A New Introduction to American Studies Howard Temperley, Christopher Bigsby, 2014-07-21 A New Introduction to American Studies provides a coherent portrait of American history literature politics culture and society and also deals with some of the central themes and preoccupations of American life It will provoke students into thinking about what it actually means to study a culture Ideals such as the commitment to liberty equality and material progress are fully examined and new light is shed on the sometimes contradictory ways in which these ideals have informed the nation s history and culture For introductory undergraduate courses in American Studies American History and American Literature

Flannery O'Connor R. Neil Scott, 2002 [Cross-cultural Visions in African American Modernism](#) Yoshinobu Hakutani, 2006 Yoshinobu Hakutani traces the development of African American modernism which initially gathered momentum with Richard Wright s literary manifesto Blueprint for Negro Writing in 1937 Hakutani dissects and discusses the cross cultural influences on the then burgeoning discipline in three stages American dialogues European and African cultural visions and Asian and African American cross cultural visions In writing Black Boy the centerpiece of the Chicago Renaissance Wright was inspired by Theodore Dreiser Because the European and African cultural visions that Wright Ralph Ellison Alice Walker and Toni Morrison acquired were buttressed by the universal humanism that is common to all cultures this ideology is shown to transcend the problems of society Fascinated by Eastern thought and art Wright Walker Sonia Sanchez and James Emanuel wrote highly accomplished poetry and prose Like Ezra Pound Wright was drawn to classic haiku as reflected in the 4 000 haiku he wrote at the end of his life As W B Yeats s symbolism was influenced by his cross cultural visions of noh theatre and Irish folklore so is James Emanuel s jazz haiku energized by his cross cultural rhythms of Japanese poetry and African American music The book demonstrates some of the most visible cultural exchanges in modern and postmodern African American literature Such a study can be extended to other contemporary African American writers whose works also thrive on their cross cultural visions such as Amiri Baraka Ishmael Reed Charles Johnson and haiku poet Lenard Moore

WLA , 2006 **Postwar American Fiction and the Rise of Modern Conservatism** Bryan M. Santin, 2021-03-11 Bryan M Santin examines over a half century of intersection between American fiction and postwar

conservatism He traces the shifting racial politics of movement conservatism to argue that contemporary perceptions of literary form and aesthetic value are intrinsically connected to the rise of the American Right Instead of casting postwar conservatives as cynical hustlers or ideological fanatics Santin shows how the long term rhetorical shift in conservative notions of literary value and prestige reveal an aesthetic antinomy between high culture and low culture This shift he argues registered and mediated the deeper foundational antinomy structuring postwar conservatism itself the stable social order of traditionalism and the creative destruction of free market capitalism Postwar conservatives produced in effect an ambivalent double register in the discourse of conservative literary taste that sought to celebrate neo aristocratic manifestations of cultural capital while condemning newer more progressive manifestations revolving around racial and ethnic diversity

Hawkins-Dady,2012-12-06 *Reader s Guide Literature in English* provides expert guidance to and critical analysis of the vast number of books available within the subject of English literature from Anglo Saxon times to the current American British and Commonwealth scene It is designed to help students teachers and librarians choose the most appropriate books for research and study *Performing the Everyday in Henry James's Late Novels* Maya Higashi Wakana,2016-05-13 Focusing on James s last three completed novels *The Ambassadors* *The Wings of the Dove* and *The Golden Bowl* Maya Higashi Wakana

shows how a microsociological approach to James's novels radically revises the widespread tradition of putting James's characters into historical and cultural contexts. Wakana begins with the premise that day to day living is inherently theatrical and thus duplicitous and goes on to show that James's art relies significantly on his powerful sense of the agonizing and even dangerous complications of mundane face to face rituals that pervade his work. Centrally informed by social thinkers such as G. H. Mead and Erving Goffman, Wakana's study discloses the richness, complexity and singularity of the interpersonal connections depicted in James's late novels. Persuasively argued and rich in original close readings, her book makes an important contribution to James's studies and to theories of social interaction.

Art in Contemporary Anglo-American Fiction Sofie Behluli, 2025-05-30 This book addresses the recent surge of Anglo-American novels about visual art since the 2010s and interprets it as a coming of age of an old literary sub-genre which is here termed as the ekphrastic novel. These novels are distinguished by their systematic use of ekphrasis which creatively and critically negotiates the intertwined aesthetics of literature and visual art. By addressing the challenge of representing visual images such as photographs, paintings and art installations with words, these novels reveal a greater interest in exploring how and why we engage with art rather than merely depicting the art itself. In this way, ekphrastic novels present themselves as powerful practitioners and critics of contemporary image making. The book focuses on four aspects emerging from ekphrastic passages: value, form, affect and scale, to explore critical questions posed by contemporary ekphrastic novels: Who has the power to assign value today and at what cost? Which social, political, historical, cultural and ethical dimensions are obscured by certain forms and how can ekphrasis re-introduce these aspects into public discourse? What affects do images and artworks elicit and how do they reinforce or challenge existing value systems? How can narrative scale uncover potential injustices in the interplay between life and art? Moreover, what insights do ekphrastic novels offer into contemporary reading habits and strategies? By tracing a literary tradition from nineteenth century to contemporary fiction and offering detailed close readings of several critically acclaimed and widely read contemporary novels, this book delves into the theoretical and practical intersections of ekphrasis and the novel.

Contemporary American Fiction in the Embrace of the Digital Age Beatrice Pire, Arnaud Regnauld, Pierre-Louis Patoine, 2021-12-31 This collection aims to examine the relationship between American fiction and innovations that marked the first decades of the 21st century: the Internet, social media, smart objects and environments, artificial intelligence, nanotechnologies, genetic engineering and other biotechnologies, transhumanism. These technological innovations redefine the way we live in and imagine our world, interact with each other and understand the human being in his or her ever closer relationship to the
