Garratt, 1989 Modernism and Ireland Patricia Coughlan, 1995 An incisively argued collection of essays which sets out to look afresh at the landscape of Irish poetry in the 1930s **Tradition and Influence in Anglo-Irish Poetry** Terence Brown, Nicholas Grene, 1989-06-18 A collection of essays presenting an insider view of the Irish poetic tradition It brings together some of the best known poets and critics writing in Ireland today exploring the multiple traditions and influences within Anglo Irish poetry from the 19th century to the present **Modern Irish Poetry: A New Alhambra** Frank Sewell, 2001-01-25 Recently chapters on individual Irish language authors have formed part of publications regarding modern Irish art and culture in general Such chapters are welcome but they have excited the curiosity of readers to the degree that longer more detailed works are now required to put writing in Irish into perspective In this study of four modern poets two each from two generations Sewell attempts to illustrate not only the accumulative but the transformative nature of tradition Chapters 1 and 2 turn from the mid 20th century master Se n Riord in to the contemporary poet Cathal Searcaigh because the comparison and contrast highlights significant aspects of the amazing development of Irish poetry and indeed society in the period Here importantly the word development is meant in a neutral way the image used is that of a zig zag movement in the pattern of the continuing Irish tradition Chapter 3 returns to the slightly earlier major Irish language poet M irt n Dire in In doing so it returns home from the internationalism of the previous chapter on Searcaigh to Ireland a major focus and concern for the more solely traditionalist Dire in This switch back in time geography social mores or outlook fits and illustrates Sewell s concept of the zig zag movement of a country s culture as it proceeds from generation to generation The positioning therefore has a thematic purpose The fourth and final chapter focuses on the contemporary poet Nuala N Dhomhnaill who has managed to synthesise tradition and modernity central concerns of this book and who in doing so has become the current trail blazer of Irish poetry in either language **The Oxford Handbook of Modern Irish Poetry** Fran Brearton, Alan Gillis, 2012-10-25 The Oxford Handbook of Modern Irish Poetry consists of 40 essays by leading scholars and new researchers in the field Beginning with W B Yeats the figure who towers over the century s poetry it includes chapters on the major poets to have emerged in Ireland over the last 100 years *Contemporary Irish Poetry, New and Revised Editon* Anthony Bradley, 1988-11-15 The poems featured in this anthology are quintessentially human documents informed by humor compassion and a joyful and visionary element an impulse to praise what is really life and to protect it from the naysayers as well as by a salutary realism and irony This revised edition features the work of Tom Paulin Medbh McGuckian Paul Durcan Aidan Carl Mathews Anne Hartigan Nuala n Dhomhnaill and others who were not included in the first edition Moreover the selections from those poets featured in the first edition have in many cases been

aims Challenging the assumption that women wrote little poetry of note during this period this rich and original collection reveals the range of their achievement and the lasting value of their work Presented alongside biographical sketches of their authors the poems span the political and the personal From nationalist ballads to modernist lyrics this book is an essential resource for students and scholars of Irish literature *Shades of Authority* Stephen James,2007-01-01 What is the relationship between poetry and power Should poetry be considered a mode of authority or an impotent medium And why is it that the modern poets most commonly regarded as authoritative are precisely those whose works wrestle with a sense of artistic inadequacy Such questions lie at the heart of *Shades of Authority* prompting fresh insights into three of the most important poets of recent decades Robert Lowell Geoffrey Hill and Seamus Heaney Through attentive close readings James shows how their responsiveness to matters of political and cultural import lends weight to the idea of poetry as authoritative utterance but also how each is exercised by a sense of the limitations and liabilities of language itself **The Poetry of Paul Muldoon** Jefferson Holdridge,2008-08-01 The Poetry of Paul Muldoon introduces the student and general reader to the critical discussion surrounding Muldoon s oeuvre as well as to his major themes It examines the poet s meditations on culture and nature human and animal speculations on the act of perception figures fragmented by the Troubles and philosophical considerations of colonisation It then discusses what rank among the most beautiful and intricate elegies of our time For Muldoon art s complicity in suffering is a political self indicting question which his best poems endeavour to answer If sometimes this Pulitzer Prize winner insists that art has a positive role to play at other times he fears that it merely feeds off the carnage This critical book shows how for Muldoon art should not merely repeat the devastation of the world although he is afraid that it does and engages in bitter moral despair that places his work among the very best any contemporary poet has written The Poetry of Paul Muldoon unearths difficult questions of form with a metaphysical significance that is suitable to our times **Decoding Paul Muldoon** □□□□,2009-03
