's political and economic future it must democratize internally the State also must end direct manipulation of unions Handbook of Latin American Studies v 57 <http://www.loc.gov/hlas>

Political Recruitment across Two Centuries Roderic Ai Camp, 2013-12-06 During more than twenty years of field research Roderic Ai Camp built a monumental database of biographical information on more than 3 000 leading national figures in Mexico In this major contribution to Mexican political history he draws on that database to present a definitive account of the paths to power Mexican political leaders pursued during the period 1884 to 1992 Camp's research clarifies the patterns of political recruitment in Mexico showing the consequences of choosing one group over another It calls into question numerous traditional assumptions including that upward political mobility was a cause of the Mexican Revolution of 1910 Comparing Mexican practices with those in several East Asian countries also allows Camp to question many of the tenets of political recruitment theory His book will be of interest to students not only of Mexican politics but also of history comparative politics political leadership and Third World development

From Military to Civilian Rule Constantine P. Danopoulos, 2024-09-30 Military disengagement from power in favour of a civilian government is not an uncommon phenomenon especially in the developing world First published in 1992 *From Military to Civilian Rule* is the first comparative study of the motives behind military withdrawal and the establishment of sustainable civilian rule Using case studies from Africa Central and South America the Caribbean and Europe written by regional specialists the book looks at the future of civil military relations in the post disengagement state It reviews the factors organizational societal and international necessary for maintaining civilian rule and it establishes conceptual themes common to the countries discussed This volume will appeal to academics and advanced students with interests in Third World Politics Latin American Politics and the role of the military in the State

Hope and Frustration Carlos B. Gil, 1992 This volume aims to spotlight six of contemporary Mexico's most important opposition figures In depth interviews conducted by Carlos B Gil introduce the reader to such increasingly influential leaders as Jesus Gonzalez Schmal of the conservative PAN Cuauhtemoc Cardenas the most successful opposition candidate in Mexico's history and Jorge Alcocer Villanueva who has long helped direct various offshoots of the Communist Party in Mexico

Sons of the Mexican Revolution Ryan M.

Alexander,2016-10 Using a wide array of new archival sources Alexander demonstrates that the transformative political decisions made by civilian government officials after the 1946 election represented both their collective values as a generation and their effort to adapt those values to the realities of the Cold War **Governing Mexico** John J.

Bailey,1988-06-18 Based on extensive fieldwork and a wide variety of US and Mexican academic government and journalistic sources this book analyzes the critical institutions and policy issues that will determine whether and how the Mexican government can modernize the economy and retain political legitimacy *Feeding Mexico* Enrique C. Ochoa,2001-09-01

Winner of the 1998 Michael C Meyer Manuscript Prize *Feeding Mexico* The Political Uses of Food since 1910 traces the Mexican government's intervention in the regulation production and distribution of food from the days of Cardenas to the recent privatization inspired by NAFTA Professor Ochoa argues that the real goals of the government's food subsidies were political driven by presidential desires to court urban labor Many of the agencies and policies were hastily set in place in response to short term political or economic crises Since the goals were not to alleviate poverty but to provide modest subsidies to urban consumers the policies did not eliminate destitution or malnutrition in the country Despite the minimal achievements of these interventionist policies the State Food Agency provided a symbol of the state's concern for the workers The elimination of the Agency in the 1990s prompted social protest and unrest *Feeding Mexico* is the first study to examine the creation of networks to deliver food products the relationship of these channels of distribution to the food crisis and the role of the state in trying to ameliorate the problem Based on exhaustive research of new archival material and richly documented with statistical tables this book exposes the dynamics and outcome of social policy in twentieth century Mexico

Generals in the Palacio Roderic A. Camp,1992 While there is considerable literature on civilian military relations worldwide there is as yet no study of the Mexican military Despite their intense desire to remain unexamined Camp's portrait of the Mexican military from 1946 to 1990 takes us inside their world to examine their values relationships backgrounds education and promotion patterns and considers these findings in the context of Mexican society and politics Camp provides fresh empirical data for testing claims concerning civil military relations worldwide **Mexican Political Biographies, 1935-1993** Roderic Ai Camp,1995 *My Father's Shoes* is at its core an anthology of short stories The book is allegoric and the shoes are metaphoric Unlike most anthologies however these stories are an amalgam of themselves They integrate and coalesce There is a rhythm and a cadence both in substance and in form This book was initially written as a gift to my father I wanted to share certain memories with him that were meaningful and lasting I wanted him to know from my perspective just how important he was in my life He never really understood the profound impact that he had on the lives of other people especially his family Because of that humility or perhaps in honor of it I wanted to him know that he truly made a difference in this world As others read the manuscript they seemed to recognize something of themselves in these stories A memory A passage An incident A feeling As they did I became more comfortable with sharing these vignettes of family life In the end

