Fabiano,2015-12-01 St Peter grants Michelangelo a vacation request allowing him to travel to the twentieth century to view art Not only does Michelangelo want to see what artists have been creating after his death but he also desires confirmation that his own work is remembered As Michelangelo roams about New York City he meets a variety of people who attempt to help him make sense of modern sculpture painting and architecture Michelangelo compares everything he sees to specific

works he created throughout his life He finally meets Vinnie a tough city boy who agrees to help with his journey Trying to convince contemporary society what real art is becomes infuriating as Michelangelo holds amusing discussions about enlarged abstract geometric shapes gigantic statues rising out of the river graffiti tattoos and more which he vehemently contends cannot be art His conversations reflect his historical interactions with political figures who commissioned art his family and other noteworthy artists Time is running out as St Peter has allowed Michelangelo to spend only three weeks in the twentieth century Michelangelo's frustration mounts as he struggles to comprehend the modern world and educate people on the art of the past

Tattoo Culture Lee Barron, 2017-05-31 Tattoos are a highly visible social and cultural sight from TV series that represent the lives of tattoo artists and their interactions with clients to world class sports stars and the social actors we meet on a daily basis who display visible tattoo designs Whereas in the not too distant past tattoos were commonly culturally perceived to represent an outward sign of social non conformity or even deviance tattoos now increasingly transcend class

gender and age boundaries and arguably are now more culturally acceptable than they have ever been But why is this the case and why do so many social actors elect to wear tattoos Tattoo Culture explores these questions from historical cultural and media perspectives but also from the heart of the culture itself from the dynamics of the tattoo studio the work of the artist and the world of the tattoo convention to the perspective of the social actors who bear designs to investigate the meanings which lie being the images It critically examines the ways in which tattoos alter social actors sense of being and their relationship with time in the semiotic ways with which they communicate to themselves or to the wider world key elements of their bodily and personal identity and sense of being
