Model Soldiers An Illustrated History

Gordon Campbell

Model Soldiers An Illustrated History:

Model Soldiers John G. Garratt,1965 *Model Soldiers; an Illustrated History* John Geoffrey Garratt,1972 An Illustrated History of Scott Air Force Base, 1917-1987 Betty R. Kennedy,1987 **H.C. Westermann at War** David McCarthy,2004 This book examines the antiwar work of one American artist in relation to the cultural history of the Cold War The study provides new and detailed information on this important artist while also contributing to the study of masculinity dissent art violence and war in the last half of the twentieth century The study clearly reveals that artists protests against American foreign policy began well before the official U S entry in the Vietnam War and that not all combat veterans looked back fondly on their experience of the Good War Finally in drawing attention to the challenges of being a man in a hostile world Westermann s art enters into a much broader consideration of gender long before this issue became topical in contemporary art director of the American Studies Program at Rhodes College in Tennessee The Grove Encyclopedia of Decorative Arts Gordon Campbell,2006-11-09 The Grove Encyclopedia of Decorative Arts covers thousands of years of decorative arts production throughout western and non western culture With over 1 000 entries as well as hundreds drawn from the 34 volume Dictionary of Art this topical collection is a valuable resource for those interested in the history practice and mechanics of the decorative arts Accompanied by almost 100 color and more than 500 black and white illustrations the 1 290 pages of this title include hundreds of entries on artists and craftsmen the qualities and historic uses of materials as well as concise definitions on art forms and style Explore the works of Alvar Aalto Charles and Ray Eames and the Wiener Werkstatte or delve into the history of Navajo blankets and wing chairs in thousands of entries on artists craftsmen designers workshops and decorative art forms **Library of Congress Catalogs** Library of Congress,1976 **The Model Soldier Guide** Clyde A. Risley,1965 *Brompton* Sandra-Faye Nagy,2012-12-07 Brompton traces the life of a nineteenth century soldier who served in the British Army at the height of English rule It interlocks with historical accuracy the story of Ireland the formation of Englands Standing Army and life as it was in a Regiment A mix of discipline passion struggle and personal triumphs From Portugal to Australia to India with his regiment William Smith endures campaign hardship tragedy and tropical illness He remarries and is repatriated back to Ireland but his retirement coincides with Irelands crisis the 1840s famine Acceptance into the Royal New Zealand Fencible Corps offers a new life establishing the colony of New Zealand His legacy to the country is found in the solid infrastructure that survives from Auckland and Onehungas humble beginnings and the meticulous genealogical research into Williams numerous descendants The Collector's Guide to Model Tin Figures Erwin Ortmann,1974 **Art Books** ,1950 Including an international directory of museum permanent collection catalogs 'We Hold These Truths to Be Self-Evident...' Kenneth N. Addison,2009-02-16 We hold these truths to be self evident An Interdisciplinary Analysis of the Roots of Racism and Slavery in America delves into the philosophical historical socio cultural and political evolution of racism and slavery in America The premise of this work is that racism and slavery in America are

the result of an unintentional historical intertwining of various Western philosophical religious cultural social economic and political strands of thought that date back to the Classical Era These strands have become tangled in a Gordian knot which can only be unraveled through the bold application of a variety of multidisciplinary tools By doing so this book is intended help the reader understand how the United States a nation that claims all men are created equal could be responsible for slavery and the intractable threads of racism and inequality that have become woven into its cultural the fabric

Institutional Supports for the International Rule of Law Charles Sampford,Ramesh Thakur,2014-08-27 The rule of law is widely seen as the cornerstone of any effective polity and increasingly a vital component of the international political system If the international rule of law were to be strengthened it would greatly contribute to trade security human rights and global cooperation in a range of fields Yet in many areas the rule of law seems almost absent in international affairs This book explores the institutions that support the effectiveness of the rule of law domestically It focuses on the extent to which similar institutions already exist at international level and analyses the possibility of their further development The authors speculate on how the international rule of law might be advanced in the future thereby suggesting potential strategies for strengthening the international rule of law Adopting an interdisciplinary approach and combining the fields of international relations politics and law this book covers a range institutions including UN Security Council International Court of Justice Human rights machinery Regional human rights International Criminal Court World Trade Organization International Tribunal for the Law of the Sea UN Department of Peacekeeping Operations It will be of strong interest to students and scholars of international relations international organisations global governance international law migration law international peace and security law applied ethics political economy political science and sociology *The Soldier Bird* Joseph Osgood Barrett,1876 *The Publishers Weekly* ,1873 **Boys' Life** ,1983-09 Boys Life is the official youth magazine for the Boy Scouts of America Published since 1911 it contains a proven mix of news nature sports history fiction science comics and Scouting **The Soldier's Two Bodies** James M. Greene,2020-01-13 In The Soldier s Two Bodies James M Greene investigates an overlooked genre of early American literature the Revolutionary War veteran narrative showing that it by turns both promotes and critiques a notion of military heroism as the source of U S sovereignty Personal narratives by veterans of the American Revolution indicate that soldiers in the United States have been represented in two contrasting ways from the nation s first days as heroic symbols of the body politic and as human beings whose sufferings are neglected by their country Published from 1779 through the late 1850s narrative accounts of Revolutionary War veterans past service called for recognition from contemporary audiences inviting readers to understand the war as a moment of violence central to the founding of the nation Yet as Greene reveals these calls for recognition at the same time underscored how many veterans felt overlooked and excluded from the sovereign power they fought to establish Although such narratives stem from a discourse that supports centralized continental nationalism they disrupt stable notions of a unified American people by

