Michelangelo The Popes Ceiling:

Michelangelo and the Pope's Ceiling Ross King, 2014-10-14 Recounts Michelangelo's creation of his masterpiece the ceiling of the Sistine Chapel from his commission from Pope Julius II through the artist's four years of work to the final acclaim at the paintings 1512 unveiling

Michelangelo and The Pope's Ceiling Ross King, 2006-05-08 In 1508 Pope Julius II commissioned Michelangelo to paint the ceiling of the Sistine Chapel The thirty three year old Michelangelo had very little experience of the physically and technically taxing art of fresco and at twelve thousand square feet the ceiling represented one of the largest such projects ever attempted Nevertheless for the next four years he and a hand picked team of assistants laboured over the vast ceiling making thousands of drawings and spending back breaking hours on a scaffold fifty feet above the floor The result was one of the greatest masterpieces of all time This fascinating book tells the story of those four extraordinary years and paints a magnificent picture of day to day life on the Sistine scaffolding and outside in the upheaval of early sixteenth century Rome

Michelangelo and The Pope's Ceiling Ross King, 2006-05-08 Tells the story of the four years that Michelangelo and his hand picked team of assistants labored on the fresco on the ceiling of the Sistine Chapel in early sixteenth century Rome

Michelangelo & the Pope's Ceiling R. King, 2003-11-01 **Summary of Ross King's Michelangelo and the Pope's Ceiling** Everest Media, 2022-06-21T22:59:00Z Please note This is a companion version not the original book Sample Book Insights 1 Michelangelo was summoned back to Rome in April 1508 to resume work on the tomb of Pope Julius II which was supposed to be the most beautiful work of marble in Rome However he had been brought back to Florence to complete another statue 2 The Pope wanted Michelangelo to sculpt his tomb and he sent him to Rome to do so The tomb was to be the largest since the mausoleums built for Roman emperors such as Hadrian and Augustus 3 By 1505 the walls of St Peter's were leaning six feet out of true Julius decided to have the basilica demolished and a new one built in its place The destruction of the oldest and holiest church in Christendom had begun by the time Michelangelo returned from Carrara 4 The Pope's official architect Giuliano da Sangallo designed the new basilica He had also repaired Santa Maria Maggiore one of Rome's most ancient churches and gilded its ceiling with what was said to be the first gold ever brought back from the New World

Michelangelo and the Pope's Ceiling Ross King, 2014-10-14 From the acclaimed author of Brunelleschi's Dome and Leonardo and the Last Supper the riveting story of how Michelangelo against all odds created the masterpiece that has ever since adorned the ceiling of the Sistine Chapel In 1508 despite strong advice to the contrary the powerful Pope Julius II commissioned Michelangelo Buonarroti to paint the ceiling of the newly restored Sistine Chapel in Rome Despite having completed his masterful statue David four years earlier he had little experience as a painter even less working in the delicate medium of fresco and none with challenging curved surfaces such as the Sistine ceiling's vaults The temperamental Michelangelo was himself reluctant He stormed away from Rome incurring Julius's wrath before he was eventually persuaded to begin Michelangelo and the Pope's Ceiling recounts the fascinating story of the four

