## **Mexico Under Zedillo:**

**Mexico Under Zedillo** Susan Kaufman Purcell, Luis Rubio, 2023 Following a turbulent year of political and social upheaval Ernesto Zedillo Ponce was inaugurated as Mexico's president in December 1994 Soon thereafter the collapse of the peso forced a reorientation of the country's political economic and social policies and priorities with the new vulnerability of the long entrenched PRI regime reflected in the 1997 local elections Mexico Under Zedillo examines Mexico's accelerated movement toward democracy during this period considering the political dilemmas facing the country the structures and functions of its traditional political institutions and how they began to unravel the evolution of the presidency and the crucial question of how political parties will cope with ongoing change The authors also assess Mexico's economic outlook for the medium and long term as well as the politics of its social policy focusing on poverty and income distribution social policy strategies since 1982 and the political challenges posed by the decentralization of political power The final chapter discusses the changing U S Mexico relationship

*Mexico under Misplaced Monopolies* Francisco E. Gonzalez, 2018-10-09 Mexicans and those who follow Mexican affairs were optimistic in 2000 when the country experienced its first alternation in government from the Partido Revolucionario Institucional PRI to the Partido Acci n Nacional PAN in more than 70 years Moreover the Mexican economy had been restructured in a more open market led direction in the course of the 1980s and 1990s The outcomes of these dual transitions were expected to create a new type of politics that were representative and accountable to citizens and an economy that would grow rapidly as it was forced to modernize by facing international competition Some two decades later views about Mexico are much less sanguine and for many the country continues to follow a bipolar politico economic trajectory characterized by periods of enthusiasm and mania which are followed by crisis and depression This book presents a new analytical framework and reviews in detail Mexico's political and economic history since the 1980s The explanation offered is based on the idea of misplaced monopolies i e an open political regime but a weak fragmented state and an internationally open economy but highly concentrated economic sectors and activity in the domestic sphere Accordingly sown in the course of the crisis ridden 1980s and 1990s misplaced monopolies grew roots and became core features of Mexico's political economy in the 2000s and 2010s The end result has been great concentration of wealth in a small number of hands and the dramatic growth in brutal violence in many parts of the country From this perspective unless misplaced monopolies are reversed conditions will remain prone to crisis polarization and conflict in Mexico This volume concludes by extrapolating the framework and placing Mexico in comparative perspective alongside internationally important countries such as Brazil China India and Russia This is a highly original investigation that will interest people who follow Mexican politics and its economy The analytical framework will be of use to analysts scholars and students of comparative political economy democratization studies market reforms and security and conflict studies

**The Drug Trade in Mexico and Implications for U.S.-Mexican Relations** United States. Congress. Senate. Committee on Foreign

Relations,1995      **Mexico** Don M. Coerver,Suzanne B. Pasztor,Robert Buffington,2004-09-22 A concise overview of 20th and 21st century Mexico this volume explores the political economic social and cultural history of the world s largest Spanish speaking country From NAFTA to narcotics from immigration to energy the ties that bind our nation and Mexico are varied and strong Mexico uncovers the real Mexico that lies behind the stereotypes of tacos tequila and tourist hotels Compiled by leading scholars of Mexican history and society its more than 150 entries examine the nation in all its fascinating contradictions and complexity This concise yet thorough study covering the last 100 years of Mexican history is the only one volume A Z reference work available to students scholars and readers curious about one of the world s most diverse and dynamic societies What was the Mexican Revolution all about Who are the Zapatistas And why do Mexicans celebrate Cinco de Mayo Mexicans are America s largest immigrant group and Mexico is America s favorite tourist destination Yet we need to learn more and understand better our fascinating neighbor to the south Mexico comprehensive and accessible is the best place to start      Mexico Under Fox Luis Rubio-Freidberg,Susan Kaufman Purcell,2004 An up to date exploration of the political economic and social challenges that face Mexico after its peaceful transition to democracy      *Opening Mexico* Julia Preston,Samuel Dillon,2005-03-15 Publisher Description      **State and Nation Making in Latin America and Spain: Volume 3** Miguel A. Centeno,Agustin E. Ferraro,2023-08-17 Neoliberalism is often studied as a political ideology a government program and even as a pattern of cultural identities However less attention is paid to the specific institutional resources employed by neoliberal administrations which have resulted in the configuration of a neoliberal state model This accessible volume compiles original essays on the neoliberal era in Latin America and Spain exploring subjects such as neoliberal public policies power strategies institutional resources popular support and social protest The book focuses on neoliberalism as a state model a configuration of public power designed to implement radical policy proposals This is the third volume in the State and Nation Making in Latin America and Spain series which aims to complete and advance research and knowledge about national states in Latin America and Spain      Environmental Politics and Foreign Policy Decision Making in Latin America Amy Below,2014-12-05 Although the Kyoto Protocol an international agreement to address global climate change has been regarded by many as an unsuccessful treaty both politically and environmentally it stands as one of the world s few truly global agreements Why did such a diverse group of countries decide to sign and or ratify the treaty Why did they choose to do so at different times and in different ways What explains their foreign policy behavior Amy Below s book builds off the increasing significance of climate change and uses the Kyoto Protocol as a case study to analyze foreign policy decision making in Latin America Below s study takes a regional perspective in order to examine why countries in Latin America made disparate foreign policy choices when they were faced with the same decision The book looks at the decisions in Argentina Mexico and Venezuela via a process tracing method Below uses information obtained from primary and secondary documents and elite interviews to help reconstruct the processes and augments her reconstruction with a