this book is really more about me than my father But even more than that it is about appreciating every circumstance in life however mundane or unremarkable it may seem at the time These seemingly discrete and unrelated moments actually define who you are what you become and what matters most in life At least they did for me My father always used to say senza memoria vita non esiste which in Italian means without memory life does not exist These are my memories and this is my inheritance Raymond F Vennare While dedicating a significant and successful portion of his life and career to business entrepreneurship and science Raymond s essential orientation is humanistic He is exquisitely aware of the inter relatedness of all things This ability to intrinsically see and understand how disciplines overlap and coincide is Raymond s distinctive gift He is at home in the intersections of business culture art and science and uses interconnectedness as a catalyst for finding novel ways to forge bonds across disciplines and solve human problems Raymond has always been driven to express his way of seeing the commonalities of the world This is reflected in the lifelong diversity and range of his pursuits through his work as an academically trained art historian ethicist and businessman and as a multi disciplinary artist painter writer musician and commentator His current artistic offering is a richly textured memoir My Father s Shoes which he is also adapting for stage and audio performance This vibrant anthology celebrates the capacity of one person to make a lasting difference in the lives of others With humorous reflection clanking dishes wafting aromas and loving tenderness it vividly reminds us how we ultimately transfer our human energy through the stories and memories we create and leave behind There isn t one ounce of fat in Vennare s writing Every story is a journey every sentence a complete thought This book is not just a good read this is Benediction Frank Ferraro Filmmaker and Playwright I feel like I know these people and I care about them and the vivid way they lived Vennare s courage in the act of remembering his father s life and revealing his own is an invitation to all of us to find a way to pass on the stories and memories we hold most dear Karen Kern Writer My Father s Shoes is a wonderful trip down memory lane With each chapter read the pages penned touched my heart and resonated with personal stories of my own family members The book is a one shoe fits all narrative Lillie Leonardi Author In the Shadow of a Badge

A Selected Bibliography on the United States Army in Latin America US Army Military History Institute, Claude C. Sturgill, 1986

Miraculous Metamorphoses J. Demmers, A.E. Fernandez Jilberto, Barbara Hogenboom, 2001-03 This volume examines a central conundrum of Latin American politics How is that the triumph of neoliberal inspired economic restructuring in the 1980s and 90s did not cause the political demise of populist movements What is remarkable as these scholars show is that Latin American populist parties which had long been associated with statist quasi Keynesian even demagogic economic policies have survived the transition to the much harsher era of free markets privatisation unemployment and increasing inequality And without apparently losing their political popularity in contrast both to the far left and traditional oligarchic parties Indeed Latin American populist forces seem to have made neoliberalism their own The Editors have carefully chosen from South and Central America a representative set of countries through which to explore this phenomenon Argentina Chile

Brazil Peru Ecuador Mexico El Salvador and Nicaragua What emerges is an up to date nuanced modern political history of Latin America which does full justice to the distinctive political paths of each country while at the same time making clear the significant extent to which the region's populist tradition as a whole has adapted to the new economic realities This is in marked contrast to the very different political trajectories of Africa and Asia in the past two decades

Mexico's Relations with Latin America During the Cárdenas Era Amelia M. Kiddle, 2016-10-15 Appendix 1 Diplomatic Representation by Latin American Country 1934 1940 Appendix 2 Diplomats Posted to Latin America 1934 1940 Notes Bibliography Index Back Cover

The Politics of Water Vivienne Bennett, 1995-11-15 Monterrey is Mexico's second most important industrial city emerging in this era of free trade as a cornerstone of Mexico's economic development But development has been uneven and has taken a toll As recently as the early 1980s nearly a quarter of the city's almost three million inhabitants did not have running water in their homes At the same time heavy industry especially steel iron chemical and paper works were major users of water in their production processes Extensive industrialization coupled with a lack of infrastructure development astonishing in a major industrial city raises serious questions about the process of planning urban services in Mexico Bennett uses the water crisis of the 1980s as a lens through which to reveal this planning process and the provision of public services in Monterrey She finds three groups who were central to the evolution of the city's water system federal and state government leaders the regional private sector elite the Grupo Monterrey and women living in the low income neighborhoods of the city Bennett unravels the politics of water in Monterrey by following three threads of inquiry First she examines the water services themselves what was built when why and who paid for them She then reveals the response of poor women to the water crisis analyzing who participated in protests the strategies they used and how the government responded And finally she considers the dynamics of planning water services for the private sector and the government in investment and management In the end Monterrey's water services improved because power relations shifted and because poor women in Monterrey used protests to make national news out of the city's water crisis The Politics of Water makes a significant contribution to the emerging scholarship on regional politics in Mexico and to a deeper understanding of the Monterrey region in particular Until recently most scholarly writing on Mexico spoke of the national political system as a monolithic whole Scholars such as Vivienne Bennett are now recognizing the power of local citizens and the significant differences among regions when it comes to politics policy making and governmental investment decisions

As recognized, adventure as capably as experience nearly lesson, amusement, as well as accord can be gotten by just checking out a books **Mexican Political Biographies 1935 1981** in addition to it is not directly done, you could understand even more almost this life, more or less the world.

We present you this proper as skillfully as simple artifice to acquire those all. We come up with the money for Mexican Political Biographies 1935 1981 and numerous ebook collections from fictions to scientific research in any way. in the midst of them is this Mexican Political Biographies 1935 1981 that can be your partner.
