Choreographing Empathy Susan Foster, 2010-11-08 This is an urgently needed book as the question of choreographing behavior enters into realms outside of the aesthetic domains of theatrical dance Susan Foster writes a thoroughly compelling argument Andr Lepecki New York University May well prove to be one of Susan Foster s most important works Ramsay Burt De Montford University UK What do we feel when we watch dancing Do we dance along inwardly Do we sense what the dancer s body is feeling Do we imagine what it might feel like to perform those same moves If we do how do these responses influence how we experience dancing and how we derive significance from it *Choreographing Empathy* challenges the idea of a direct psychophysical connection between the body of a dancer and that of their observer In this groundbreaking investigation Susan Foster argues that the connection is in fact highly mediated and influenced by ever changing sociocultural mores Foster examines the relationships between three central components in the experience of watching a dance the choreography the kinesthetic sensations it puts

forward and the empathetic connection that it proposes to viewers Tracing the changing definitions of choreography kinesthesia and empathy from the 1700s to the present day she shows how the observation study and discussion of dance have changed over time Understanding this development is key to understanding corporeality and its involvement in the body politic
