**Shalom: God's Ultimate Purpose for the World** Dae-Young Lee, 2021-06-23 What is our preconception about Muslims Do we continue to practice medical missions in a way that is no longer considered an effective means of presenting the gospel to the unreached Is our gospel message biblically balanced and firmly contextualized in the context that we try to serve There are numerous questions that we may ask ourselves when we desire to share God's love with people who are still alienated from it Christian cross cultural missions should reconsider the strategies and attitudes that no longer reflect biblical principles This book brings a lot of insightful thoughts and suggestions from the author's medical ministry experience in the Arab world to those who want to reach out to the unreached The theology of shalom enables us to deeply understand God's ultimate purpose toward the world that he created and to devote our lives to bring people to his kingdom in the humble way that Jesus has presented throughout his life on earth when he was with us This book demonstrates how Christian medical missions can be manifested in a more biblical way and can serve people who have been physically injured and emotionally broken more effectively *The Chinese Recorder and Missionary Journal*, 1894 *World Mission* Scott N. Callahan, Will Brooks, 2019-06-12 World missions needs a fully biblical ethos This is the contention of the editors of and contributors to *World Mission* a series of essays aimed at reforming popular approaches to missions In the first set of essays contributors develop a biblical theology of world missions from both the Old and New Testaments arguing that the theology of each must stand in the foreground of missions not recede into the background In the second they unfold the Great Commission in sequence detailing how it determines the biblical strategy of all mission enterprises Finally they treat current issues in world missions from the perspective of the sufficiency of Scripture Altogether this book aims to reform missions to be thoroughly not just foundationally biblical a needed correction even among the sincerest missionaries *The Mission of the Triune God* Adam Dodds, 2017-07-31 Lesslie Newbigin was arguably the greatest missionary thinker of the twentieth century After a successful missionary career in south India Newbigin pioneered missionary engagement with the secular West and resurgent Islam He also led the way in arguing that the Church's mission can only be understood in light of the doctrine of the Trinity Over fifty years ago Newbigin called for the further development of missionary thinking grounded in the Triune being of God This work is in response to that call Adam Dodds provides the first in depth study of Newbigin's trinitarian theology of mission Dodds constructs a systematic account of the central features of the mission of the Triune God the Triune being of God the mission of the Son the mission of the Holy Spirit and the mission of the church This book

contributes to our understanding of the work of Lesslie Newbigin offers a systematic theological account of the mission of the Triune God and contributes to the retrieval of Christian mission from the theological margins back to a place of central importance to Christian theology     *The Lutheran Witness* ,1926