content analysis of Conference of the Parties speeches by presidents and country delegates The book complies with convention in the field by arguing that systemic national and individual level factors simultaneously impact foreign policy decisions but makes the additional claim that role theory most accurately accounts for relationships between variables Environmental Politics and Foreign Policy Decision Making in Latin America considers a variety of factors on individual national and international levels of analysis and show that the foreign policy decisions are best viewed through the prism of role theory The book also draws conclusions about the value of role theory in general and about environmental foreign policy decisions in developing countries which will be of value to both policy makers and academics Democratizing Mexico

Jorge I. Domínguez,James A. McCann,1998 In this groundbreaking study of Mexican public opinion and elections Jorge Dominguez and James McCann examine the attitudes and behaviors of Mexican voters from the 1950s to the 1990s and find evidence of both support for and increasing independence from the nation s ruling party They make extensive use of polls conducted during the 1988 1991 and 1994 national elections and draw from in depth interviews with leading political figures including major presidential candidates Although the 1994 presidential election showed that Mexican citizens are making their opinions known and felt at the polls Dominguez and McCann argue that Mexico cannot be considered a democracy as long as party elites fail to ensure truly free and fair elections Democratizing Mexico makes it clear however that Mexican citizens are ready for democratic politics *Mexico and the United States* Lee Stacy,2002-10 Examines the history and culture of Mexico and its relations with its neighbors to the north and east from the Spanish Conquest to the current presidency of Vicente Fox *Contemporary U.S.-Latin American Relations* Jorge I. Domínguez,Rafael Fernández de Castro,2010-07-09 Drawing on the research and experience of fifteen internationally recognized Latin America scholars this insightful text presents an overview of inter American relations during the first decade of the twenty first century This unique collection identifies broad changes in the international system that have had significant affects in the Western Hemisphere including issues of politics and economics the securitization of U S foreign policy balancing U S primacy the wider impact of the world beyond the Americas especially the rise of China and the complexities of relationships between neighbors Contemporary U S Latin American Relations focuses on the near neighbors of the United States Mexico Cuba the Caribbean and Central America as well as the larger countries of South America including Argentina Brazil Chile Colombia Peru and Venezuela Each chapter addresses a country s relations with the United States and each considers themes that are unique to that country s bilateral relations as well as those themes that are more general to the relations of Latin America as a whole This cohesive and accessible volume is required reading for Latin American politics students and scholars alike

**Changing Paths** Peter P. Houtzager,Mick Moore,2005-07 DIVExplores how the world s disadvantaged may be enabled to claim a greater share of material wealth div *Role Theory and Mexico's Foreign Policy* Omar A. Loera-González,2023-10-06 Role Theory and Mexico s Foreign Policy examines why Mexico has an unusual foreign policy for

a middle power country Using a series of case studies to show how role conflict has operated in Mexico's foreign policy Omar Loera Gonzales studies three specific settings where Mexico could have displayed middle power behaviour First he analyses Mexico's controversial membership and performance in the Iraq crisis within the Security Council of the United Nations from 2002 to 2003 The second case study examines Mexico's ambition to display a regional leadership role in regional multilateral bodies like the Community of Latin American and Caribbean States CELAC and the Pacific Alliance PA In the third and final case study Loera Gonzales focuses on Mexico's engagement in human rights and democracy promotion Conflicting expectations from several actors domestic and external have led to a foreign policy contradictory to what is expected for a country with Mexico's material capabilities and its foreign policy objectives This book will be of interest to graduate students and researchers who work on and with foreign policy analysis and role theory or to those with a research interest on Mexico

