Modern Auditing and Assurance Services 6e Philomena Leung, Paul Coram, Barry John Cooper, 2014 **Modern Auditing and Assurance Services** Philomena Leung, Paul Coram, Barry J. Cooper, 2007

On 1 May 2006 the Auditing and Assurance Standards Board AUASB introduced a series of new legally enforceable Australian Auditing Standards ASAs effective 1 July 2006. Corporate collapses over the last five years and subsequent criticisms of the audit role have necessitated a review of the existing auditing standards to ensure audit quality, return stakeholder confidence in the reputation of the audit process and reinstate to the profession the core audit qualities of reliability, transparency, trust and integrity. *Modern Auditing and Assurance Services* 3rd edition reflects the latest developments in the profession, detailing the audit procedures under the 35 legally enforceable ASAs. Further, this edition has been thoroughly revised to present a current coverage of the auditing environment, the increased focus on professional ethics and ethical competence, governance and professional independence, changes in legal liability for the audit profession, local and international regulatory developments, whilst continuing to provide a thorough analysis of contemporary audit practice as well as significant consideration of assurance services beyond the traditional audit.

NEW TO THIS EDITION

Inclusion and explanation of the requirements under the new legally enforceable Australian Auditing Standards ASAs. These standards are closely aligned with international auditing standards which are also included in the text for courses that offer an international perspective. The new Code of Ethics for Professional Accountants released by the Accounting Professional and Ethical Standards Board APESB is thoroughly discussed and integrated with auditors' legal requirements. Increased coverage of audit independence and legal liability with reference to the most recent legislative changes including the Corporate Law Economic Reform Program (Audit Reform and Corporate Disclosure) Act 2004. Full incorporation of the business risk approach to auditing as reflected in the revised standards on audit risk as well as significantly expanded consideration of the importance and requirements on auditors to consider fraud in planning the audit. Substantial revision to Professional Environment vignettes throughout the text. These chapter vignettes present relevant topical audit issues and/or events that contextualise the audit processes presented in the chapter within the business world. A clear but in-depth approach to learning the latest development in auditing and assurance with a sharpened focus in chapter 1 and a streamlined chapter 16 on the role of audit in enterprise governance integrated into Part 5 as the final chapter.
