God in the Gallery (Cultural Exegesis) Daniel A. Brown, 2021-01-22 Explore the rich history and influence of Christian art from Antiquity to the present day Michelle Brown traces the rich history of Christian art crossing boundaries to explore how art has reflected and stimulated a response to the teachings of Christ and to Christian thought and experience across the ages Embracing much of the history of art in the West and parts of the Middle East Africa Asia the Americas and Australasia Michelle considers art of the earliest Christians to the modern day Featuring articles by invited contributors on subjects including Icons Renaissance Florence Rubens and the Counter Reformation Religious Folk Art Jewish Artists Christian Themes Making the St John's Bible and Christianity and Contemporary Art in North America *Christian Art* is an ideal survey of the subject for all those interested in the world's artistic heritage Comprehensive and authoritative text from the Early Christian period to the modern day Wide international coverage Feature articles on special subjects by a team of experts from around the world **The Image of Christ in Modern Art** Richard Harries, 2016-03-03 *The Image of Christ in Modern Art* explores the challenges presented by the radical and rapid changes of artistic style in the 20th century to artists who wished to relate to traditional Christian imagery In the 1930s David Jones said that he and his contemporaries were acutely conscious of the break by which he meant the fragmentation and loss of a once widely shared Christian narrative and set of images In this highly illustrated book Richard Harries looks at some of the artists associated with the birth of modernism such as Epstein and Rouault as well as those with a highly distinctive understanding of religion such as Chagall and Stanley Spencer He discusses the revival of confidence associated with the rebuilding of Coventry Cathedral after World War II and the commissioning of work by artists like Henry Moore Graham Sutherland and John Piper before looking at the very testing last quarter of the 20th century He shows how here and even more in our own time fresh and important visual

interpretations of Christ have been created both by well known and less well known artists In conclusion he suggests that the modern movement in art has turned out to be a friend not a foe of Christian art Through a wide and beautiful range of images and insightful text Harries explores the continuing challenge present from the beginning of Christian art as to how that which is visual can in some way indicate the transcendent *The Symbolist Roots of Modern Art* Michelle Facos, 2017-07-05

With the words A new manifestation of art was expected necessary inevitable Jean Mor announced the advent of the Symbolist movement in 1886 When Symbolist artists began experimenting in order to invent new visual languages appropriate for representing modern life in all its complexity they set the stage for innovation in twentieth century art Rejecting what they perceived as the superficial descriptive quality of Impressionism Naturalism and Realism Symbolist artists delved beneath the surface to express feelings ideas scientific processes and universal truths By privileging intangible concepts over perceived realities and by asserting their creative autonomy Symbolist artists broke with the past and paved the way for the heterogeneity and penchant for risk taking that characterizes modern art The essays collected here which consider artists from France to Russia and Finland to Greece argue persuasively that Symbolist approaches to content form and subject helped to shape twentieth century Modernism Well known figures such as Kandinsky Khnopff Matisse and Munch are considered alongside lesser known artists such as Fini Gyzis Koen and Vrubel in order to demonstrate that Symbolist art did not constitute an isolated moment of wild experimentation but rather an inspirational point of departure for twentieth century developments

Religion and Art in the Heart of Modern Manhattan Aaron Rosen, 2017-07-28 When you re in New York the sculptor Louise Nevelson once said you re in perpetual resurrection She might have said the same thing about St Peter s Lutheran Church set in the heart of midtown Manhattan In the 1970s the church made a radical move scrapping its neo gothic building for a sleek modern structure in the shadow of a skyscraper The transformation was not just architectural Inside Nevelson created a shimmering chapel while over the years artists and designers such as Willem de Kooning Kiki Smith and Massimo and Lella Vignelli produced works for the sanctuary This fusion of modern art architecture and design was complemented by an innovative jazz ministry including funerals for Billy Strayhorn and John Coltrane and performances by Duke Ellington and other jazz legends For the first time this volume examines the astounding cultural output of this single church Just as importantly the story of St Peter s serves as a springboard for wider reflections on the challenges and possibilities which arise when religion and art intersect in the modern city Working from a wide range of disciplines including art history theology musicology and cultural studies a distinguished group of scholars demonstrate that this church at the center of New York City deserves an equally central place in contemporary scholarship

architecture and church decoration within the Reformed tradition provide further arguments for the use of these works of art In the final section he looks at specific histories and landscapes from the Dutch Golden Age and considers how the form and content of both of these types of art provide us with further ontological and epistemological arguments which inevitably lead to the conclusion that their continued exclusion from Reformed churches is no longer tenable **The Routledge**