*The History of Mexico* J. Burton Kirkwood, 2009-11-25 This sweeping introduction unveils the fascinating complex and evolving history of Mexico from its earliest settlement to the first decade of the 21st century The History of Mexico Second Edition provides a timely introduction to the United States complex and fascinating neighbor tracing Mexico's history from the arrival of the first humans through the first decade of the 21st century This second edition provides an important update on Mexico since the historic 2000 presidential election The History of Mexico is an authoritative examination of the diverse factors that have shaped the nation's experience Coverage includes the Aztec Empire the largest empire in MesoAmerica before the Spanish arrival the period of Spanish dominance starting in the early 16th century and Mexico's history as an independent nation since 1821 With this broad analysis in hand students will be well prepared to discuss and evaluate the largest Spanish speaking country in the world Encyclopedia of U.S. - Latin American Relations Thomas Leonard, Jürgen Buchenau, Kyle Longley, Graeme Mount, 2012-01-31 No previous work has covered the web of important players places and events that have shaped the history of the United States relations with its neighbors to the south From the Monroe Doctrine through today's tensions with Latin America's new leftist governments this history is rich in case studies of diplomatic economic and military cooperation and contentiousness Encyclopedia of U S Latin American Relations is a comprehensive three volume A to Z reference featuring more than 800 entries detailing the political economic and military interconnections between the United States and the countries of Latin America including Mexico and the nations in Central America the Caribbean and South America Entries cover Each country and its relationship with the United States Key politicians diplomats and revolutionaries in each country Wars conflicts and other events Policies and treaties Organizations central to the political and diplomatic history of the western hemisphere Key topics covered include Coups and terrorist organizations U S military interventions in the Caribbean Mexican American War The Cold War communism and dictators The war on drugs in Latin America Panama Canal Embargo on Cuba Pan Americanism and Inter American conferences The role of commodities like coffee bananas copper and oil Big Stick and Good Neighbor policies Impact of religion in U S Latin

American relations Neoliberal economic development model U S Presidents from John Quincy Adams to Barack Obama Latin American leaders from Simon Bolivar to Hugo Chavez With expansive coverage of more than 200 years of important and fascinating events this new work will serve as an important addition to the collections of academic public and school libraries serving students and researchers interested in U S history and diplomacy Latin American studies international relations and current events *Public Papers of the Presidents of the United States, William J. Clinton, 1995, Bk. 2, July 1 to December*

*31, 1995*, 1997-04 Contains the papers and speeches of the 42d President of the United States that were issued by the Office of the Press Secretary during the period July 1 to December 31 1995 Public Papers of the Presidents of the United

States, William J. Clinton United States. President (1993-2001 : Clinton), 1994 **Public Papers of the Presidents of the United States, William J. Clinton: 1994: bk. 1. Jan. 1-July 31, 1994** United States. President (1993-2001 : Clinton), 1994

Public Papers of the Presidents of the United States United States. President, 1996 **The Metamorphosis of Leadership in a Democratic Mexico** Roderic Ai Camp, 2010-11-04 The Metamorphosis of Leadership in a Democratic Mexico is a broad analysis of Mexico's changing leadership over the past eight decades stretching from its pre democratic era 1935 1988 to its democratic transition 1988 2000 to its democratic period 2000 the present In it Roderic Camp one of the most distinguished scholars of Mexican politics seeks to answer two questions 1 how has Mexican political leadership evolved since the 1930s and in what ways beyond ideology has the shift from a semi authoritarian one party system to a democratic electoral system altered the country's leadership and 2 which aspects of Mexican leadership have been most affected by this shift in political models and when and why did the changes in leadership occur Rather than viewing Mexico's current government as a true democracy Camp sees it as undergoing a process of consolidation under which the competitive electoral process has resulted in a system of governing institutions supported by the majority of citizens and significant strides toward plurality Accordingly he looks at the relationship between the decentralization of political power and the changing characteristics experiences and paths to power of national leaders The book which represents four decades of Camp's work is based upon a detailed study of 3000 politicians from the 1930s through the present incorporating regional media accounts and Camp's own interviews with Mexican presidents cabinet members assistant secretaries senators governors and party presidents

## **Mexico Under Zedillo** Book Review: Unveiling the Power of Words

In some sort of driven by information and connectivity, the energy of words has be more evident than ever. They have the capacity to inspire, provoke, and ignite change.
