**M Mosston**

## **Missouri The Show Me State On The Eve Of The 21st Century:**

Missouri Ann Wylie, Dawn J. Grubb, Robert L. Dyer, 1999-01-01      *Missouri A Guide to the "Show Me" State*, 1941

**Forthcoming Books** Rose Arny, 1999

**Culinary History of Missouri, A: Foodways & Iconic Dishes of the**

**Show-Me State** Suzanne Corbett and Deborah Reinhardt, 2021-09-27 Missouri's history is best told through food from its Native American and later French colonial roots to the country's first viticultural area. Learn about the state's vibrant barbecue culture which stems from African American cooks including Henry Perry, Kansas City's barbecue king. Trace the evolution of iconic dishes such as Kansas City burnt ends, St. Louis gooey butter cake, and Springfield cashew chicken. Discover how hardscrabble Ozark farmers launched a tomato canning industry and how a financially strapped widow, Irma Rombauer, would forever change how cookbooks were written. Historian and culinary writer Suzanne Corbett and food and travel writer Deborah Reinhardt also include more than eighty historical recipes to capture a taste of Missouri's history that spans more than two hundred years.      *Missouri, a Guide to the "Show Me" State* Writers' Program of the Work Projects Administration in the State of Missouri, 1954      **Restoring the Vocation of a Christian College** Brad Pardue, Andrew T. Bolger, 2022-05-19 Restoring the Vocation of a Christian College examines the vocation of a Christian institution of higher learning to faithfully educate students and how individual Christian teachers and scholars can participate in this process no matter their discipline. It surveys and engages developments over the last few decades in Christian worldview studies, Christian pedagogy, character formation, and vocational reflection. Through individual essays by college administrators, cocurricular staff, and faculty from a wide range of disciplines, it provides both thoughtful reflection and concrete application of these often abstract concepts to specific institutional settings and the actual classroom experience.      **Missouri**, 1998 Once considered a foolish boondoggle of Franklin Delano Roosevelt's Works Progress Administration, the Federal Writers' Project was initiated to allow employment opportunity to those associated with the arts during the Great Depression. The American Guide Series became the most successful venture, offering jobs to writers nationwide as each state endeavored to produce a comprehensive guidebook. Under the direction of Charles van Ravenswaay, former director of the Missouri Historical Society, Missouri A Guide to the Show Me State was first published in 1941. Now in a classic reprint, Missouri Historical Society Press restores this guidebook to its original splendor and returns it to the bookshelves. With a current road map included with the book, travelers can compare sights and tours described in the antiquated guide and see how they have developed or disappeared. As Walter A. Schroeder and Howard W. Marshall describe in the updated introduction, "The unmarked dirt road impassable when wet that we encounter in reading the WPA guide is no longer a hurdle to be negotiated in order to reach an out-of-the-way site. Due to nearly thirty thousand additional miles of paved roadway and endless gas stations and motel chains, every corner of Missouri is now easily accessible. And as Missouri Historical Society President Robert R. Archibald states in the foreword, 'If you are the kind of traveler who has no intention of stirring from a comfortable

chair near the reading lamp this reprint is really all the equipment you require for a fascinating journey through the Missouri of the past

**The WPA Guide to 1930s Missouri**, 1986

**The Rivers Ran Backward** Christopher Phillips, 2016 Most Americans imagine the Civil War in terms of clear and defined boundaries of freedom and slavery a straightforward division between the slave states of Kentucky and Missouri and the free states of Illinois Indiana Ohio and Kansas However residents of these western border states Abraham Lincoln's home region had far more ambiguous identities and contested political loyalties than we commonly assume In *The Rivers Ran Backward* Christopher Phillips sheds light on the fluid political cultures of the Middle Border states during the Civil War era Far from forming a fixed and static boundary between the North and South the border states experienced fierce internal conflicts over their political and social loyalties White supremacy and widespread support for the existence of slavery pervaded the free states of Ohio Indiana and Illinois which had much closer economic and cultural ties to the South while those in Kentucky and Missouri held little identification with the South except over slavery Debates raged at every level from the individual to the state in parlors churches schools and public meeting places among families neighbors and friends Ultimately the pervasive violence of the Civil War and the cultural politics that raged in its aftermath proved to be the strongest determining factor in shaping these states regional identities leaving an indelible imprint on the way in which Americans think of themselves and others in the nation *The Rivers Ran Backward* reveals the complex history of the western border states as they struggled with questions of nationalism racial politics secession neutrality loyalty and even place as the Civil War tore the nation and themselves apart In this major work Phillips shows that the Civil War was more than a conflict pitting the North against the South but one within the West that permanently reshaped American regions

**The Saturday Evening Post**, 1924

*Railroads in the Midwest* H. Roger Grant, 2025-08-05 Discover how railroad companies in America's heartland developed a monumental network that spanned nearly 70 000 route miles Over a century a wide array of carriers ranging from short lines to trunk roads spread through the Midwest and represented over 35% of the country's rail mileage in the 1920s *Railroads in the Midwest* is a portrait of two premier rail hub rivals Chicago and St Louis and of Iowa and Ohio which boasted the highest line densities Before World War I Iowa railroad officials bragged that the Hawkeye State had a depot and agent located no farther than thirteen miles from any point within its borders In *Railroads in the Midwest* An Epic History renowned historian H. Roger Grant draws on fifty years of research into America's celebrated railroad history to examine what effect railroads had in the heartland and what has happened to them since the early twentieth century

The Christian Century, 1916
