Performative monuments Mechtild Widrich, 2024-07-30 This book answers one of the most puzzling questions in contemporary art how did performance artists of the 60s and 70s famous for their opposition both to lasting art and the political establishment become the foremost monument builders of the 80s 90s and today Not by selling out nor by making self undermining monuments This book argues that the centrality of performance to monuments and indeed public art in general rests not on its ephemerality or anti authoritarian rhetoric but on its power to build interpersonal bonds both personal and social Specifically the survival of body art in photographs that cross time and space to meet new audiences makes it literally into a monument The argument of the book spans art in Austria the former Yugoslavia and Germany Valie Export Peter Weibel and the Viennese Actionists working in Austria and abroad Marina Abramovic Sanja Ivecovic and Braco Dimitrijevic working in Yugoslavia and abroad and Joseph Beuys and Jochen Gerz working in Germany and abroad These artists began by critiquing monumentality in authoritarian public space and expanded the models developed on the streets of Vienna Munich Rome Belgrade and Zagreb to participatory monuments that delegate political authority to the audience Readers interested in contemporary art politics photography and performance will find in this book new facts and arguments for their interconnection Mia san mia Hans Haacke, Sabine Breitwieser, 2001 **Working Conditions** Hans Haacke, 2016-10-21 Texts by Hans Haacke that range from straightforward descriptions of his artworks to wide ranging reflections on the relationship between art and politics Hans Haacke s art articulates the interdependence of multiple

elements An artwork is not merely an object but is also its context the economic social and political conditions of the art world and the world at large Among his best known works are MoMA Poll 1970 which polled museumgoers on their opinions about Nelson Rockefeller and the Nixon administration s Indochina policy Gallery Goers Birthplace and Residence Profile 1969 which canvassed visitors to the Howard Wise Gallery in Manhattan and the famously canceled 1971 solo exhibition at the Guggenheim Museum which was meant to display among other things works on two New York real estate empires This volume collects writings by Haacke that explain and document his practice The texts some of which have never before been published run from straightforward descriptions to wide ranging reflections and full throated polemics They include correspondence with MoMA and the Guggenheim and a letter refusing to represent the United States at the 1969 S o Paulo Biennial the title piece Working Conditions which discusses corporate influence on the art world Haacke s thinking about real time social systems and texts written for museum catalogs on various artworks including GERMANIA in the German Pavilion of the 1993 Venice Biennial DER BEV LKERUNG To the Population of 2000 at the Berlin Reichstag Mixed Messages an exhibition of objects from the Victoria and Albert Museum 2001 and Gift Horse unveiled on the fourth plinth in Trafalgar Square in 2015
