Pura vida Norma Lopez-Burton, Marques Pascual, Pardo Ballester, 2019-11-26. In Pura vida Life is good Spanish is more than vocabulary and grammar just as Spanish speaking cultures are more than products and practices. In this learner centered introductory program the authors' commitment to a methodology based on true to life experiences brings Spanish to life. Pura vida is the discovery of a Spanish speaking world through the experiences of real people who share anecdotes and reflections on those experiences. Students relate to these people and make deeper more meaningful connections between language and culture and acquire Spanish with an unparalleled sense of personal engagement. In this 12 chapter introductory program students don't only learn Spanish for real life but also from real life. They discover that there is not just one homogeneous Hispanic culture but rather that each Spanish speaking country has its own rich unique culture and that the people who live in these countries speak one common language with different accents characteristics and idiosyncrasies. The program offers truly seamless integration of cultural notions and language instruction and features 100% contextualized and personalized activities.

You can hold in your hands one of the most advanced and revolutionary methods that was ever designed for quickly becoming conversational in a language. In creating this time saving program master linguist Yatir Nitzany spent years examining the twenty seven most common languages in the world and distilling from them the three hundred and fifty words that are most likely to be used in real

conversations These three hundred and fifty words were chosen in such a way that they were structurally interrelated and when combined form sentences Through various other discoveries about how real conversations work discoveries that are detailed further in this book Nitzany created the necessary tools for linking these words together in a specific way so that you may become rapidly and almost effortlessly conversant now If you want to learn complicated grammar rules or to speak perfectly proper and precise Spanish this book is not for you However if you need to actually hold a conversation while on a trip to a Spanish speaking country to impress that certain someone or to be able to speak with your grandfather or grandmother as soon as possible then the Nitzany Method is what you have been looking for This method is designed for fluency in a foreign language while communicating in the present tense Nitzany believes that what s most important is actually being able to understand and be understood by another human being right away This is one of the several in a series of instructional language guides the Nitzany Method s revolutionary approach is the only one in the world that uses its unique language technology to actually enable you to speak and understand native speakers in the shortest amount of time possible No more depending on volumes of books of fundamental beginner intermediate and advanced levels all with hundreds of pages in order to learn a language With Conversational Spanish Quick and Easy all you need are sixty pages Learn Spanish today not tomorrow and get started now
