*Myopic Me! Freedom from Religion* John D Lane Jr, 2023-07-12 When nine of us prayed at Holden Beach we thanked God though we had been the victims of the Shepherding Religion But Jesus's proactive trip into the Wilderness had confronted an estimated forty-two hundred religions according to current estimates Jesus's bedrock actions combined with His confrontation of Legion spelled the doom for religion's strongholds Post Holden Beach my wife's dream revealed that T Jacks come to snap at the ankles of every irreligious person who nevertheless has formulated their own religion They've become ensnared in the sweaty religion of Myopic Me Paul says that Myopic Me perfectly describes the crooked generation's love of self and money contemptuous of Law acting with cruelty disobedient to parents boastful and loving pleasure while scoffing at God Paul tells us that religion comes to everyone who demotes Christ's finished work Thus my five books address these battlefields for the soul of man Captured by the Faith Time Continuum Jerusalem with Solomon Einstein Made in the Bipolar Image of God Dividing Wall of Hostility Freedom from Religion

### **Deleuze and Guattari's Philosophy of Freedom**

Dorothea Olkowski,Eftichis Pirovolakis,2019-01-31 This volume addresses the issue of freedom in the philosophy of Deleuze and Guattari This is all the more challenging in that Deleuze Guattari almost never use the term freedom preferring instead the concept of the refrain The essays collected in the volume show that freedom has been understood in a remarkably narrow sense and that in fact freedom operates as the refrain in every realm of thought and creation The motivating approach in these essays is Deleuze Guattari s emphasis on the irreality of media and capitalistic sign regimes which they perceive to have taken over even the practices of philosophy the arts and science By offering a clear and engaging treatment of the underexplored issue of freedom this volume moves the discussion of Deleuze Guattari s philosophy forward in ways that will appeal to researchers in Continental philosophy and a wide range of other disciplines

### **FREEDOM FOR GRANTED** Paul R

Tomko,2022-08-05 This book has been a struggle of love just as my life has been a struggle of ups and downs While the successes in my life have been important I would say my failures have been even more important in shaping me into the person who God wants me to be for His glory I see each day now as an opportunity to help others and reflect on how we can all use our failures to grow support each other and become better individuals I praise God for my successes and even more for my failures so I learned more about Him and myself

### **Degrees of Mixture, Degrees of Freedom** Peter

Wade,2017-05-04 Race mixture or mestizaje has played a critical role in the history culture and politics of Latin America In Degrees of Mixture Degrees of Freedom Peter Wade draws on a multidisciplinary research study in Mexico Brazil and Colombia He shows how Latin American elites and outside observers have emphasized mixture s democratizing potential depicting it as a useful resource for addressing problems of racism claiming that race mixture undoes racial difference and hierarchy while Latin American scientists participate in this narrative with claims that genetic studies of mestizos can help isolate genetic contributors to diabetes and obesity and improve health for all Wade argues that in the process genomics produces biologized versions of racialized difference within the nation and the region but a comparative approach nuances the simple idea that highly racialized societies give rise to highly racialized genomics Wade examines the tensions between mixture and purity and between equality and hierarchy in liberal political orders exploring how ideas and scientific data about genetic mixture are produced and circulate through complex networks

### ***God Loves Ugly*** Christa Black,2012-09-04

Whenever Christa Black looked in the mirror she was waging a war with herself Her hatred of her face and body drove her as a young woman into frantic overachievement addiction and an eating disorder that landed her in rehab A preacher s kid she d grown up imagining God as a thou shalt not tyrant It was only when she miraculously discovered God s unconditional love for her physical imperfections moral failings and all that she finally began to accept herself As she tells her story Christa shares the tools she uses to combat the self rejection that harms so many people s lives In this raw testimony Christa Black

takes women on a step by step journey of faith and positive belief to reveal that if God loves ugly then we can too

**Religious Freedom** Ryan Snow, 2019-10-29 Who would have thought that late conservative Supreme Court Justice Antonin Scalia would write a judicial opinion severely debilitating the free exercise of religion and democrats like Chuck Schumer and Ted Kennedy would come to the rescue? This is all true; it happened in the early 1990s, resulting in the federal Religious Freedom Restoration Act. The federal RFRA enjoyed wide bipartisan support in the early 1990s. Yet more recently, various states have tried to enact their own versions of RFRA but have been met with enormous opposition. What happened to change people's minds about religious freedom? Are religious freedom laws really licenses to discriminate? This book seeks to add context to the contemporary debates regarding religious freedom, specifically RFRA and related laws. Religious freedom laws may not be as bad as some want you to think.

The Tragedy of Religious Freedom Marc O. DeGirolami, 2013-06-01 Legal scholars expect to resolve religious dilemmas according to principles of equality, neutrality, or separation of church and state. But such abstractions fail to do justice to the clashing values in today's pluralistic society. Marc DeGirolami explains why conflicts implicating religious liberty are so emotionally fraught and deeply contested.

**Religious Freedom in America** Allen D. Hertzke, 2015-01-13 This truly interdisciplinary volume brings together respected historians, social scientists, legal scholars, and advocates. As their contributions attest, understanding religious freedom demands taking multiple perspectives. The historians guide us through the contested legacy of religious freedom from the nation's founding and the rise of public education to the subsequent waves of immigration that added successive layers of diversity to American society.
