Rethinking Adult Career Development Laura L. Bierema, 2024-07-05 Rethinking Adult Career Development explores the challenges transitions learning and change adults experience as they navigate careers across their lifetimes It considers what happens when adults realise they have chosen the wrong career lose their jobs experience injustice and discrimination or are forced to make career shifts for which they are underprepared

The Model as Muse Harold Koda, Kohle Yohannan, 2009 Book examines the relationship between high fashion and the evolving ideals of beauty through the careers and personifications of iconic models who posed in the salons walked the runways and exploded onto the pages of Vogue Harper's Bazaar and even Life and Time High profile models enlivened the designs of the world's most celebrated couturiers and on occasion even inspired them Book jacket

This Year's Model Elizabeth Wissinger, 2015-09-18 Over the last four decades the fashion modeling industry has become a lightning rod for debates about Western beauty ideals the sexual objectification of women and consumer desire Yet fashion models still captivate embodying all that is cool glam hip and desirable They are a fixture in tabloids magazines fashion blogs and television Why exactly are models so appealing And how do these women succeed in so soundly holding our attention In This Year's Model Elizabeth Wissinger weaves together in depth interviews and research at model castings photo shoots and runway shows to offer a glimpse into the life of the model throughout the 20th and 21st centuries Once an ad hoc occupation the model life now involves a great deal of physical and virtual management of the body or what Wissinger terms glamour labor Wissinger argues that glamour labor the specialized modeling work of self styling crafting a look and building an image has been amplified by the rise of digital media as new technologies make tinkering with

the body's form and image easy. Models can now present self-fashioning, self-surveillance and self-branding as essential behaviors for anyone who is truly in the know and in fashion. Countless regular people make it their mission to achieve this ideal, not realizing that technology is key to creating the unattainable standard of beauty the model upholds and as Wissinger argues, this has been the case for decades before Photoshop even existed. Both a vividly illustrated historical survey and an incisive critique of fashion media, *This Year's Model* demonstrates the lasting cultural influence of this unique form of embodied labor.

Real-resumes for Career Changers Anne McKinney, 2000. Writing a career change resume is the most complex of resumes to write.