extraordinary years he spent laboring over the twelve thousand square feet of the vast ceiling while war and the power politics and personal rivalries that abounded in Rome swirled around him A panorama of illustrious figures intersected during this time the brilliant young painter Raphael with whom Michelangelo formed a rivalry the fiery preacher Girolamo Savonarola and the great Dutch scholar Desiderius Erasmus a youthful Martin Luther who made his only trip to Rome at this time and was disgusted by the corruption all around him Ross King blends these figures into a magnificent tapestry of day to day life on the ingenious Sistine scaffolding and outside in the upheaval of early sixteenth century Italy while also offering uncommon insight into the connection between art and history Michelangelo and the Popes Ceiling(Signed) Ross King,2002-10-01 *Michelangelo and the Sistine Chapel* Andrew Graham-Dixon,2009-02-02 You cannot stand underneath the masterwork that is the Sistine Chapel without considering the genius and painstaking work that went into its creation Michelangelo Buonarroti never wanted to paint the Sistine Chapel though Appointed by the temperamental Julius II Michelangelo believed the suspiciously large scale project to be a plot for failure conspired by his rivals and the Warrior Pope After all Michelangelo was not a painter he was a sculptor The noble artist reluctantly took on the daunting task that would damage his neck back and eyes if you have ever strained to admire the real thing you know Andrew Graham Dixon tells the story behind the famous painted ceiling over which the great artist painfully toiled for four long years Linking Michelangelo s personal life to his work on the Sistine Chapel Graham Dixon describes Michelangelo s unique depiction of the Book of Genesis tackles ambiguities in the work and details the painstaking work that went into Michelangelo s magnificent creation Complete with rich full color illustrations and Graham Dixon s articulate narrative Michelangelo and the Sistine Chapel is an indispensable and significant piece of art criticism It humanizes this heavenly masterpiece in a way that every art enthusiast student and professional can understand and appreciate Michelangelo & the Creation of the Sistine Chapel Robin Richmond,1992 This is a comprehensive study of Michelangelo the man and the artist as well as his masterpiece Includes a double gatefold illustrating the entire ceiling of the chapel The reproduction of the recently restored work reveals in vivid colors the true genius of this artist s work Notable works include David Piet Moses The Last Judgment and Sistine Chapel ceiling **A Journey Into Michelangelo's Rome** Angela K. Nickerson,2010-07-30 A Journey into Michelangelo s Rome follows Michelangelo from his arrival in Rome in 1496 to his death in the city almost seventy years later It tells the story of Michelangelo s meteoric rise and artistic breakthroughs of his tempestuous relations with powerful patrons and of his austere but passionate private life Each chapter focuses on a particular work that stunned his contemporaries and continues to impress today s visitors From the tender sorrow of his sculpted Piet to the civic elegance of his restoration of Capitoline Hill to the grandeur of his dome atop St Peter s Michelangelo s work adorns the city in numerous ways **Michelangelo, the Sistine Chapel Ceiling** Charles Seymour,1995 Each volume includes all the necessary materials for the comprehensive study of a work of art An illustration section showing the complete work of art details preliminary studies and iconographic

Michelangelo and the English Martyrs Anne Dillon, 2016-12-05 In May 1555 a broadsheet was produced in Rome depicting the torture and execution in London and York of the Carthusians of the Charterhouses of London Axeholme Beauvale and Sheen during the reign of Henry VIII This single page martyrology provides the basis for an in depth exploration of several interconnected artistic scientific and scholarly communities active in Rome in 1555 which are identified as having being involved in its production Their work and concerns which reflect their time and intellectual environment are deeply embedded in the broadsheet especially those occupying the groups and individuals who came to be known as Spirituali and in particular those associated with Cardinal Reginald Pole who is shown to have played a key role in its production Following an examination of the text and a discussion of the narrative intentions of its producers a systematic analysis is made of the images This reveals that the structure content and intention of what at first sight seems to be nothing more than a confessionally charged Catholic image of the English Carthusian martyrs typical of the genre of propaganda produced during the Reformation is astonishingly dominated by the most celebrated name of the Italian Renaissance the artist Michelangelo Buonarroti Not only are there direct borrowings from two works by Michelangelo which had just been completed in Rome The Conversion of St Paul and The Crucifixion of St Peter in the Pauline Chapel but many other of his works are deliberately cited by the broadsheet s producers Through the use of a variety of artistic scientific and historical approaches the author makes a compelling case for the reasons for Michelangelo s presence in the broadsheet and his influence on its design and production The book not only demonstrates Michelangelo s close relationship with notable Catholic reformers but shows him to have been at the heart of the English Counter Reformation at its inception This detailed analysis of the broadsheet also throws fresh light on the Marian religious policy in England in 1555 the influence of Spain and the broader preoccupations of the Counter Reformation papacy while at the same time enriching our understanding of martyrology across the confessional divide of the Reformation
