### Mexican Right The End Of Revolutionary Reform 1929 194:

Maximino Avila Camacho and the One-Party State Alejandro Quintana, 2010-03-15 Maximino Avila Camacho and the One Party State The Taming of Caudillismo and Caciquismo in Post Revolutionary Mexico is a political biography of General Maximino Avila Camacho 1891 1945 one of the most powerful regional politicians in Mexico from 1935 to 1945 He was a member of an officially sponsored party known today as the Institutional Revolutionary Party PRI which claimed to represent the goals of the Mexican Revolution 1910 1921 and which managed to win most federal and regional elections from 1929 until its first presidential defeat in 2000 Maximino as he is commonly known became a powerful politician at the time when the official party effectively transformed the Mexican political system from one based on the personal power of regional strongmen and political bosses relying on clientelistic networks popularly known as caudillos and caciques to a modern one based on a centralized civilian administration supported by institutions The story of Maximino the powerful cacique of the state of Puebla demonstrates that the emergence of the one party dominated Mexican state did not destroy caudillos and caciques but simply controlled them Specifically it shows how the official party incorporated these leaders and their authoritarian practices into the state s political machinery. The result was 71 years of one party political domination based on a political culture that emphasized patronage favoritism corruption coercion and co optation By tracing Maximino's career from revolutionary soldier to powerful political leader we learn how and why the goals that had originally inspired the party of the revolution primarily democracy and social justice were sacrificed in order to empower it **The Mexican Right** John W. Sherman, 1997 What are the historical roots of the Mexican right which has seemingly come from nowhere to play a critical role in contemporary Mexico This lucid study of the right in the pivotal decade of the 1930s provides the answer Traditionally historians have viewed the presidency of L zaro C rdenas 1934 1940 as the apogee of a successful Institutionalized Revolution In truth at odds with a conservative political culture cardenismo failed Its demise assured the rule of a corrupt oligarchical regime that employs revolutionary rhetoric even while vigorously suppressing popular aspirations and placed Mexico on its sad course into the present The presidency of L zaro C rdenas 1934 1940 has long been viewed as the successful apogee of Mexico's Institutionalized Revolution Scholars have traditionally portrayed C rdenas as a widely popular reformer the idealist who gave peasants land and the nationalist who seized American oil company properties Others hold him responsible for establishing Mexico s modern authoritarian state Now these interpretations are challenged in this evocative book which examines the vital role of the Mexican right on the eve of cardenismo and during its tenure Even while the institutional right withered in the face of Mexico's Revolutionary leviathan a new right emerged and undermined cardenismo in Mexico s fundamentally conservative political culture Employing the media literature and spontaneous grassroots politics the right appealed to values rooted in faith family and fatherland and convinced a majority of Mexicans that Fat Lips C rdenas vision for their country was radical and dangerous The 1940 presidential election debacle followed

when the President imposed his moderate successor on a reluctant electorate Despite this the Cardenista agenda for Mexico could not endure Cardenismo rather than a defining point in 20th century Mexican history became only a noteworthy exception to a continuity of conservatism
