D. Foot, James M. Langley, 1975** *Shot Down and On the Run* Graham Pitchfork, 2003-10-01 The stories of many POW escapees are well known but what about those who miraculously evaded capture in the first place and returned to fight another day This compelling book tells some of the epic stories of the thousands of shot down airmen including Canadians from across the country who got out from behind enemy lines in Europe the Far East and Africa during the Second World War Based on special first hand interviews and new research into official debriefing documents held at Britain s National Archives many of these accounts have never been published before This books explores the pivotal role of military intelligence in the training support and organization of escape and evasion it also features rare photographs of the evaders and their helpers **Prisoners of War and Forced Labour** Marianne Neerland Soleim, 2020-06-01 Early research on the Holocaust was characterized by studies of the extermination of the Jews without other victims of the Nazi policy of extermination being included In the past twenty years there has been a greater focus on such topics as prisoners of war and forced labourers in the Third Reich among scholars This development of a wider perspective in research topics has revealed a need for more primary research Based on this viewpoint it was established that a need existed to expand the historical perspective by connecting the Holocaust with the treatment of prisoners of war This book s main goal is to make a contribution to the strengthening of studies on prisoners of war and forced labour The volume consists of papers first presented at the Falstad symposium Prisoners of War and Forced Labour Histories of War and Occupation held at the Falstad Centre on November 20 21 2008 Topics of the symposium included prisoners of war prisoners in concentration and extermination camps people imprisoned for political or racial reasons and forced labour meaning civilians forced to migrate or forced to work for the Germans The contributions in the book represent a broad perspective including researchers from the USA Poland Austria Israel Russia Finland the UK and Norway The introduction gives a brief overview of how different European countries are dealing with the problem of overcoming the past and the state of research in some of these countries **Flight of Eagles** Ray Bowden, 2012-12-08 Of the 1700 American airmen of the 8th and 9th US Army Air Forces who parachuted or crash landed into northwest Europe in December 1943 only 121 evaders made it back to Allied control to continue the fight These are the stories of the successful evasion of capture by those American airmen Based on their interrogation and the detailed handwritten reports submitted within days of their escape by sea or via Spain Andorra and Switzerland These records were classified as secret for many years after the war had ended This account reveals the hardships compassion and occasional humour of their journeys through Nazi controlled Europe Journeys aided by the organised evasion lines MI 9 agents the Maquis the Dutch Underground the Belgian Secret Army but mostly by ordinary

citizens who often made the greatest sacrifices of all in their struggle to aid the Allies and resist the occupation by a ruthless regime that would stop at nothing to crush those who dared to help. These accounts include twists and turns in the deadly game of hide and seek played against the Gestapo and the Abwehr in journeys through the Netherlands, Belgium, France, and Spain. Failure could mean brutal interrogation, torture, and execution for those that helped the airmen and for the airmen themselves.

Death in the City of Light David King, 2011-09-20 The gripping true story of a brutal serial killer who unleashed his own reign of terror in Nazi Occupied Paris. As decapitated heads and dismembered body parts surfaced in the Seine, Commissaire Georges Victor Massu, head of the Brigade Criminelle, was tasked with tracking down the elusive murderer in a twilight world of Gestapo gangsters, resistance fighters, pimps, prostitutes, spies, and other shadowy figures of the Parisian underworld. But while trying to solve the many mysteries of the case, Massu would unravel a plot of unspeakable deviousness. The main suspect, Dr. Marcel Petiot, was a handsome, charming physician with remarkable charisma. He was the People's Doctor, known for his many acts of kindness and generosity, not least in providing free medical care for the poor. Petiot, however, would soon be charged with twenty-seven murders, though authorities suspected the total was considerably higher, perhaps even as many as 150. Petiot's trial quickly became a circus. Attempting to try all twenty-seven cases at once, the prosecution stumbled in its marathon cross-examinations, and Petiot, enjoying the spotlight, responded with astonishing ease. Soon, despite a team of prosecuting attorneys, dozens of witnesses, and over one ton of evidence, Petiot's brilliance and wit threatened to win the day. Drawing extensively on many new sources, including the massive classified French police file on Dr. Petiot, *Death in the City of Light* is a brilliant evocation of Nazi Occupied Paris and a harrowing exploration of murder, betrayal, and evil of staggering proportions.

OSS missions and field operations with the Chetniks and Partisans are cataloged and analyzed for the first time, along with OSS views on Yugoslav border claims against Italy and Austria, the OSS position on Slovenia in postwar Yugoslavia, and the role of Yugoslavs cooperating within the OSS.

Rebels and Radicals Anthony J. Papalas, 2005-01-01 Icaria a long craggy and destitute isle in the Aegean Sea is visible from Turkey The toil and travail of its people symbolizes the journey all Greek People made to achieve a modern society But unlike other Greeks the Icarians often chose a dead end path Never in agreement with those around them the story of the Icariaians shows the best and the worst of Greek society The Icarians were loyal subjects of the Ottoman Empire who because of poverty and lack of resources were not expected to pay heavy taxes while most Ottoman Greeks were dissatisfied with Turkish rule and dreamed of independence But just before World War I when the Greek government did not want to annex the island because of international complications the Icarians expelled the Turks and demanded inclusion in the Greek State At that time the bulk of the young men were escaping the grinding poverty of the island by immigrating to the United States Although the majority of these men stayed in America and brought wives from the island to the New World they maintained local ties Their influence both positive and negative affected many qualities of Icarian life The Icarians did not find their expectations fulfilled as part of Greece and remained disenchanted with their conditions through the twenties and thirties of the 20th century The forties brought first the Italians then the Germans and finally the British After the turmoil many Icarians supported radical political solutions to their problems sympathizing with a native guerrilla movement and rejecting efforts to improve their island seeing only the great Capitalistic conspiracy at work In the last decades of the 20th century the Icarians finally entered the modern but at a too rapid rate leaving the people unable to cope with some aspects of modernity Anthony J Papalas has assembled a true peoples history by bringing together unusual documents such as dowry agreements and Ottoman court records memoirs and accounts of Icaria by people who were involved in the events he describes all interwoven with informative and perceptive descriptions from forty years of interviews with Icarians from all