highlighting those left behind Greene discusses several well known examples of the genre including narratives from Ethan Allen Joseph Plumb Martin and Deborah Sampson along with Herman Melville's fictional adaptation of the life of Israel Potter. Additional chapters focus on accounts of postwar frontier actions including narratives collected by Hugh Henry Brackenridge that voice concerns over populist violence along with stranger narratives like those of Isaac Hubbell and James Roberts which register as fantastic imitations of the genre commenting on antebellum racial politics. With attention to questions of historical context and political ideology Greene charts the process by which veteran narratives promote exception, violence and autonomy while also encouraging restraint, sacrifice and collectivity. Revolutionary War veteran narratives offer no easy solutions to the appropriation of veterans' lives within military nationalism and sovereign violence. But by bringing forward the paradox inherent in the figure of the U.S. soldier, the genre invites considerations of how to reimagine those representations. Drawing attention to paradoxes presented by the memory of the American Revolution, *The Soldier's Two Bodies* locates the origins of a complicated history surrounding the representation of veterans in U.S. politics and culture.

The Spirit of '76, 1897 **Military Executions during World War I** G. Oram, 2003-07-08. Three hundred and fifty-one men were executed by British Army firing squads between September 1914 and November 1920. By far the greatest number were shot for desertion in the face of the enemy. Controversial even at the time, these executions of soldiers amid the horrors of the Western Front continue to haunt the history of war. This book provides a critical analysis of military law in the British army and other major armies during the First World War, with particular reference to the use of the death penalty. This study establishes a full cultural and legal framework for military discipline and compares British military law with French and German military law. It includes case studies of British troops on the frontline. *Science, Technology, Imperialism, and War* Jyoti Bhusan Das Gupta, 2007. The volume *Science, Technology, Imperialism, and War* interlinks the concerned themes to present a coherent analysis of the development of related ideas and institutions in the subcontinent. The chapters on science therefore look at the cognitive and socio-historical aspects of science relating the same with the establishment and spread of imperialism in India with its application to develop technologies and with the use of such technologies to fund the major preoccupation of imperialism, war. Likewise, the section on technology leads the reader to a search for its very probable links with imperialism and war. The section on imperialism offers four themes in the edited volume. The first one deals with its theories, the second with its link with colonialism, and the third and the fourth follow its manifestation in the Russian and British adventures chiefly in Central Asia and India. The dependence of imperialism on war looms large. The concluding theme of this exercise is the saturation point of human efforts to subjugate and dominate others. The scholars writing in this section critically survey the various kinds of war: conventional, limited, and nuclear. And a detailed and insightful analysis of the Cold War by the editor completes the picture. This volume will prove invaluable to scholars and students of South Asian studies, history, political science, and international relations, and

Defence Studies Alike **Indian Soldiers in the First World War** Ashutosh Kumar, Claude Markovits, 2020-12-23 This book explores the lives and social histories of Indians soldiers who fought in the First World War It focuses on their motivations experiences and lives after returning from service in Europe Mesopotamia East Africa and Palestine to present a more complete picture of Indian participation in the war The book looks at the Indian support to the war for political concessions from the British government and its repercussions through the perspective of the role played by more than one million Indian soldiers and labourers It examines the social and cultural aspects of the experience of fighting on foreign soil in a deadly battle and their contributions which remain largely unrecognised From micro histories of fighting soldiers aspects of recruitment and deployment to macro histories connecting different aspects of the War the volume explores a variety of themes including the material incentives coercion and training which converted peasants into combatants encounters of travelling Indian soldiers with other societies and the contributions of returned soldiers in Indian society The book will be useful to researchers and students of history post colonial studies sociology literature and cultural studies as well as for those interested in military history World War I and colonial history
