Michaels Suite Flute:

Flute Music by Women Composers H Alais Boenke, 1988-10-19 For the flutist wishing to perform music composed by women this annotated catalog will come as a most welcome addition to the numerous flute bibliographies now available Boenke has spent four years gleaning all possible sources to come up with several hundred listings of composers from three centuries and 40 different countries When the information is available she lists publisher and the OCLC system record number after the routinely listed title and instrumentation In addition to the alphabetical listing are indexes for instrumentation title publisher and composer A short list of sources is heavy on LC and NUC catalogs as well as the several standard sources on women in music This volume could serve as an example for instrument specific music bibliographies For flutists it is priceless Choice This book an alphabetical listing of flute music by women composers provides ready access to flute music that is published or available in manuscript form Unlike any previous handbook of the flute repertoire it is devoted entirely to the works of women the vast majority of whom are not mentioned in the standard catalogs of flute literature A carefully compiled study the volume examines the quantity variety and scope of women's work in this genre and includes composers from more than forty countries spanning three centuries It contains works for solo flute duets flute and piano concertos woodwind quintets other chamber ensembles or any work that employs soloistic use of the flute It also provides biographical information on the composers publishers availability of works and annotations on the works themselves All compositions are indexed by title and by instrumentation and publishers and contemporary composers are listed with current addresses to facilitate the ordering of music The first published volume of its kind this unusual work will draw attention to valuable and unknown repertoire in this genre and provide the opportunity for women's works to be heard more often It will be useful in all university music libraries and conservatories and it will be a valuable resource for professional flutists teachers of flute and researcher in women's studies Three inventions for two alto flutes Leo Kraft, 2000 Music Library Catalog National Flute Association (U.S.). Music Library, 1987 "The Courtly Consort Suite in German-Speaking Europe, 1650-1706" Michael Robertson, 2017-07-05 Dance music at the courts of seventeenth century Germany is a genre that is still largely unknown Dr Michael Robertson sets out to redress the balance and study the ensemble dance suites that were played at the German courts between the end of the Thirty Years War and the early years of the eighteenth century At many German courts during this time it was fashionable to emulate everything that was French As part of this process German musicians visited Paris throughout the second half of the seventeenth century and brought French courtly music back with them on their return For the last two decades of the century this meant the works of Jean Baptiste Lully and his music and its influence spread rapidly through the courts of Europe Extracts from Lully's dramatic stage works were circulated in both published editions and manuscript These extracts are considered in some detail especially in terms of their relationship to the suite The nobility also played their part in this process French musicians and German players with

specialist knowledge were often hired to coach their German colleagues in the art of playing in the French manner the *französischer Art*. The book examines the dissemination of dance music instrumentation and performance practice and the differences between the French and Italian styles. It also studies the courtly suites before the advent of Lullism and the differences between the suites of court composers and town musicians. With the possible exception of Georg Muffat's two *Florilegium* collections of suites much of the dance music of the German Lullists is largely unknown. Court composers such as Cousser Erlebach, Johann Fischer and Johann Caspar Ferdinand Fischer all wrote fine collections of ensemble suites and these are examined in detail. Examples from these suites, some published for the first time, are given throughout the book in order to demonstrate the music's quality and show that its neglect is completely unjustified.

A Chronological History of Australian Composers and Their Compositions - Vol. 3 1985-1998 Stephen Pleskun, 2013-03-06. In this third of 4 volumes that include more than 800 composers and over 30 000 compositions, Stephen traces the history and development of Classical music in Australia. From obscure and forgotten composers to those who attained an international reputation, this volume reveals their output, unique experiences and travails. The formation and demise of music ensembles, institutions, venues and festivals is part of the story and included in the narrative are performers, conductors, entrepreneurs, educators, administrators, instrument makers, musicologists, music critics and philanthropists. A concise yet comprehensive picture of Australian music making can be found in any given year.

Johann Sebastian Bach Christoph Wolff, 2002. Now available in paperback, this landmark biography was first published in 2000 to mark the 250th anniversary of J S Bach's death. Written by a leading Bach scholar, this book presents a new picture of the composer. Christoph Wolff demonstrates the intimate connection between Bach's life and his music, showing how the composer's superb inventiveness pervaded his career as a musician, composer, performer, scholar and teacher.

The Music of Michael Nyman Pwyll ap Siôn, 2017-07-05 Nyman's rise to international prominence during the last three decades has made him one of the world's most successful living composers His music has nevertheless been criticized for its parasitic borrowing of other composers' ideas and for its relentless self borrowing In this first book length study in English Pwyll ap Siôn laces Nyman's writings within the general context of Anglo American experimentalism minimalism and post minimalism and provides a series of useful contexts from which controversial aspects of Nyman's musical language can be more clearly understood and appreciated Drawing upon terms informed by intertextual theory in general appropriation and borrowing are first introduced within the context of twentieth century art music and theory Intertextual concepts are explained and their terms defined before Nyman's musical language is considered

in relation to a series of intertextual classifications and types These types then form the basis of a more in depth study of his works during the second half of the book ranging from opera and chamber music to film Rather than restricting style and technique Nyman s intertextual approach on the contrary is shown to provide his music with an almost infinite amount of variety flexibility and diversity and this has been used to illustrate a wide range of technical aesthetic and expressive forms He composes with his ear towards the past as if it were a rich quarry to mine working like a musical archaeologist uncovering artefacts and chiselling fresh and vibrant sonic edifices out of them
