Duncan,1990 Special Bibliography Series United States Air Force Academy. Library,195? **Transnational Corporations and the Global Economy** Richard Kozul-Wright,Robert Rowthorn,1998-08-12 This book brings together papers written by representatives from UN agencies and academics who take a fresh look at the expanding role of transnational corporations and foreign direct investment in the world economy These papers deal with such issues as the nature and extent of globalisation the shifting relations between transnational corporations and national economies and the opportunities and obstacles facing policy makers in the rapidly changing global economy *Concise Encyclopedia of Mexico* Michael S. Werner,2001 First Published in 2001 Routledge is an imprint of Taylor Francis an informal company **Gringolandia** Stephen D. Morris,2005 Mexico's views of the United States have been characterized as stridently anti American but recent policy changes in Mexico culminating with the North American Free Trade Agreement NAFTA mark a fundamental transformation in the relationship This thoughtful and original work answers questions about the impact of these policy shifts on Mexican nationalism and perceptions of the United States Have popular and elite views changed Has the government's anti American rhetoric become anachronistic What has been the effect on Mexican national identity As the only developing country to have entered into a free trade agreement with a developed country Mexico offers a unique and invaluable case study of the impact of globalization on a nation and its national identity Exploring Mexico's experience also allows us to consider how other countries perceive the United States especially in the post 9 11 climate Analyzing the diversity of Mexican views of the United States Gringolandia contributes a rich and nuanced dimension to our understanding of contemporary Mexico and Mexicans feelings about the vital cross border relationship **Bibliographic Guide to Latin American Studies** Benson
