Modeling How One Parent Started Her Children:

Handbook of Parenting: Being and becoming a parent Marc H. Bornstein, 2002 Despite the fact that most people become parents and everyone who has ever lived has had parents parenting remains a mystifying subject about which almost everyone has opinions but about which few people agree Striking permutations on the theme of parenting are emerging single parenthood blended families lesbian and gay parents and teen versus fifties first time moms and dads Divided into four volumes the Handbook of Parenting is concerned with different types of parents basic characteristics of parenting forces that shape parenting problems faced by parents and the practical sides of parenting Contributors have worked in different ways toward understanding all of these diverse aspects of parenting and look to the most recent research and thinking in the field to shed light on many topics every parent has wondered about Because development is too subtle dynamic and intricate to admit that parental caregiving alone determines the course and outcome of ontogeny

The Parent-Child Dance Ronald A. Kotkin, Aubrey H. Fine, 2015-06-16 A unique manual to raising a child for parents everywhere using the metaphor of dance to provide expert comforting advice Having children and raising a family should be the greatest joy in one's life but it is a role that requires tremendous responsibility and patience As parents our job is to provide a strong foundation for our children so that they can eventually grow up to become self-sufficient adults However just like everything in life all children are different some requiring more support than others and to varying degrees over time Parenting is like a dance between parent and child The more seamless the movements the more graceful the interaction When a parent takes the lead or decides to share over time with practice the dance can be smooth and effortless Nevertheless when the child is unintentionally allowed to take the lead the parent-child dance may appear more rocky and unstable This often occurs when the parent is unclear and at odds with their role The ensuing battle for the lead may cause disharmony in the relationship and the dance Parenting is a lifelong commitment that takes patience thoughtfulness and skill The Parent-Child Dance is designed to explain the concept of the dance and act as a catalyst for encouraging parents to begin their journey in making positive changes in their child's life Parents will recognize the scenarios and gain insight through humorous examples and step-by-step strategies to avoid disharmony

Models and Mirrors Don Handelmann,1998 Ritual is one of the most discussed cultural practices yet its treatment in anthropological terms has been seriously limited characterized by a host of narrow conceptual distinctions One major reason for this situation has been the prevalence of positivist anthropologies that have viewed and summarized ritual occasions first and foremost in terms of their declared and assumed functions By contrast this book which has become a classic investigates them as epistemological phenomena in their own right Comparing public events a domain which includes ritual and related occasions the author argues that any public event must first be comprehended through the logic of its design It is the logic of organization of an occasion which establishes in large measure what that occasion is able to do in relation to the world within which it is created and practiced

What Kind of America R. Eugene Spitzer,2012-08-15 This is an excellent book for people who are tired and fed up with what they see happening to their country Whether its failing schools a failing federal government a failing economy huge debt and massive unemployment youll want to read this book Hollywood is a cesspool likened to Sodom and Gomorrah RAP music offends almost everyone and is full of degrading lyrics the whole alternative energy push by this President is a scam man made global warming is another big scam and Al Gore is making tens of millions of dollars from it Whats all this stuff about diversity being good for America Show me You want alternative energy to replace oil Itll be here in about 25 years get over it Our federal government is broken out of control and arrogant and unable to effectively govern We should toss them all out
