Margaret Mead in anthropology and Cecile Starr in fine arts Sandall was eventually hired as the one man film unit at the newly formed Australian Institute of Aboriginal Studies in 1965 In the 1970s he became a lecturer in anthropology at the University of Sydney Sandall won First Prize for Documentary at the Venice Film Festival in 1968 yet his films are scarcely known even in Australia now Mortimer demonstrates how Sandall s films continue to be relevant to contemporary discussions in the fields of anthropology and documentary studies She ties exploration of the making and restriction of Sandall s aboriginal films and his nonrestricted films made in Mexico Australia and India to the radical history of anthropology and the resurgence today of an expanded existential phenomenological anthropology that encompasses the vital connections between humans animals things and our environment
