Artists are included if they at one end of the timescale had finished their training by 1900 and were truly beginning their professional career in the twentieth century and at the other end of the timescale had established themselves professionally on the national scene by 1990. If the artist was foreign born, he or she is included if they resided in Britain and exhibited or worked here long enough for their presence to be of significance for British art. *Books in Print*, 2002.
